House Backs Big Cut In Aid

Eisenhower Assures Allies Military Pacts Bolster Them

Remarks About Neutrality Had Caused Alarm

WASHINGTON, June 7 (AP)—President Eisenhower, who reportedly alarmed some of his high advisers by remarks on the advantages of neutrality, today issued an unusual clarifying statement on the benefits of being allied with the United States.

He assured America's 42 allies that their military pacts with this country have strengthened, not weakened, them against Red aggression. At the same time the President cautioned other nations against alliances with Communist powers.

Officials said the statement, issued by the White House, was designed to clarify comments the President made at yesterday's news conference, in defense of the neutrality of some nations. Some of his military and diplomatic advisers were said to fear that these remarks would upset allied countries.

U. S. Neutral For 150 Years

The President said yesterday that for 150 years the United States had asserted a policy of neutrality. Now, he said, some nations are saying they are neutral with respect to military alliances, and "I cannot see that this is always to the disadvantage of such a country as ours."

"If a nation is truly neutral," he went on, "if it is attacked by anybody—and we are not going to attack them—public opinion of the world is outraged.

"If it has announced its military association with another great power, things could happen to it, difficulties along its borders and people would say 'Good enough for it. They asked for it.'"

Adenauer's Task Difficult

The alarm these remarks caused in administration quarters resulted in part from worry here over the difficulty Chancellor Konrad Adenauer is having in putting through his rearmament program in West Germany to fulfill German obligations under the North Atlantic Treaty Organization. Apprehension was also felt that countries like Pakistan and the Philippines, which have lined up with the United States in defense systems—unlike such neutrals as India and Indonesia—would feel that the United States policy was shifting.

Today's White House statement, specifically authorized by Eisenhower, said "The President does not believe that association for mutual security with the United States will involve any country in added danger, but on the contrary, will provide added security on the basis of mutuality and scrupulous respect for the independence of each."

New Bulganin Letter To Ike Under Study

Reportedly Makes Fresh Proposals On Disarmament

WASHINGTON, June 7 (AP)—President Eisenhower received a thick new letter from Soviet Premier Nikolai Bulganin today, reportedly making fresh proposals on disarmament.

The letter was delivered at 2 p.m. to Secretary of State Dulles by Ambassador Georgi N. Zarubin.

Zarubin declined to say anything about the nature of the message. He recalled to reporters that there had been a series of exchanges between Eisenhower and Bulganin since they met at the Geneva summit conference last July.

He said he thought the contents of the new message would be made public "very soon."

At the White House, Press Secretary James Hagerty said the document would be released by the White House, probably in the next day or so. Zarubin reportedly left the timing up to Dulles and the President.

Dulles, Ike Confer

Dulles conferred with Eisenhower at 3:30 p.m. By this time it was understood that translators had finished a first reading of the letter so that Dulles was able to give Eisenhower a general summary of what Bulganin had written about. Dulles described it to reporters as "a letter and an enclosure, altogether about 15 pages."

The exchange of letters began last Sept. 19 when Bulganin sent a long message to Eisenhower stating a series of arguments against the President's proposal for an exchange of military blueprints and aerial inspection as a first, practical step toward permanent disarmament control.

"Open Skies" Plan Debated

In subsequent letters the two debated the "open skies" proposition and also a Soviet proposal for ground inspection teams to be established at key points to prevent preparations for surprise attack.

Into this exchange Bulganin introduced last January a proposal for a 20-year U.S.-Soviet friendship treaty. Eisenhower turned it down as likely to create the illusion but not the reality of security.

The last previous letter was sent by Eisenhower to Bulganin on March 1, proposing that Russia, the United States and other nations work out a plan to freeze the atomic weapons supply at present levels in each country and divert nuclear production to peaceful purposes.

Damage To Run In Millions; One Worker Missing

NIAGARA FALLS, N.Y., June 7 (AP)—A series of giant rockfalls today tumbled two-thirds of a huge power station into the Niagara gorge half a mile below Niagara Falls. One power company employe was reported missing.

Three earth-jarring slides left most of the giant Schoellkopf Station, largest hydroelectric power facility in the Niagara Mohawk Power Corp. system, in ruins.

The company said the damage would run into the millions of dollars.

46 Flee To Safety

The missing man, not immediately identified, was one of a 47-man crew at work sandbagging a leak discovered in the wall at the base of the station only hours earlier. The others made their way to safety after they heard cracking noises in the building.

One man was assisted to the top of the 220-foot-deep gorge by firemen. He and three others were treated in a hospital but none was believed injured seriously.

A company official said the apparent cause of the spectacular collapse was seepage of water into rock crevices between the lip of the gorge and the hydraulic canal feeding into the station from above the falls. He said there apparently had been an "earth movement" in the area.

Power Knocked Out

All power was knocked out in this industrial city of 100,000 population.

The first roaring slide came just before 4:30 p.m. The others followed about five minutes apart.

Fire broke out in the wreckage, but it was extinguished quickly.

A pall of smoke and dust hung over the area for an hour.

Hundreds of tourists witnessed the spectacle, second major rock collapse into the yawning gorge in less than two years.

The slides could be seen from across the gorge in Canada and from the Rainbow Bridge, which spans the gorge between the power station and the falls.

White House Appeal Fails To Turn Tide

Motion To Restore $600 Million Voted Down By 192 To 112

WASHINGTON, June 7 (AP)—The House dealt a major jolt to President Eisenhower today by approving a big slash in his $4,900,000,000 foreign aid bill despite his plea that the cut would "seriously impair" free world security.

With large numbers of his own party revolting against his leadership on this issue, the chamber voted 192-112 against a motion to restore 600 million dollars of the $1,109,000,000 a House committee had cut from the bill.

Thus the House indirectly ratified the big cut, despite an eleventh-hour letter Eisenhower sent to the chamber today, asking for more money "to maintain the pace of our battle to win a lasting peace throughout the world."

Republicans Forsake Ike

The crucial vote was taken without a rollcall, with members passing up an aisle to be counted by tellers. Thus there is no record of the vote, but newsmen, watching from the galleries figured that a majority of Republicans voted against the President, and the bulk of his support came from Democrats.

Some supporters of the cut said there would still be ample foreign aid funds; others expressed skepticism that foreign aid has been of any value in halting communism. Rep. George S. Long (D-La), called the aid program "the greatest fraud since money became a medium of exchange."

Subject To Reconsideration

Today's action is subject to reconsideration on a possible rollcall vote before the bill is passed, but Speaker Rayburn (D-Tex) and Rep. Martin of Massachusetts, Republican leader, who led a bipartisan move to restore the 600 million, said they planned no further move. Rep. Vorys (R-Ohio), who offered the motion to put back the 600 million also announced he did not plan further action. All pointed to the decisive margin of today's vote.

House parliamentarians explained that there was no rollcall vote because the House was sitting, for the time being, as a "committee of the whole," and rollcalls could not be asked except on amendments approved in committee.

Recess Is Called

The leaders decided they could not finish with the bill today, so they called a recess until tomorrow, with any rollcall votes to be held over until Monday. After the bill passes the House, it is subject to Senate action.

Shouted down early in the debate was an attempt to give Eisenhowe. practically the full $4,900,000,000 he asked to carry his mutual security program through the 12 months beginning July 1.

A third move to cut an additional 500 million dollars from the bill was defeated 178-69 on a standing vote.

As the bill came from the Foreign Affairs Committee, it called for $3,791,000,000 in military and economic aid to strengthen friendly nations against aggressive communism.

Turkey Adopts Tough New Law Against Press

ANKARA, Turkey, June 7 (AP)—A tough new press law designed to silence critics of Premier Adnan Menderes' administration won approval in Turkey's Parliament by a 5-1 margin today. It became effective immediately.

The votes on the two sections of the measure were 297-51 and 274-48. Menderes' Democratic party holds about 450 of the single-house Parliament's 540 seats and 30 seats are vacant.

The law, proposed by the Premier himself, provides prison sentences for newsmen and suspension of newspapers judged responsible for "false news" damaging public confidence in the government.

also calls for prison sentences for foreign correspondents who send from Turkey "baseless and exaggerated news likely to shatter the prestige or influence of the government."

Turkish newspapers already were operating under a law providing heavy penalties for insulting government officials. But many have been critical of the Menderes government's economic policies, blaming them for the country's present economic difficulties.

Employment Climbs To Near Record High

WASHINGTON, June 7 (AP)—Secretary of Commerce Weeks today announced a one million-job increase in employment and a two-billion-dollar prospective rise in the rate of plant expansion, as brighteners on the "spotty" business scene.

Weeks told a news conference he still expects "softness" in the quarter starting July 1, followed by a last-quarter rise to record rates of production.

The country hasn't yet licked the business cycle, he observed, adding in a prepared statement:

"The present leveling-off of total business therefore was not unexpected. Nevertheless we never have been on a higher level than now. . . .

"The President's goal of a 500-billion-dollar economy about 1965 is considerably closer than when he first made his historic and challenging statement (in January 1955)."

Weeks reported that:

1. Employment rose from 64 million in April to 65 million in May, a record for May and "close to the all time record high set last August at 65½ million." The detailed monthly report from the Commerce and Labor Department is due tomorrow. But Weeks said it will also show that unemployment in May was about the same as April's 2,564,000, "despire layoffs in auto production."

2. Industry has reported plans for steadily increased spending on new plant and equipment through the July-September quarter. By then it will have reached a record rate of $36,700,000,000 annually, as against $32,800,000,000 in the first quarter and a scheduled rate of $34,800,000,000 in the current quarter.

Marshall Quits As Singapore's Chief Minister

SINGAPORE, June 7 (AP)—David Marshall resigned as chief minister of Singapore's Labor Front government today and Lim Yew Hock agreed to attempt to form a new Cabinet pledged to continue the fight for freedom from British colonial rule.

The 41-year-old Lim was labor minister in the Marshall government.

Marshall had headed the government since April 6, 1955. He resigned because an all-party delegation he led to London last April failed to win independence.

The stiff negotiations with British Colonial Secretary Alan Lennox-Boyd collapsed because Britain refused to give up control over security forces in this strategic island base.

Many Red Sympathizers

About 76 per cent of the island's 1¼ million people are Chinese and many of them sympathize with Red China.

When the London conference broke down May 15, Lennox-Boyd declared Britain could not ignore Singapore's importance in defense of the free world "and bearing also in mind the growing menace of Communist subversion."

Marshall assailed the breakdown as a "great victory for communism."

The 50-year-old chief minister, whose Labor Front won 10 of the 25 elected seats in the Assembly at the last election, governed by means of a working alliance with the Mayalayan Chinese Assn., and some of the seven members appointed by the British governor, Sir Robert Black.

Promise Recalled

In his letter of resignation to Black, Marshall recalled his promise to the people of Singapore to resign if he did not "achieve political freedom constitutionally and peacefully within the framework of close and friendly relations and cooperation with Britain and the Commonwealth."

Lim told newsmen he had agreed to form a new administration on the condition he is allowed to go back to London for fresh talks on a new constitution.

Unlike Marshall, who is a well-educated lawyer of Iraqi and Jewish stock, Lim comes of a poor family and had little education.

Cops Distracted By Girl In Shorts Have Red Faces

IONIA, Mich., June 7 (AP)—Two policemen, emptying parking meters today, shifted the collection bag and coins spilled into the street.

As bystanders guffawed, Police Chief Jerry Krywanski and officer Vince Marion chased down the scattered money. They had to call a third officer to direct Main Street traffic while they moved parked cars and dug nickles and pennies out of a sewer.

How'd it happen? The red faced pair admitted they'd gotten absorbed watching a pretty girl in shorts walk by.

Cain "Feels Better" After Talk With Ike

WASHINGTON, June 7 (AP) — Harry P. Cain had a long talk with President Eisenhower today about Cain's feeling that the loyalty security program has been unfair, and reported afterward he felt much better.

Cain, a member of the Subversives Activities Control Board, told reporters:

"I derived more satisfaction and felt more hopeful about the future in this extraordinary field of internal security than I ever have before in all my life put together."

He said his satisfaction came from Eisenhower's reaction to points he brought up. He said he was convinced Eisenhower will give equal consideration to the needs of security and the rights of individuals.

Cain, former Republican senator from Washington, has been making speeches saying that Eisenhower aides have been keeping the President in the dark about abuses in the government employe security system.

"Kremlin Twins" To Visit Norway, Sweden, Denmark

OSLO, Norway, June 7 (AP)—Soviet Premier Nikolai Bulganin and party chief Nikita S. Khrushchev today accepted invitations to visit Norway, Sweden and Denmark.

The date for their Scandinavian tour has not been announced. It is believed they plan to make the visit early in 1957.

The Norwegian Foreign Department said Bulganin and Khrushchev have "gladly accepted" an invitation to visit Norway.

Similar announcements followed quickly from Stockholm and Copenhagen.

American Students Invited To China

CAMBRIDGE, Mass., June 7 (AP)—The National Student Assn. weighed today an invitation from Communist China to send a 15-member American student delegation to tour that country this summer.

Peiping radio, heard at Hong Kong, said China would guarantee the visitors "a warm and friendly welcome."

Clive Gray, vice president for international affairs of NSA, said he had not seen the invitation and could not comment on it.

"I suppose the first thing, though, would be for us to decide whether we want to accept it," he added.

Peiping radio said the invitation was sent by the All-China Students Federation in response to several letters from the American organization expressing "the desire to promote cooperation with Chinese student organizations."

Stewart Again Wins Silver Spurs Award

RENO, Nev., June 7 (AP)—Lanky James Stewart today was declared the winner for the second time of Reno's annual Oscar of the Horse Operas—the Silver Spurs Award.

The award went to Stewart for his performance in "The Man From Laramie."

Cowinners are the movie's producer, William Goetz, and director, Anthony Mann.

Stewart and Mann also won the award in 1951.

Still, Whisky Seized

T.B., Md., June 7 (AP) — Federal and State investigators with Prince Georges County Police have seized a 40-gallon copper still, 11½ gallons of whisky and other distilling equipment in a raid here.

The officers arrested John Padgett of T.B. The still was found in the rear of his residence.

Helen Hayes Accepts

NEW YORK, June 7 (AP)—Helen Hayes today accepted the post of women's finance chairman of the National Citizens for Eisenhower.

Parker Won't Renew CBS Contract; Will Guest Star

NEW YORK, June 7 (AP)—Frank Parker, 53, singing star of the Arthur Godfrey shows, said today he will not renew the network contract under which he was assigned to the programs but will make guest appearances hereafter as requested.

Parker is one of the last remaining veterans of the Godfrey troupe. His contract with the Columbia Broadcasting System ends June 30, after a tenure of seven years.

The singer reportedly has received $60,000 to $65,000 a year.

His announcement followed a newspaper report that he did not wish to be tied to an arrangement under which he would appear irregularly.

However, Parker said his decision was based on desire to devote more time to other show business activities.

He said CBS expected him to continue to make guest appearances, including some with Godfrey, and he added:

"It is most gratifying to me not losing Arthur's friendship, which goes back long before I started working for him. This means a great deal to me and it'll be wonderful to be a guest on Arthur's show."

Watchmaker Flies His Little Plane To London

LONDON, June 7 (AP) — Peter Gluckman, San Francisco watchmaker who flies the Atlantic solo because "you don't get bored" that way, landed his single-engine plane here tonight.

Gluckman, 30, flew the Atlantic from New York in three hops—Greenland, Iceland and Prestwick, Scotland—for a reunion here with his parents.

"The flight was quite uneventful," he told newsmen at Croydon Airfield as he climbed out of his little yellow and brown plane, "City of San Francisco." It has a wing span of only 38 feet.

West Germany And U.S. Settle Troop Support Controversy

BONN, Germany, June 7 (AP)—Chancellor Konrad Adenauer smoothed the way for his fourth visit to the United States tonight by announcing settlement of the long dispute over German financial support for U.S. troops in Germany.

West Germany has agreed to pay "quite a nice sum" to help maintain American troops here, Adenauer told a news conference on the eve of his departure for Washington. He hopes to discuss with President Eisenhower and Secretary of State Dulles the question of a "new Western initiative" to break the East-West deadlock on unification of Germany.

Although Adenauer did not give the terms of the troops support settlement, a communique later announced that West Germany would contribute $154,700,000. Presumably this is for the year. The German Cabinet was said to have approved.

This apparently was a sharp reduction from what the United States had asked.

Britain, France and the United States together had asked for 571 million dollars during the year. The United States was reported to want about half that sum.

Germany ended its 760-million-dollar a year contribution to support of American, British and French troops in Germany on May 5, the first anniversary of German sovereignty. The Western powers insisted Germany reconsider this step in view of the fact it is not yet spending much on its own slowly growing forces for Western defense.

Adenauer said he was sure the claims of Britain and France for financial support for their troops likewise will be settled. Separate negotiations are proceeding with London and Paris.

The West German leader will spend next Tuesday and Wednesday in Washington discussing international questions, and German unification in particular. In New York he also will discuss these questions with U.N. Secretary General Dag Hammarskjold who is preparing to make a tour of Soviet bloc countries.

Airliner Damaged

PITTSBURGH, June 7 (AP) — A twin-engine airliner with 31 passengers aboard landed short of a runway at Greater Pittsburgh Airport today, tore off its left wheel and skidded to a stop on its belly, a Civil Aeronautics Authority official said.

Nine persons, one who sprained his back carrying a child from the plane, suffered minor injuries. No one was hospitalized.

The left engine burst into flames but firemen at the airport quickly extinguished them.

'Grandma,' 89, 'Shorty,' 28, Wed 10 Years Ago Today

LOUISA, Ky., June 7 (AP) — "Grandma" Sprouse, 89, and her 28-year-old husband, "Shorty," will spend most of their 10th wedding anniversary tomorrow building another log cabin in the hills of East Kentucky.

Married when he was 18 and she was 79, Delbert Sprouse and Mrs. Mattie Large Lyon Sprouse saw their home destroyed by fire May 17.

And now, slightly pessimisstic about the turn of events, Grandma is predicting the worst.

"The world shall come to a vast wilderness," she warned, adding that "it says so in the Bible."

This was one of the few anniversary interviews when the couple wasn't together. Short, black-bearded and perspiring, was hewing logs to raise a cabin where the old one burned—at remote Catt Creek, 25 miles west of here.

Grandma was a few miles away from the ruins at the home of Shorty's mother.

"Howdy, Shorty," a newsman said.

"Building a new cabin?"

"Yep."

"How long you been working on the new cabin?"

"About two days, I reckon."

"When do you expect to get it finished?"

"Couple more days," he said.

Grandma, in the meanwhile, was going into more detail on her prediction of things to come.

"Yes," she said, "The world shall become a vast wilderness. O' course, I hain't goin' to be here, but lots of young'uns will.

"Now won't that be a purty fix?" she asked.

Arrested 236th Time

BALTIMORE, June 7 (AP)—Walter S. Keys, 73, was fined $25 today on a drunkenness charge after being arrested for what police records showed was the 236th time since 1936.

Today's Chuckle

"How old are you, Jimmie?"

"I'm at the awkward age."

"What do you mean—awkward age?"

"I'm too old to cry and too young to swear."

Turkey Adopts Tough New Law Against Press

ANKARA, Turkey, June 7 (AP)—A tough new press law designed to silence critics of Premier Adnan Menderes' administration won approval in Turkey's Parliament by a 5-1 margin today. It became effective immediately.

The votes on the two sections of the measure were 297-51 and 274-48. Menderes' Democratic party holds about 450 of the single-house Parliament's 540 seats and 30 seats are vacant.

The law, proposed by the Premier himself, provides prison sentences for newsmen and suspension of newspapers judged responsible for "false news" damaging public confidence in the government.

also calls for prison sentences for foreign correspondents who send from Turkey "baseless and exaggerated news likely to shatter the prestige or influence of the government."

Turkish newspapers already were operating under a law providing heavy penalties for insulting government officials. But many have been critical of the Menderes government's economic policies, blaming them for the country's present economic difficulties.

Employment Climbs To Near Record High

WASHINGTON, June 7 (AP)—Secretary of Commerce Weeks today announced a one million-job increase in employment and a two-billion-dollar prospective rise in the rate of plant expansion, as brighteners on the "spotty" business scene.

Weeks told a news conference he still expects "softness" in the quarter starting July 1, followed by a last-quarter rise to record rates of production.

The country hasn't yet licked the business cycle, he observed, adding in a prepared statement:

"The present leveling-off of total business therefore was not unexpected. Nevertheless we never have been on a higher level than now. . . .

"The President's goal of a 500-billion-dollar economy about 1965 is considerably closer than when he first made his historic and challenging statement (in January 1955)."

Weeks reported that:

1. Employment rose from 64 million in April to 65 million in May, a record for May and "close to the all time record high set last August at 65½ million." The detailed monthly report from the Commerce and Labor Department is due tomorrow. But Weeks said it will also show that unemployment in May was about the same as April's 2,564,000, "despite layoffs in auto production."

2. Industry has reported plans for steadily increased spending on new plant and equipment through the July-September quarter. By then it will have reached a record rate of $36,700,000,000 annually, as against $32,800,000,000 in the first quarter and a scheduled rate of $34,800,000,000 in the current quarter.

Marshall Quits As Singapore's Chief Minister

SINGAPORE, June 7 (AP)—David Marshall resigned as chief minister of Singapore's Labor Front government today and Lim Yew Hock agreed to attempt to form a new Cabinet pledged to continue the fight for freedom from British colonial rule.

The 41-year-old Lim was labor minister in the Marshall government.

Marshall had headed the government since April 6, 1955. He resigned because an all-party delegation he led to London last April failed to win independence.

The stiff negotiations with British Colonial Secretary Alan Lennox-Boyd collapsed because Britain refused to give up control over security forces in this strategic island base.

Many Red Sympathizers

About 76 per cent of the island's 1¼ million people are Chinese and many of them sympathize with Red China.

When the London conference broke down May 15, Lennox-Boyd declared Britain could not ignore Singapore's importance in defense of the free world "and bearing also in mind the growing menace of Communist subversion."

Marshall assailed the breakdown as a "great victory for communism."

The 50-year-old chief minister, whose Labor Front won 10 of the 25 elected seats in the Assembly at the last election, governed by means of a working alliance with the Mayalayan Chinese Assn., and some of the seven members appointed by the British governor, Sir Robert Black.

Promise Recalled

In his letter of resignation to Black, Marshall recalled his promise to the people of Singapore to resign if he did not "achieve political freedom constitutionally and peacefully within the framework of close and friendly relations and cooperation with Britain and the Commonwealth."

Lim told newsmen he had agreed to form a new administration on the condition he is allowed to go back to London for fresh talks on a new constitution.

Unlike Marshall, who is a well-educated lawyer of Iraqi and Jewish stock, Lim comes of a poor family and had little education.

Cops Distracted By Girl In Shorts Have Red Faces

IONIA, Mich., June 7 (AP)—Two policemen, emptying parking meters today, shifted the collection bag and coins spilled into the street.

As bystanders guffawed, Police Chief Jerry Krywanski and officer Vince Marion chased down the scattered money. They had to call a third officer to direct Main Street traffic while they moved parked cars and dug nickles and pennies out of a sewer.

How'd it happen? The red faced pair admitted they'd gotten absorbed watching a pretty girl in shorts walk by.

Cain "Feels Better" After Talk With Ike

WASHINGTON, June 7 (AP)—Harry P. Cain had a long talk with President Eisenhower today about Cain's feeling that the loyalty security program has been unfair, and reported afterward he felt much better.

Cain, a member of the Subversives Activities Control Board, told reporters:

"I derived more satisfaction and felt more hopeful about the future in this extraordinary field of internal security than I ever have before in all my life put together."

He said his satisfaction came from Eisenhower's reaction to points he brought up. He said he was convinced Eisenhower will give equal consideration to the needs of security and the rights of individuals.

Cain, former Republican senator from Washington, has been making speeches saying that Eisenhower aides have been keeping the President in the dark about abuses in the government employe security system.

"Kremlin Twins" To Visit Norway, Sweden, Denmark

OSLO, Norway, June 7 (AP)—Soviet Premier Nikolai Bulganin and party chief Nikita S. Khrushchev today accepted invitations to visit Norway, Sweden and Denmark.

The date for their Scandinavian tour has not been announced. It is believed they plan to make the visit early in 1957.

The Norwegian Foreign Department said Bulganin and Khrushchev have "gladly accepted" an invitation to visit Norway.

Similar announcements followed quickly from Stockholm and Copenhagen.

American Students Invited To China

CAMBRIDGE, Mass., June 7 (AP)—The National Student Assn. weighed today an invitation from Communist China to send a 15-member American student delegation to tour that country this summer.

Peiping radio, heard at Hong Kong, said China would guarantee the visitors "a warm and friendly welcome."

Clive Gray, vice president for international affairs of NSA, said he had not seen the invitation and could not comment on it.

"I suppose the first thing, though, would be for us to decide whether we want to accept it," he added.

Peiping radio said the invitation was sent by the All-China Students Federation in response to several letters from the American organization expressing "the desire to promote cooperation with Chinese student organizations."

Helen Hayes Accepts

NEW YORK, June 7 (AP)—Helen Hayes today accepted the post of women's finance chairman of the National Citizens for Eisenhower.

Arrested 236th Time

BALTIMORE, June 7 (AP)—Walter S. Keys, 73, was fined $25 today on a drunkenness charge after being arrested for what police records showed was the 236th time since 1936.

Stewart Again Wins Silver Spurs Award

RENO, Nev., June 7 (AP)—Lanky James Stewart today was declared the winner for the second time of Reno's annual Oscar of the Horse Operas—the Silver Spurs Award.

The award went to Stewart for his performance in "The Man From Laramie."

Cowinners are the movie's producer, William Goetz, and director, Anthony Mann.

Stewart and Mann also won the award in 1951.

Still, Whisky Seized

T.B., Md., June 7 (AP) — Federal and State investigators with Prince Georges County Police have seized a 40-gallon copper still, 11½ gallons of whisky and other distilling equipment in a raid here.

The officers arrested John Padgett of T.B. The still was found in the rear of his residence.

West Germany And U.S. Settle Troop Support Controversy

BONN, Germany, June 7 (AP)—Chancellor Konrad Adenauer smoothed the way for his fourth visit to the United States tonight by announcing settlement of the long dispute over German financial support for U.S. troops in Germany.

West Germany has agreed to pay "quite a nice sum" to help maintain American troops here, Adenauer told a news conference on the eve of his departure for Washington. He hopes to discuss with President Eisenhower and Secretary of State Dulles the question of a "new Western initiative" to break the East-West deadlock on unification of Germany.

Although Adenauer did not give the terms of the troops support settlement, a communique later announced that West Germany would contribute $154,700,000. Presumably this is for the year. The German Cabinet was said to have approved.

This apparently was a sharp reduction from what the United States had asked.

Britain, France and the United States together had asked for 571 million dollars during the year. The United States was reported to want about half that sum.

Germany ended its 760-million-dollar a year contribution to support of American, British and French troops in Germany on May 5, the first anniversary of German sovereignty. The Western powers insisted Germany reconsider this step in view of the fact it is not yet spending much on its own slowly growing forces for Western defense.

Adenauer said he was sure the claims of Britain and France for financial support for their troops likewise will be settled. Separate negotiations are proceeding with London and Paris.

The West German leader will spend next Tuesday and Wednesday in Washington discussing international questions, and German unification in particular. In New York he also will discuss these questions with U.N. Secretary General Dag Hammarskjold who is preparing to make a tour of Soviet bloc countries.

Parker Won't Renew CBS Contract; Will Guest Star

NEW YORK, June 7 (AP)—Frank Parker, 53, singing star of the Arthur Godfrey shows, said today he will not renew the network contract under which he was assigned to the programs but will make guest appearances hereafter as requested.

Parker is one of the last remaining veterans of the Godfrey troupe. His contract with the Columbia Broadcasting System ends June 30, after a tenure of seven years.

The singer reportedly has received $60,000 to $65,000 a year.

His announcement followed a newspaper report that he did not wish to be tied to an arrangement under which he would appear irregularly.

However, Parker said his decision was based on desire to devote more time to other show business activities.

He said CBS expected him to continue to make guest appearances, including some with Godfrey, and he added:

"It is most gratifying to me not losing Arthur's friendship, which goes back long before I started working for him. This means a great deal to me and it'll be wonderful to be a guest on Arthur's show."

Watchmaker Flies His Little Plane To London

LONDON, June 7 (AP) — Peter Gluckman, San Francisco watchmaker who flies the Atlantic solo because "you don't get bored" that way, landed his single-engine plane here tonight.

Gluckman, 30, flew the Atlantic from New York in three hops—Greenland, Iceland and Prestwick, Scotland—for a reunion here with his parents.

"The flight was quite uneventful," he told newsmen at Croydon Airfield as he climbed out of his little yellow and brown plane, "City of San Francisco." It has a wing span of only 38 feet.

Airliner Damaged

PITTSBURGH, June 7 (AP) — A twin-engine airliner with 31 passengers aboard landed short of a runway at Greater Pittsburgh Airport today, tore off its left wheel and skidded to a stop on its belly, a Civil Aeronautics Authority official said.

Nine persons, one who sprained his back carrying a child from the plane, suffered minor injuries. No one was hospitalized.

The left engine burst into flames but firemen at the airport quickly extinguished them.

'Grandma,' 89, 'Shorty,' 28, Wed 10 Years Ago Today

LOUISA, Ky., June 7 (AP) — "Grandma" Sprouse, 89, and her 28-year-old husband, "Shorty," will spend most of their 10th wedding anniversary tomorrow building another log cabin in the hills of East Kentucky.

Married when he was 18 and she was 79, Delbert Sprouse and Mrs. Mattie Large Lyon Sprouse saw their home destroyed by fire May 17.

And now, slightly pessimisstic about the turn of events, Grandma is predicting the worst.

"The world shall come to a vast wilderness," she warned, adding that "it says so in the Bible."

This was one of the few anniversary interviews when the couple wasn't together. Short, black-bearded and perspiring, was hewing logs to raise a cabin where the old one burned—at remote Catt Creek, 25 miles west of here.

Grandma was a few miles away from the ruins at the home of Shorty's mother.

"Howdy, Shorty," a newsman said.

"Building a new cabin?"

"Yep."

"How long you been working on the new cabin?"

"About two days, I reckon."

"When do you expect to get it finished?"

"Couple more days," he said.

Grandma, in the meanwhile, was going into more detail on her prediction of things to come.

"Yes," she said, "The world shall become a vast wilderness. O' course, I hain't goin' to be here, but lots of young'uns will.

"Now won't that be a purty fix?" she asked.

"How old are you, Jimmie?"

"I'm at the awkward age."

"What do you mean—awkward age?"

"I'm too old to cry and too young to swear."

U. S. Wins, Grants Tariff Reductions In Bargaining

Result Of Talks Held At Geneva

WASHINGTON, June 7 (AP)—The The State Department announced today a large number of tariff reductions obtained and granted by the United States in bargaining with 21 other countries.

They are the product of four months of negotiations at Geneva and the department said "free world trade in general will be better off for their having taken place."

None of the tariff reductions granted by the United States apply to imports from Communist nations.

Tariff concessions granted by the United States included:

Scotch whisky, vermouth, certain chemicals, aluminum, steel bars and tubes, automobiles and parts, airplanes and parts, unsweetened chocolate, Oriental-type cigaret leaf tobacco, smoked sardines, sheet and plate glass, calculating machines, wrapping paper, carpets and rugs, fish oils, woven silk fabrics, piano accordions and synthetic rubber.

Other countries granted concessions on American goods including:

Citrus fruit and products, animal tallow and lard, beer, shrimp, oysters, plastic resins, antibiotics, insecticides, photographic film, synthetic textile fabrics, machine tools, various iron and steel products, tobacco and tobacco products, heavy machinery, refrigerating and air-conditioning equipment, office machinery, motor vehicles, airplanes, electrical equipment, canned fruits and vegetables and petroleum products.

Foreign imports on which the United States gave concessions amounted to 677 million dollars in 1954; other indirect cuts brought this total to 811 million dollars.

The United States obtained direct concessions on American exports valued at 400 million dollars in 1954; there was no estimate of indirect benefits.

In terms of trade coverage, the largest negotiations the United States carried on at Geneva were with the United Kingdom. Next came Canada, Italy, the Federal Republic of Germany and Benelux — Belgium, the Netherlands and Luxembourg.

Other participating countries were Australia, Austria, Chile, Cuba, Denmark, Dominican Republic, Finland, France, Haiti, Japan, Norway, Peru, Sweden and Turkey.

OUT OF WORK, LEAVES EGYPT—Dr. Ho Feng-Shan (left), who was Nationalist China's ambassador to Egypt, talks to his driver before leaving Cairo by train for Alexandria, where he was to board a ship bound for Formosa. Dr. Ho was thrown out of a job when Communist China was recognized by Egypt.

French Smash Algeria Rebels In Major Drive

ALGIERS, Algeria, June 7 (AP)—Two French divisions overran a big rebel stronghold in the Kabylie Mountains of north central Algeria today, regaining control of scores of villages and French settlements lost to the nationalist forces six months ago.

Six thousand troops of the 7th Mechanized Division, backed by the 27th Alpine Division, swept unopposed in "Operation Basque" through the vast mountain region 55 miles east of this capital city.

The advancing columns picked up 200 rebel suspects, but found most villages abandoned by men of military age.

The French units fanning out over the countryside reoccupied abandoned barium mines and dynamited rebel roadblocks that had sealed off the national highway through the region.

French officials said rebel bands in the area may have been tipped that a giant trap had been set for them similar to the encirclement farther east which last week netted 500 rebels killed and captured.

Far to the west, the French army claimed 39 rebels killed in a major sweep between Marnia, four miles east of the Moroccan frontier and 12 miles south of the Mediterranean coast, and Nedromah, six miles from the coast.

Dispatches said 10,000 French troops were engaged in the frontier operation.

The French have been trying for months to consolidate control of the region to block movement of arms and other aid from Morocco to the Algerian rebels.

Three Teen-Agers Steal Diesel Engine

DETROIT, June 7 (AP)—Three teen-agers who stole a Chesapeake & Ohio diesel engine Sunday and safely engineered it on a 20-mile flight were ordered today to spend three hours a week for the next five weeks observing the dangers of railroad operations at the Union Depot yards.

Then each of the three must turn in a five-page thesis on the hazards to Judge Nathan J. Kaufman in Juvenile Court July 12.

The 16-year-old "engineer," a model train enthusiast, and his two "firemen," operated the stolen switch engine more than two hours through a maze of westside tracks before returning it safely. They even added nine box cars during the trip.

"Mr. Universe" Kayoed

Musclemen Tangle In Mae West Dressing Room

WASHINGTON, June 7 (AP)—"Mr. Universe," kayoed in Mae West's dressing room last night, took the fellow muscleman who did it to court today.

Mickey Hargitay, 26, Budapest-born weightlifter who was named "Mr. Universe" in competition at London last year, charged Chuck Krauser, 33, a former wrestler, with simple assault.

Krauser pleaded self-defense and was freed in $300 bond pending a jury trial in Municipal Court June 28.

The three-punch bout occurred while Miss West was holding a news conference at the Casino Royal. Hargitay, Krauser and five other weightlifters were part of the Mae West groupe closing its night club run there this week.

Professional jealousy, "emotional entanglements" with Miss West and another buxom blonde, Broadway's Jayne Mansfield, and abusive language—all these were hinted at as causes of the fracas.

All the principals, plus witnesses, had their say at a corporation counsel hearing which preceded the formal filing of charges. The witnesses included three reporters who had been called to Miss West's dressing room for an interview.

Hargitay, limping and wearing dark glasses over a shiner, said:

"It was an unexpected attack. I had no chance to protect myself... Suddenly I was falling down."

Miss West spoke only one sentence when hearing officer Kenneth D. Wood addressed her.

"He"—she waggled a thumb at Hargitay—"was standing at the doorway and when he went like that"—she flicked her diamond - laden hand—"why then he"—she pointed at Krauser—"he hit him."

Krauser told Wood Hargitay "wanted to get to be a star."

It appeared that Hargitay and Miss West were at odds on at least two points. His successor as "Mr. Universe" is being named this weekend at Virginia Beach, Va., and, according to witnesses Miss West had asked Hargitay: "Who wants last year's models?"

Further, Miss West was said to disapprove of Hargitay's friendship with Miss Mansfield, who is seeking a divorce from her husband, Paul Mansfield. In New York, Miss Mansfield said Hargitay is "a sincere, sweet, lovable guy."

Britain Plans First H-Bomb Blast In 1957

LONDON, June 7 (AP) — Prime Minister Eden told Parliament today Britain will explode its first H-bomb in a remote area of the Pacific Ocean next year. Members of the Laborite opposition promptly expressed concern about its possible effects.

Eden told the House of Commons that a limited number of nuclear test explosions will be made high above the sea in the vicinity of Christmas Island, about 1,400 miles south of Hawaii. The United States and Britain have had a long dispute over which owns the island.

Eden said the explosions will be "in the megaton range," meaning they would have the force equivalent to a million or more tons of TNT.

Laborite members sprang to their feet to express concern about the possible effects on the human system of the radioactive fall out from the blasts.

"Was it not generally true that the higher the burst, the more widespread the fall out?" Laborite Donald Wade asked.

"We have tried to use the experience of others in the matter," Eden replied, "and these higher bursts resulted in less heavy fall out and in less danger to anybody concerned."

Jet Pilot Flies Through Tornado

NORTH PLATTE, Nebr., June 7 (AP)—What's it like to be in a jet plane at 21,000 feet during a tornado?

Capt. Robert J. Manning, flying an F86D Sabre Jet, landed at the North Platte Airport safely late yesterday after experiencing from the air a twister that destroyed the Horace Berkheimer farm near Pleasanton, Neb.

Manning, en route from Madison, Wis., to Fresno, Calif., said lightning struck the front of the plane, nipping off the nose. Severe turbulence exploded his cockpit canopy. His radar was out and he lost radio contact.

Hail pitted the leading edges of the plane and dirt from the floor of the plane swirled into the air, getting into his eyes, and forced him to fly blind for a minute or so.

The only injury suffered by Manning was reddened eyes, caused by the dust. The plane's engine, he said, operated smoothly throughout and he made a normal landing.

Robeson Loses New Round In Passport Fight

WASHINGTON, June 7 (AP)—Paul Robeson, the Negro singer, lost another round today in his court fight to regain the passport he lost in 1950.

The U. S. Circuit Court of Appeals unanimously upheld a District Court order dismissing Robeson's suit against Secretary of State Dulles.

Robeson's right to travel abroad was revoked six years ago and the State Department has refused to renew it until he does something about its demand that he submit a non-Communist affidavit.

The singer, who has been identified with Communist causes over a period of years, has said he will never sign such an affidavit. He has called the requirement "an invasion of every constitutional liberty that I have."

The Court of Appeals said Robeson had "failed to exhaust his administrative remedies," meaning he had not complied with all state department procedures.

"We think he was required to do so," the court said, adding: "He did not ask for a hearing but instead asserted the invalidity of the regulation providing for one. We cannot assume the invalidity of a hearing which has not been held or the illegality of questions which have not been asked."

In seeking renewal of his passport, Robeson said he wanted to fill singing engagements in Israel, England and possibly France and the Scandinavian countries. He also has expressed a wish to visit Russia.

Port Authority Unit Completed

ANNAPOLIS, June 7 (AP) — Gov. McKeldin today named Edward S. Corcoran of Anne Arundel County to complete the five-man commission to run Maryland's new State Port Authority.

The governor previously named four of the members, but Anne Arundel hadn't submitted its list of five nominees before McKeldin left for a trip to Europe two weeks ago.

The appointment was one of the governor's first moves on his return today.

Corcoran will serve a one-year term expiring July 1, 1957.

Corcoran, 61, is a native of Stockbridge, Mass., but has lived in Maryland for 30 years. His home is at Tydings, on Chesapeake Bay, near Annapolis.

He is a mechanical engineer and president of the Baltimore Motor Car Co.

He is immediate past president of the Anne Arundel County Trade Council and has served in a number of civic enterprises.

The four others named to handle the affairs of the port authority created in a special session of the Legislature in March were:

Robert W. Williams, Baltimore attorney, chairman; D. Luke Hopkins, Baltimore banker; R. Paul Smith, president of the Potomac Edison Co. from Hagerstown, and Avery W. Hall, former State Roads commissioner from Salisbury.

Hall was named to a five-year term, Smith for four years, Hopkins for three and Williams for two.

Tito Demonstrates His Independence

LENINGRAD, U.S.S.R., June 7 (AP) — Yugoslavia's President Tito made this city the first stop on a swing around the Soviet Union today. And he demonstrated his independence by ignoring part of the official program.

He was scheduled to show up at the Smolny Institute, Lenin's command post for the Bolshevik Revolution. Tito chose to take a nap instead, and sent Mrs. Tito in his place.

He also was supposed to visit Lenin's straw-thatched hideaway about 20 miles out of town. All along the route he was to take, huge crowds waited. At the shrine itself, all the Soviet officials accompanying Tito except Premier Nikolai Bulganin and Foreign Minister Dmitri T. Shepilov, stood waiting.

But Tito had decided to take a walk. Accompanied by Bulganin, he strolled down Nevsky Prospekt, Leningrad's main street, mingling with the crowds and chatting with anyone who came up to talk.

"Rock-Roll" Show Ban At D. C. Armory Urged

WASHINGTON, June 7 (AP) — Police Chief Robert V. Murray said today he will recommend that "rock and roll" shows be barred from the National Guard Armory.

Murray backed up Police Capt. Thomas E. Edwards, who said the hot music shows staged by private promoters at the Armory have led to fights, vandalism and disorderly conduct.

The chief planned to send a report by Edwards and his own recommendation to the District of Columbia commissioners.

"I am not concerned with the music," Murray said. "I am concerned with law and order."

Nervy Intruder Makes Self At Home

LAKELAND, Fla., June 7 (AP)—Mrs. Elta Good came home to find a stranger watching television and cooling himself by her electric fan.

When she ordered him to leave, reported police Lt. Grant Harden, he detoured by the kitchen, grabbed up an armful of cans of beer. When he finally did reach the door he asked Mrs. Good to help him find a cap he had misplaced in the house.

Harden said the man already had helped himself to four eggs and a chicken before Mrs. Good came home.

The officer said Woodrow Turner, 43, Nashville, Tenn., was arrested today on investigation of breaking and entering charges.

Chevrolet Sales Near Record Rate Of 1955

DETROIT, June 7 (AP) — Chevrolet motor division reported today its retail sales this year to June 1 numbered 690,286 cars and 132,443 trucks, almost equalling the record-setting pace of 1955.

The over-all total of 822,729 vehicles compared with 823,549 sales reported for the same five months of 1955.

The General Motors production report, issued June 1, credited Chevrolet with building 755,643 cars and 168,733 trucks in this year's January-May period. In the same 1955 period Chevrolet built 808,272 cars and 158,235 trucks.

With the industry's total sale down substantially from last year, Chevrolet's share of the low-priced vehicle market increased to 44.5 per cent, compared with 37.7 per cent during the first four months of 1955.

Soviet Union's Population Reported As 200,200,000

MOSCOW, June 7 (AP)—The population of the Soviet Union totaled 200,200,000 persons in April this year, the Soviet government said today. It was reported increasing at a rate between 3,200,000 to 3,500,000 a year.

The figures were the first official vital statistics announced by the Soviet Union since before World War II. They were part of a statistical bulletin on "The National Economy of the U.S.S.R.," which was reviewed in the Communist party newspaper Pravda.

Without giving the present rate, the bulletin said the death rate in the Soviet Union in 1955 had decreased 3.6 times since 1913 and "has been below that of the United States, Britain and France for a number of years."

It said the Soviet population is increasing at a rate between 15.9 and 17.6 per thousand. This would mean an annual increase of between 3,200,000 and 3,500,000 people.

The U.S. Census Bureau estimated the population of the United States on July 1, 1955 at 165,248,000. This was an increase of 14,115,000, or 9.3 per cent, over the 1950 census total. The U.S. death rate in 1954 was9.2 per thousand of population.

The Soviet report showed a vast move from farms to the cities since 1926. At that time, the urban population in the U.S.S.R. amounted to 26,300,000 or 17.9 per cent. This year, 87 million, or 43.4 per cent of the Russian people, lived in cities.

In the United States, 96,467,686 or 64 per cent lived in towns or cities in 1950.

The Russian statistics also pointed up a radical change in the organization of Soviet society. It said factory and office workers now make up 58.3 per cent of the population, compared to 17 per cent in 1913 and 17.6 per cent in 1928.

Of the Soviet working population, 31 per cent is now employed in industry and construction, as compared with 9 per cent in 1913. Agriculture and forestry now account for 43 per cent as against 75 per cent in 1913.

The report said 85.2 per cent of the working population is employed in material production and only 14.8 per cent in nonproductive fields such as education, health, housing and municipal and governmental services.

Without giving specific figures, the report said the Soviet Union's gross industrial output has increased more than 27 times since 1913. Heavy industry production jumped 39 times in the same period.

Top Reds Disagree Over Siberia Plans

MOSCOW, June 7 (AP)—A dispute between Communist party leader Nikita Khrushchev and Ekaterina A. Furtseva, the world's highest ranking woman Communist, over the Soviet Union's ambitious plans to develop Siberia was disclosed today.

Khrushchev himself revealed he is at odds with Mrs. Furtseva, candidate member of the Communist party's ruling Presidium and party boss of Moscow, in a report of a speech he made to the Young Communist League June 2. He authorized its publication today.

The party leader's aim is to decentralize the country while building up virgin areas which are reported to be rich in natural resources. Mrs. Furtseva, it appeared from Khrushchev's remarks, has been insisting on priority for development of Moscow, her own baliwick.

U. S. Wins, Grants Tariff Reductions In Bargaining

Result Of Talks Held At Geneva

WASHINGTON, June 7 (AP)—The The State Department announced today a large number of tariff reductions obtained and granted by the United States in bargaining with 21 other countries.

They are the product of four months of negotiations at Geneva and the department said "free world trade in general will be better off for their having taken place."

None of the tariff reductions granted by the United States apply to imports from Communist nations.

Tariff concessions granted by the United States included:

Scotch whisky, vermouth, certain chemicals, aluminum, steel bars and tubes, automobiles and parts, airplanes and parts, unsweetened chocolate, Oriental-type cigaret leaf tobacco, smoked sardines, sheet and plate glass, calculating machines, wrapping paper, carpets and rugs, fish oils, woven silk fabrics, piano accordions and synthetic rubber.

Other countries granted concessions on American goods including:

Citrus fruit and products, animal tallow and lard, beer, shrimp, oysters, plastic resins, antibiotics, insecticides, photographic film, synthetic textile fabrics, machine tools, various iron and steel products, tobacco and tobacco products, heavy machinery, refrigerating and air-conditioning equipment, office machinery, motor vehicles, airplanes, electrical equipment, canned fruits and vegetables and petroleum products.

Foreign imports on which the United States gave concessions amounted to 677 million dollars in 1954; other indirect cuts brought this total to 811 million dollars.

The United States obtained direct concessions on American exports valued at 400 million dollars in 1954; there was no estimate of indirect benefits.

In terms of trade coverage, the largest negotiations the United States carried on at Geneva were with the United Kingdom. Next came Canada, Italy, the Federal Republic of Germany and Benelux — Belgium, the Netherlands and Luxembourg.

Other participating countries were Australia, Austria, Chile, Cuba, Denmark, Dominican Republic, Finland, France, Haiti, Japan, Norway, Peru, Sweden and Turkey.

OUT OF WORK, LEAVES EGYPT—Dr. Ho Feng-Shan (left), who was Nationalist China's ambassador to Egypt, talks to his driver before leaving Cairo by train for Alexandria, where he was to board a ship bound for Formosa. Dr. Ho was thrown out of a job when Communist China was recognized by Egypt.

French Smash Algeria Rebels In Major Drive

ALGIERS, Algeria, June 7 (AP)—Two French divisions overran a big rebel stronghold in the Kabylie Mountains of north central Algeria today, regaining control of scores of villages and French settlements lost to the nationalist forces six months ago.

Six thousand troops of the 7th Mechanized Division, backed by the 27th Alpine Division, swept unopposed in "Operation Basque" through the vast mountain region 55 miles east of this capital city.

The advancing columns picked up 200 rebel suspects, but found most villages abandoned by men of military age.

The French units fanning out over the countryside reoccupied abandoned barium mines and dynamited rebel roadblocks that had sealed off the national highway through the region.

French officials said rebel bands in the area may have been tipped that a giant trap had been set for them similar to the encirclement farther east which last week netted 500 rebels killed and captured.

Far to the west, the French army claimed 39 rebels killed in a major sweep between Marnia, four miles east of the Moroccan frontier and 12 miles south of the Mediterranean coast, and Nedromah, six miles from the coast.

Dispatches said 10,000 French troops were engaged in the frontier operation.

The French have been trying for months to consolidate control of the region to block movement of arms and other aid from Morocco to the Algerian rebels.

KIDNEY TRANSPLANT SUCCESSFUL—Mrs. Edith Helm, Sand Springs, Okla., (center), smiles happily at her identical twin sister, Mrs. Wanda Foster, Chandler, Okla., as her husband Lee makes an adjustment to her hairdo on the first day up after a kidney transplant operation at the Peter Bent Brigham Hospital in Boston. Wanda donated the kidney. The first such case between women, doctors are pleased with the rapid progress which both twins have made and the outlook for Edith's full return to health is very good. Three Teen-Agers Steal Diesel Engine

DETROIT, June 7 (AP)—Three teen-agers who stole a Chesapeake & Ohio diesel engine Sunday and safely engineered it on a 20-mile flight were ordered today to spend three hours a week for the next five weeks observing the dangers of railroad operations at the Union Depot yards.

Then each of the three must turn in a five-page thesis on the hazards to Judge Nathan J. Kaufman in Juvenile Court July 12.

The 16-year-old "engineer," a model train enthusiast, and his two "firemen," operated the stolen switch engine more than two hours through a maze of westside tracks before returning it safely. They even added nine box cars during the trip.

Britain Plans First H-Bomb Blast In 1957

LONDON, June 7 (AP) — Prime Minister Eden told Parliament today Britain will explode its first H-bomb in a remote area of the Pacific Ocean next year. Members of the Laborite opposition promptly expressed concern about its possible effects.

Eden told the House of Commons that a limited number of nuclear test explosions will be made high above the sea in the vicinity of Christmas Island, about 1,400 miles south of Hawaii. The United States and Britain have had a long dispute over which owns the island.

Eden said the explosions will be "in the megaton range," meaning they would have the force equivalent to a million or more tons of TNT.

Laborite members sprang to their feet to express concern about the possible effects on the human system of the radioactive fall out from the blasts.

"Was it not generally true that the higher the burst, the more widespread the fall out?" Laborite Donald Wade asked.

"We have tried to use the experience of others in the matter," Eden replied, "and these higher bursts resulted in less heavy fall out and in less danger to anybody concerned."

Jet Pilot Flies Through Tornado

NORTH PLATTE, Nebr., June 7 (AP)—What's it like to be in a jet plane at 21,000 feet during a tornado?

Capt. Robert J. Manning, flying an F86D Sabre Jet, landed at the North Platte Airport safely late yesterday after experiencing from the air a twister that destroyed the Horace Berkheimer farm near Pleasanton, Neb.

Manning, en route from Madison, Wis., to Fresno, Calif., said lightning struck the front of the plane, nipping off the nose. Severe turbulence exploded his cockpit canopy. His radar was out and he lost radio contact.

Hail pitted the leading edges of the plane and dirt from the floor of the plane swirled into the air, getting into his eyes, and forced him to fly blind for a minute or so.

The only injury suffered by Manning was reddened eyes, caused by the dust. The plane's engine, he said, operated smoothly throughout and he made a normal landing.

Robeson Loses New Round In Passport Fight

WASHINGTON, June 7 (AP)—Paul Robeson, the Negro singer, lost another round today in his court fight to regain the passport he lost in 1950.

The U. S. Circuit Court of Appeals unanimously upheld a District Court order dismissing Robeson's suit against Secretary of State Dulles.

Robeson's right to travel abroad was revoked six years ago and the State Department has refused to renew it until he does something about its demand that he submit a non-Communist affidavit.

The singer, who has been identified with Communist causes over a period of years, has said he will never sign such an affidavit. He has called the requirement "an invasion of every constitutional liberty that I have."

The Court of Appeals said Robeson had "failed to exhaust his administrative remedies," meaning he had not complied with all state department procedures.

"We think he was required to do so," the court said, adding: "He did not ask for a hearing but instead asserted the invalidity of the regulation providing for one. We cannot assume the invalidity of a hearing which has not been held or the illegality of questions which have not been asked."

In seeking renewal of his passport, Robeson said he wanted to fill singing engagements in Israel, England and possibly France and the Scandinavian countries. He also has expressed a wish to visit Russia.

"Mr. Universe" Kayoed

Musclemen Tangle In Mae West Dressing Room

WASHINGTON, June 7 (AP)—"Mr. Universe," kayoed in Mae West's dressing room last night, took the fellow muscleman who did it to court today.

Mickey Hargitay, 26, Budapest-born weightlifter who was named "Mr. Universe" in competition at London last year, charged Chuck Krauser, 33, a former wrestler, with simple assault.

Krauser pleaded self-defense and was freed in $300 bond pending a jury trial in Municipal Court June 28.

The three-punch bout occurred while Miss West was holding a news conference at the Casino Royal. Hargitay, Krauser and five other weightlifters were part of the Mae West groupe closing its night club run there this week.

Professional jealousy, "emotional entanglements" with Miss West and another buxom blonde, Broadway's Jayne Mansfield, and abusive language—all these were hinted at as causes of the fracas.

All the principals, plus witnesses, had their say at a corporation counsel hearing which preceded the formal filing of charges. The witnesses included three reporters who had been called to Miss West's dressing room for an interview.

Hargitay, limping and wearing dark glasses over a shiner, said: "It was an unexpected attack. I had no chance to protect myself... Suddenly I was falling down."

Miss West spoke only one sentence when hearing officer Kenneth D. Wood addressed her.

"He"—she waggled a thumb at Hargitay—"was standing at the doorway and when he went like that"—she flicked her diamond-laden hand—"why then he"—she pointed at Krauser—"he hit him."

Krauser told Wood Hargitay "wanted to get to be a star."

It appeared that Hargitay and Miss West were at odds on at least two points. His successor as "Mr. Universe" is being named this weekend at Virginia Beach, Va., and, according to witnesses Miss West had asked Hargitay: "Who wants last year's models?"

Further, Miss West was said to disapprove of Hargitay's friendship with Miss Mansfield, who is seeking a divorce from her husband, Paul Mansfield. In New York, Miss Mansfield said Hargitay is "a sincere, sweet, lovable guy."

Port Authority Unit Completed

ANNAPOLIS, June 7 (AP) — Gov. McKeldin today named Edward S. Corcoran of Anne Arundel County to complete the five-man commission to run Maryland's new State Port Authority.

The governor previously named four of the members, but Anne Arundel hadn't submitted its list of five nominees before McKeldin left for a trip to Europe two weeks ago.

The appointment was one of the governor's first moves on his return today.

Corcoran will serve a one-year term expiring July 1, 1957.

Corcoran, 61, is a native of Stockbridge, Mass., but has lived in Maryland for 30 years. His home is at Tydings, on Chesapeake Bay, near Annapolis.

He is a mechanical engineer and president of the Baltimore Motor Car Co.

He is immediate past president of the Anne Arundel County Trade Council and has served in a number of civic enterprises.

The four others named to handle the affairs of the port authority created in a special session of the Legislature in March were:

Robert W. Williams, Baltimore attorney, chairman; D. Luke Hopkins, Baltimore banker; R. Paul Smith, president of the Potomac Edison Co. from Hagerstown, and Avery W. Hall, former State Roads commissioner from Salisbury.

Hall was named to a five-year term, Smith for four years, Hopkins for three and Williams for two.

Tito Demonstrates His Independence

LENINGRAD, U.S.S.R., June 7 (AP) — Yugoslavia's President Tito made this city the first stop on a swing around the Soviet Union today. And he demonstrated his independence by ignoring part of the official program.

He was scheduled to show up at the Smolny Institute, Lenin's command post for the Bolshevik Revolution. Tito chose to take a nap instead, and sent Mrs. Tito in his place.

He also was supposed to visit Lenin's straw-thatched hideaway about 20 miles out of town. All along the route he was to take, huge crowds waited. At the shrine itself, all the Soviet officials accompanying Tito except Premier Nikolai Bulganin and Foreign Minister Dmitri T. Shepilov, stood waiting.

But Tito had decided to take a walk. Accompanied by Bulganin, he strolled down Nevsky Prospekt, Leningrad's main street, mingling with the crowds and chatting with anyone who came up to talk.

"Rock-Roll" Show Ban At D. C. Armory Urged

WASHINGTON, June 7 (AP) — Police Chief Robert V. Murray said today he will recommend that "rock and roll" shows be barred from the National Guard Armory.

Murray backed up Police Capt. Thomas E. Edwards, who said the hot music shows staged by private promoters at the Armory have led to fights, vandalism and disorderly conduct.

The chief planned to send a report by Edwards and his own recommendation to the District of Columbia commissioners.

"I am not concerned with the music," Murray said. "I am concerned with law and order."

Nervy Intruder Makes Self At Home

LAKELAND, Fla., June 7 (AP)—Mrs. Elta Good came home to find a stranger watching television and cooling himself by her electric fan.

When she ordered him to leave, reported police Lt. Grant Harden, he detoured by the kitchen, grabbed up an armful of cans of beer. When he finally did reach the door he asked Mrs. Good to help him find a cap he had misplaced in the house.

Harden said the man already had helped himself to four eggs and a chicken before Mrs. Good came home.

The officer said Woodrow Turner, 43, Nashville, Tenn., was arrested today on investigation of breaking and entering charges.

Seaton To Take Oath

WASHINGTON, June 7 (AP)—Fred A. Seaton will be sworn in as secretary of the interior tomorrow morning in President Eisenhower's office, the White House said today.

Chevrolet Sales Near Record Rate Of 1955

DETROIT, June 7 (AP) — Chevrolet motor division reported today its retail sales this year to June 1 numbered 690,286 cars and 132,443 trucks, almost equalling the record-setting pace of 1955.

The over-all total of 822,729 vehicles compared with 823,549 sales reported for the same five months of 1955.

The General Motors production report, issued June 1, credited Chevrolet with building 755,643 cars and 168,733 trucks in this year's January-May period. In the same 1955 period Chevrolet built 808,272 cars and 158,235 trucks.

With the industry's total sale down substantially from last year, Chevrolet's share of the low-priced vehicle market increased to 44.5 per cent, compared with 37.7 per cent during the first four months of 1955.

Soviet Union's Population Reported As 200,200,000

MOSCOW, June 7 (AP)—The population of the Soviet Union totaled 200,200,000 persons in April this year, the Soviet government said today. It was reported increasing at a rate between 3,200,000 to 3,500,000 a year.

The figures were the first official vital statistics announced by the Soviet Union since before World War II. They were part of a statistical bulletin on "The National Economy of the U.S.S.R.," which was reviewed in the Communist party newspaper Pravda.

Without giving the present rate, the bulletin said the death rate in the Soviet Union in 1955 had decreased 3.6 times since 1913 and "has been below that of the United States, Britain and France for a number of years."

It said the Soviet population is increasing at a rate between 15.9 and 17.6 per thousand. This would mean an annual increase of between 3,200,000 and 3,500,000 people.

The U.S. Census Bureau estimated the population of the United States on July 1, 1955 at 165,248,000. This was an increase of 14,115,000, or 9.3 per cent, over the 1950 census total. The U.S. death rate in 1954 was9.2 per thousand of population.

The Soviet report showed a vast move from farms to the cities since 1926. At that time, the urban population in the U.S.S.R. amounted to 26,300,000 or 17.9 per cent. This year, 87 million, or 43.4 per cent of the Russian people, lived in cities.

In the United States, 96,467,686 or 64 per cent lived in towns or cities in 1950.

The Russian statistics also pointed up a radical change in the organization of Soviet society. It said factory and office workers now make up 58.3 per cent of the population, compared to 17 per cent in 1913 and 17.6 per cent in 1928.

Of the Soviet working population, 31 per cent is now employed in industry and construction, as compared with 9 per cent in 1913. Agriculture and forestry now account for 43 per cent as against 75 per cent in 1913.

The report said 85.2 per cent of the working population is employed in material production and only 14.8 per cent in nonproductive fields such as education, health, housing and municipal and governmental services.

Without giving specific figures, the report said the Soviet Union's gross industrial output has increased more than 27 times since 1913. Heavy industry production jumped 39 times in the same period.

Top Reds Disagree Over Siberia Plans

MOSCOW, June 7 (AP)—A dispute between Communist party leader Nikita Khrushchev and Ekaterina A. Furtseva, the world's highest ranking woman Communist, over the Soviet Union's ambitious plans to develop Siberia was disclosed today.

Khrushchev himself revealed he is at odds with Mrs. Furtseva, candidate member of the Communist party's ruling Presidium and party boss of Moscow, in a report of a speech he made to the Young Communist League June 2. He authorized its publication today.

The party leader's aim is to decentralize the country while building up virgin areas which are reported to be rich in natural resources. Mrs. Furtseva, it appeared from Khrushchev's remarks, has been insisting on priority for development of Moscow, her own baliwick.

Adventists Open 10-Day Session At Catonsville

CATONSVILLE, Md., June 7 (AP)—Maryland and Delaware Seventh Day Adventists tonight opened their annual 10-day convention and bible conference at the church's assembly grounds here.

Clarence V. Anderson, Baltimore, president of the church's Chesapeake Conference, keynoted the occasion with a warning against "apathy" in the Christian church, despite a resurgence of interest in religion.

"Religion to many people today consists only of works and not of faith. The church today needs to expand their spiritual horizons and look forward to the second coming of Christ in the world, which is our only hope for survivial," he said.

"Soft living, modern conveniences, high speed travel and other modern trends will soon be abruptly broken off when Jesus Christ returns to this earth a second time in the near future," Anderson said.

Delegates from Maryland, Delaware and parts of Virginia and West Virginia were here for the opening of the convention. They are residing in tents erected at the six-acre assembly ground.

Tomorrow morning, C. L. Wilbur, of Hagerstown, will address a devotional session.

Other speakers will be Edward Hellenstall, Washington, professor at the church's theological seminary; A. H. Rulkoetter, associate secretary of the International Religious Liberty Assn., and Robert A. Tyson, Baltimore, secretary of the youth division of the Chesapeake Conference of Adventists.

On Saturday, there will be an ordination ceremony for three young pastors. They are Ralph H. Libby, Cambridge; Harold Schaefer, Salisbury, and Kenneth Livesay, Wilmington, Del.

Victor T. Armstrong, Washington, general field secretary of the General Conference of Adventists, will give the ordination address.

Many Vehicles Of Faith Joining Traffic Stream

By GEORGE W. CORNELL
AP Religion Writer

Religion goes roving—especially in summertime.

Along with the buses, trains and automobiles, the church today runs on wheels, too. It takes that to keep up with the people.

By many means, in this season of vacations and age of locomotion, vehicles of faith are getting into the traffic stream. Here's a quick look-around at the moving scenery:

ON LAND—

Church-teaching teams headed to vacation spots. New-painted signs with Gospel messages, were going up on highways. There are roadside chapels, "drive-in" churches and "waiting room" religious hints.

ON SEA—

A transocean relay of clergymen was being lined up by the National Council of Churches to serve as chaplains and conduct worship on crossings by major passenger ships during the tourist season.

BY AIR—

A new "Our Lady of the Skies" chapel, built by Roman Catholics, began regular services this spring at New York International Airport. LaGuardia field and Boston's International Airport also have chapels.

In numerous other ways, Protestant, Jewish and Roman Catholic bodies acted to keep spiritual company with touring Americans.

At more than 100,000 church vacation schools and camps, teachers were being recruited to direct recreation and religious training for about seven million youngsters this summer.

Most of these camps are sponsored by local or regional church groups. There also were outdoor inspirational retreats for adults.

At 23 national parks, 110 religious leaders—mostly ministerial students—were assigned by the National Council to lead worship at far-flung camps and lodges for an expected 200,000 tourists.

At bus depots, train stations and airline terminals around the country, the Travelers Spiritual Aid Foundation, of Chicago, distributed new posters and religious reading material for its "waiting room pulpits."

In many places where travelers eat and sleep, there'll be spiritual reminders, in addition to the usual hotel-room bible provided by the Gideons. For example:

In the rooms of newlyweds honeymooning at Strickland's Mountain Inn at Mt.Pocono, Pa., the custom is to place a folder of meditations and prayers under this maxim: "The couple that prays together stays together."

At the Southern Hotel, in Covington, La., a management practice is to donate 10 per cent of dinner checks to the church named by the diner.

Services at drive-in theaters, where families can bring infants to church and get the sermon by speakers in their cars, have become summer fixtures. Among the oldest of these programs is at Neponset, Mass.

With all the present-day accent on mobility, a youth group at the First Presbyterian Church, Franklinville, N.Y., did a study project on "The Christian and his car" and drew up a "creed for drivers."

". . . We have a Christian obligations to avoid judging other persons by the kinds or sizes of the cars they drive.

". . . We have a Christian duty always to keep control of our own impulses and of the great power of modern automobiles.

". . . We should consider other drivers as members of our own human family and drive accordingly, with courtesy, consideration and sincere remembrances of the Commandment, 'Thou shalt not kill'."

Church Merger Plan Is Hailed

FREDERICK, June 7 (AP) — The Rev. J. E. Lentz, of Collegeville, Pa., today declared the coming merger of the Evangelical and Reformed Church with the Congregational Church is "the greatest thing to happen in the Protestant Church since the Reformation."

The Rev. Lentz is the denominational representative of the church's general council. He spoke to the Potomac Synod of the Evangelican and Reformed Church which began its meeting here last night and concludes tomorrow.

Discussing plans for next year's merger, the speaker called attention to growth of the Synod in membership since in 1934 merger of the Reformed Church with the Evangelical Synod.

Staff conferences of officials of both churches are being held to lay plans for coming activities, he said.

Agreements are being made on programs of activities embracing missionary, educational, evangelical and promotional work, he added.

The meditation today was led by the Rev. Paul E. Strauch, of Takoma Park, Md., and the worship by the Rev. Lawrence N. Strunk, of Hagerstown, Md.

Negro Receives Death Sentence

BALTIMORE, June 7 (AP) — Kelly Briley, 34, was sentenced today to hang for the fatal shooting last Jan. 21 of another Negro, Jessie Mills.

Briley's lawyers said the verdict would be appealed.

Mills was shot after an argument at a church dance.

There was testimony a preliminary quarrel between Briley and several other men arose from his "dancing with Gussie," wife of one of the men.

The state contended Briley was pushed into a window at the hall and went home to get a pistol. Mills was shot at close range as he left the hall.

Judge Joseph L. Carter ordered the death sentence, turning down pleas for life imprisonment. Told that clemency had been granted by State executives in lesser cases, the judge replied:

"The Governor has his duties and obligations just as I have mine."

A jury convicted Briley of first degree murder. He also was accused of shooting at a policeman as he fled the scene.

Briley was sentenced to hang since only capital crimes which occur after June 1 of this year are subject to punishment through use of Maryland's new gas chamber.

Funds For Yugoslavia

BELGRADE, Yugoslavia, June 7 (AP)—The U.S. government today released to Yugoslavia $11,100,000 from counterpart funds for the completing of slaughter and refrigeration houses now under construction.

Counterpart funds accumulated from the sale of American goods shipped to Yugoslavia under various U.S. aid programs.

Elaine Mae Golding Tuthill was the first woman to swim the Panama canal. She accomplished the feat in 1913.

Rainier And Grace Return To Palace

MONTE CARLO, Monaco, June 7 (AP) — Prince Rainier III and Princess Grace disembarked from their honeymoon yacht today and sped off to their palace, little noticed by the subjects of this tiny principality.

The dock was virtually bare.

Their green limousine whizzed to the palace past a thin line of cheering Monacans. They slipped into their private apartment without giving a hint in support of rumors that an heir may be on the way. They were married here April 18-19.

The Windward islands in the British West Indies archipelago were so named because they lie full in the path of the cooling northeast trade winds.

AN OPEN LETTER
TO CUSTOMERS OF FIRST NATIONAL BANK
AND TO THE GENERAL BANKING PUBLIC

All of us are aware that today's costs of doing business are slowly but steadily rising. It costs more to operate a home and a business. What once were considered incidental expenses no longer are incidental.

First National Bank recognizes this upward trend and in its small way is trying to help you keep costs down. We are continuing the same schedule of service charges that have been in effect for a number of years. And, at the same time we are offering you more and better services.

As an independent bank it is possible for us to maintain our service charges without raising them regardless of what action others may feel necessary.

We hope that this service will be helpful to you and that you will continue to find First National FIRST in service! First National is still an independent bank and not a member of the Cumberland Clearing House.

Many Vehicles Of Faith Joining Traffic Stream

By GEORGE W. CORNELL
AP Religion Writer

Religion goes roving—especially in summertime.

Along with the buses, trains and automobiles, the church today runs on wheels, too. It takes that to keep up with the people.

By many means, in this season of vacations and age of locomotion, vehicles of faith are getting into the traffic stream. Here's a quick look-around at the moving scenery:

ON LAND—

Church-teaching teams headed to vacation spots. New-painted signs with Gospel messages, were going up on highways. There are roadside chapels, "drive-in" churches and "waiting room" religious hints.

ON SEA—

A transocean relay of clergymen was being lined up by the National Council of Churches to serve as chaplains and conduct worship on crossings by major passenger ships during the tourist season.

BY AIR—

A new "Our Lady of the Skies" chapel, built by Roman Catholics, began regular services this spring at New York International Airport. LaGuardia field and Boston's International Airport also have chapels.

In numerous other ways, Protestant, Jewish and Roman Catholic bodies acted to keep spiritual company with touring Americans.

At more than 100,000 church vacation schools and camps, teachers were being recruited to direct recreation and religious training for about seven million youngsters this summer.

Most of these camps are sponsored by local or regional church groups. There also were outdoor inspirational retreats for adults.

At 23 national parks, 110 religious leaders—mostly ministerial students—were assigned by the National Council to lead worship at far-flung camps and lodges for an expected 200,000 tourists.

At bus depots, train stations and airline terminals around the country, the Travelers Spiritual Aid Foundation, of Chicago, distributed new posters and religious reading material for its "waiting room pulpits."

In many places where travelers eat and sleep, there'll be spiritual reminders, in addition to the usual hotel-room bible provided by the Gideons. For example:

In the rooms of newlyweds honeymooning at Strickland's Mountain Inn at Mt.Pocono, Pa., the custom is to place a folder of meditations and prayers under this maxim: "The couple that prays together stays together."

At the Southern Hotel, in Covington, La., a management practice is to donate 10 per cent of dinner checks to the church named by the diner.

On The Line

by Bob Considine

NEW YORK, June 7 (INS)—When the Trumans were in Rome they took their first meals in their hotel. Frank Conniff of the N. Y. Journal American, traveling with them, felt they were missing a lot by not going to one of the great restaurants for which the Eternal City is gastronomically revered.

"Tonight," Frank said to the famed travelers, "why don't you let me take you to dinner at the Palazzi.'

Stanley Woodward, the State Department protocol man, turned ashen.

"Out of the question," he said. "What would people think if the former president of the United States, and the former first lady, dined in a place Mussolini built for his mistress?"

Frank subsided. The look of anticipation left Mr. Truman's eyes. The prospect of another hotel meal loomed. But Bess's homespun logic prevailed.

"She won't be there," Bess said firmly. And off they trooped to the delightful place.

It happened in the graduation day play at a select school for young ladies. The drama had to do with the horrors of a transcontinental trip in the days when Indian ambushes were the rule.

The young ladies of the cast dressed in the rough gear of frontiersmen. After many chilling adventures, the plainsman in charge brought his human freight to Oregon and there—in from the wings—strode "Gen. John Charles Fremont."

The mustached plainsman saluted the bearded "Fremont," announced that the rugged mission was completed, and then, driven by some compulsion too strong to resist, curtsied.

The "father of the year" is Joseph N. Welch, the Pickwickian New England lawyer who became a TV celebrity during the McCarthy-Army hearings. In responding to the election Mr. Welch spoke first of fatherhood and made a gracious acknowledgement to an accomplice.

"This is an honor which belongs in the truest sense, not to the man alone, but to his family and, in particular, to his wife, without whose cooperation the status of fatherhood could not by any possibility be achieved."

He rushed past his fame in these words:

"So far as I have a public reputation, though it is quite a tiny one, that reputation was created not by me but by electronic engineers, who with their magic made it possible for so many people to glance at my face or listen for a moment to my voice, that it was inevitable that at least a few out of so many would think that some of the things I have been heard to say have in them some little residue of wisdom or validity, or even importance.

". . . If it were in my power to bestow on the youth of the land one single quality, I would not choose, I think, wit or wisdom or even that great boon, education. If I could choose but one, I would choose integrity. If one day my children and grandchildren say to each other, 'He taught us to value integrity,' I shall be content.

"If your children are to have integrity, they must first find it in the home and in you. If they live in an atmosphere of complete integrity they will accept it as an attitude and never waver thereafter. And having integrity, they will themselves find freedom, and having found it, gladly grant it to all others."

Bob Hope was playing the Royal and Ancient course at St. Andrews. His wisecracks had failed to make the faintest impression on his old Scot caddy. Finally, after a tee shot on a very long par five, he paused before his second shot and asked, comically, "Is this a brassie shot?"

The old sack toter surveyed him glacially and answered, "For four hundred years."

Young Members Of Church To Hold Service

The young members of LaVale Methodist Church will serve as teachers and officers at the 11 a. m. service Sunday in the church's Sunday School.

The service will be led by Kent Smith with a youth choir furnishing the music.

A feature of the service will be the building of the Methodist Youth Fellowship emblem by Verna Jean Fike, Theodore Femi, Jay Luckiewicz, Marjorie Swauger, William Norris and William Jewell.

The responsive Scripture will be led by Charles Paul, and the morning lesson read by Louis Shinnamon. The morning prayer will be given by Carol Vose.

Robert Goodfellow, Eleanor Weber, Dorothy Vose and Kent Smith will deliver sermons. The ushers will be Daniel Baker, William Wanless, Ronald Gilchrist and David Fulk. Lynn Dehart and Selden Harris will be greeters.

Teachers in the Sunday School will include Carol Vose, Mary Goodfellow, Faye Carder and John Vose. Secretary will be David Stone, and the worship of the Youth Division will be presented by Marlene Murphy, Stephen Mace, Joyce Mace, Harry Martz and Judy Murphy.

Chairmen Are Appointed For LaVale Civic Group

The new chairman of the LaVale Civic Improvement Association has completed his organization of personnel for this year's projects.

Walter N. Hedrick presided at his first meeting as chairman of the suburban group Monday in the LaVale Fire Hall.

The chairman of budget and finance will be the immediate past chairman, J. Kenneth Morgan. Other chairmen are:

Legislation, John M. Robb; streets and roads, Lloyd Buchanan; recreation and playgrounds, Maurice Milberg; sanitation, William D. Claus; public relations, Gilbert Bohn; street lighting George Dressman, and zoning, Harry Kauffman and Bohn, co-chairmen.

The association will start in the near future distribution of the first in a series of quarterly bulletins outlining the group's objectives and also reporting progress on the various projects.

The board of directors formulated this policy for the association: "The objective of the association is to promote and advance civic improvements and developments in all sections of the unincorporated community of LaVale, and to oppose any intent by any person or group of persons to incorporate the community of LaVale as a municipal corporation, and to oppose absorption of LaVale or any section of it into existing municipal corporations."

The association also commended Buchanan and William Durland who are heading the campaign to get funds for street signs for the community.

Buchanan and Durland reported they were making excellent progress towards their goal of $2,000.

LaVale is getting a new post office because the volume of mail makes inadequate the present building adjacent to Dressman Brother's Grocery.

Once streets are identified with signs, the Post Office Department will give the growing suburb city delivery service out of the LaVale Post Office.

Now, in addition to the LaVale Post Office, there are four rural routes working out of the Cumberland Post Office to serve this community. The differences in addresses makes for much confusion.

Car Insurance Rates Revised For Maryland

Revised automobile insurance rates for Maryland which reflect reductions have been announced by two rating organizations on behalf of their member and subscriber companies.

Rates for automobile material damage insurance were announced by National Automobile Underwriters Association, and for auto liability insurance by the National Bureau of Casualty Underwriters. New rates became effective yesterday.

Private passenger car premiums for all forms of collision insurance are reduced as follows: Approximately 8 per cent for $50 deductible and 16 per cent for $100 deductible or an average of 10 per cent in premium revenue.

For commercial local hauling risks, collision premiums are cut approximately 14 per cent and for commercial intermediate and long distance hauling they amount to an estimated 10 per cent.

Private passenger car premiums for comprehensive insurance which affords coverage for fire, theft, glass breakage, flood and the like, are increased approximately 7 per cent.

Auto liability insurance rates affect only private passenger cars. For some owners of cars without male operators under 25 years, rate reduction range from $2 to $9, for some there are increases ranging from $1 to $4 and still others are unchanged.

Rates on cars operated by unmarried men under 25, which are classified as most hazardous class of car risks, increase, ranging from $13 to $35 depending on territory.

Sports Car Races To Put $15,000 Into Sight Fund

The sight conservation fund of the Cumberland Lions Club will realize about $15,000 from the fourth annual Cumberland Sports Car races, held last month, William R. Carscaden, general chairman, said yesterday.

While the final audit is in the process of being made, Carscaden said the proceeds will hit about the $15,000 mark.

This is nearly double last year's profit of $8,000, he added.

Used For Eyes

The money from the annual May event staged at Municipal Airport goes toward fitting needy youngsters with eye glasses and furnishing them eye treatment.

While the sports car races have become a national mecca for the drivers and enthusiasts of the speedy little autos, they have also become a tourist attraction for the city.

Thousands of persons from out of town journeyed here for the May 18-20 weekend, with many more coming here on the day of the races.

Seek 1957 Races

Carscaden said the Lions Club sports car races committee has already submitted its formal application with the Sports Car Club of America for the dates for next year's event,—May 17, 18 and 19.

The SCCA furnishes the technical direction for the races. This past year was the second nationally sanctioned sports car races for Cumberland. For two years previously, it was held with regional SCCA sanction.

Carscaden also said the committee has been receiving many inquiries from other organizations in many parts of the nation as to the sports car race setup of the Lions Club.

Baptists To Hold Bible School

Second Baptist Church will conduct its annual vacation Bible School June 11-22, according to Rev. Cornelius B. Davis, pastor and principal.

Preparatory services for the school will be held today at 2 p. m., according to Mrs. Charles Hunt, assistant principal. The program will include registration, worship, a preview of school activities, a parade, and refreshments, Mrs. Hunt said. The school will be open to children in age groups from three through 16 years.

The school program will include worship, Bible memory work, Bible stories, individual notebook activity and handicraft. Refreshments will be served daily and a school picnic is planned, the pastor said. Commencement exercises will be held on the evening of the final day.

Young Members Of Church To Hold Service

The young members of LaVale Methodist Church will serve as teachers and officers at the 11 a. m. service Sunday in the church's Sunday School.

The service will be led by Kent Smith with a youth choir furnishing the music.

A feature of the service will be the building of the Methodist Youth Fellowship emblem by Verna Jean Fike, Theodore Femi, Jay Luckiewicz, Marjorie Swauger, William Norris and William Jewell.

The responsive Scripture will be led by Charles Paul, and the morning lesson read by Louis Shinnamon. The morning prayer will be given by Carol Vose.

Robert Goodfellow, Eleanor Weber, Dorothy Vose and Kent Smith will deliver sermons. The ushers will be Daniel Baker, William Wanless, Ronald Gilchrist and David Fulk. Lynn Dehart and Selden Harris will be greeters.

Teachers in the Sunday School will include Carol Vose, Mary Goodfellow, Faye Carder and John Vose. Secretary will be David Stone, and the worship of the Youth Division will be presented by Marlene Murphy, Stephen Mace, Joyce Mace, Harry Martz and Judy Murphy.

Chairmen Are Appointed For LaVale Civic Group

The new chairman of the LaVale Civic Improvement Association has completed his organization of personnel for this year's projects.

Walter N. Hedrick presided at his first meeting as chairman of the suburban group Monday in the LaVale Fire Hall.

The chairman of budget and finance will be the immediate past chairman, J. Kenneth Morgan. Other chairmen are:

Legislation, John M. Robb; streets and roads, Lloyd Buchanan; recreation and playgrounds, Maurice Milberg; sanitation, William D. Claus; public relations, Gilbert Bohn; street lighting George Dressman, and zoning, Harry Kauffman and Bohn, co-chairmen.

The association will start in the near future distribution of the first in a series of quarterly bulletins outlining the group's objectives and also reporting progress on the various projects.

The board of directors formulated this policy for the association: "The objective of the association is to promote and advance civic improvements and developments in all sections of the unincorporated community of LaVale, and to oppose any intent by any person or group of persons to incorporate the community of LaVale as a municipal corporation, and to oppose absorption of LaVale or any section of it into existing municipal corporations."

The association also commended Buchanan and William Durland who are heading the campaign to get funds for street signs for the community.

Buchanan and Durland reported they were making excellent progress towards their goal of $2,000.

LaVale is getting a new post office because the volume of mail makes inadequate the present building adjacent to Dressman Brother's Grocery.

Once streets are identified with signs, the Post Office Department will give the growing suburb city delivery service out of the LaVale Post Office.

Now, in addition to the LaVale Post Office, there are four rural routes working out of the Cumberland Post Office to serve this community. The differences in addresses makes for much confusion.

Car Insurance Rates Revised For Maryland

Revised automobile insurance rates for Maryland which reflect reductions have been announced by two rating organizations on behalf of their member and subscriber companies.

Rates for automobile material damage insurance were announced by National Automobile Underwriters Association, and for auto liability insurance by the National Bureau of Casualty Underwriters. New rates became effective yesterday.

Private passenger car premiums for all forms of collision insurance are reduced as follows: Approximately 8 per cent for $50 deductible and 16 per cent for $100 deductible or an average of 10 per cent in premium revenue.

For commercial local hauling risks, collision premiums are cut approximately 14 per cent and for commercial intermediate and long distance hauling they amount to an estimated 10 per cent.

Private passenger car premiums for comprehensive insurance which affords coverage for fire, theft, glass breakage, flood and the like, are increased approximately 7 per cent.

Auto liability insurance rates affect only private passenger cars. For some owners of cars without male operators under 25 years, rate reduction range from $2 to $9, for some there are increases ranging from $1 to $4 and still others are unchanged.

Rates on cars operated by unmarried men under 25, which are classified as most hazardous class of car risks, increase, ranging from $13 to $35 depending on territory.

Sports Car Races To Put $15,000 Into Sight Fund

The sight conservation fund of the Cumberland Lions Club will realize about $15,000 from the fourth annual Cumberland Sports Car races, held last month, William R. Carscaden, general chairman, said yesterday.

While the final audit is in the process of being made, Carscaden said the proceeds will hit about the $15,000 mark.

This is nearly double last year's profit of $8,000, he added.

Used For Eyes

The money from the annual May event staged at Municipal Airport goes toward fitting needy youngsters with eye glasses and furnishing them eye treatment.

While the sports car races have become a national mecca for the drivers and enthusiasts of the speedy little autos, they have also become a tourist attraction for the city.

Thousands of persons from out of town journeyed here for the May 18-20 weekend, with many more coming here on the day of the races.

Carscaden said the Lions Club sports car races committee has already submitted its formal application with the Sports Car Club of America for the dates for next year's event,—May 17, 18 and 19.

Conscientious hair brushing is especially helpful in summer — get back into the swing of 100 daily brush strokes.

Secrets Of Charm

by John Robert Powers

Give Summer Hair Problems The Brush-Off

When you were a little girl, mother somehow made brushing your hair one hundred strokes every night sound as important as being polite to callers and eating everything on your plate. It was expected of you, and you did it. Are you still as conscientious as you were then?

You should be, especially in summer. Right now's the best possible time to get back on schedule if the hair brushing habit has slipped somewhere along the line. It's never more helpful and beautifying than when the heat is so hard on your hair.

Proper hair brushing does much to counteract the effects of exposure to sun and frequent wettings from swimming. If you begin every stroke of the brush as you should at the base of the hairline and follow through deliberately to the ends of each strand, the natural oils are distributed all the way. This is especially important when hair is so likely to be dry. As the natural oils spread down the hair length, dry dullness polishes to a beautiful glow, and ends lose that bothersome tendency to frizz.

More outdoor activity than usual means more dust will cling to your hair, so diligent brushing is needed to cleanse it between shampoos. Brush correctly, bent far over and with your head hanging, to circulate air to the scalp, and through the strands of your hair. The scalp benefits more than ever during heat which causes perspiring even to the roots of your hair, and the hair is daintier after both brush and air-cleaning.

Tomorrow—The chin line.

Congressional Viewpoint

by Sen. John M. Butler

WASHINGTON—The world is today witnessing a transformation in window dressing. With skillful propaganda and astute timing, the master puppeteers of the Kremlin are again embarked upon a campaign of duplicity, cleverly intended to lull the free world into an attitude of resignation—or an attitude of "let's get along with the fellows, they're not really scoundrels." It can safely be reasoned that the extensive travels of top Communist leaders, the announced reduction in the Russian army, the latter day denunciation of Joseph Stalin, plus other equally transparent gestures, are part of the same old package but with a new design and new wrapping.

Time and again, the Congress has found that there exists an international Communist conspiracy which, in its origins, its development, its persistence, and its present practice, is a worldwide revolutionary movement whose purpose it is, by treachery, deceit, infiltration into other groups, espionage, sabotage, terrorism and any other means deemed necessary, to suppress and subjugate Western civilization. In the face of incontrovertible history and mounting evidence, there can be little dispute on this point.

With an agility which can only come from decades of double dealing, it is possible for the Soviet Union to pursue a policy of "peaceful coexistence" or a policy of sympathetic support of actions to undermine the cause of freedom — whichever is momentarily profitable. It can even be said that both ends can be simultaneously served—witness the pilgrimage of Marshal Tito of Yugoslavia to Moscow while at the same time top military representatives of the community of free nations are being invited to observe the Soviet Air Force Show in Moscow later this month.

You might ask—what can we as a nation do to frustrate the international Communist movement? And, indeed it should be made clear that the Soviets want us to lower our guard and that they want our attention distracted by side issues. The response to this question is contained in a more vigorous prosecution of anti-Communist legislation, increased exposure of Communist activities, and realistic warnings, widely publicized, of the dangers inherent in these new Communist tactics.

Make no mistake—the objectives of the great conspiracy have not changed. In the words of J. Edgar Hoover, director of the Federal Bureau of Investigation, "The Communist leopard frequently changes his spots, but the same blood — bad blood — continuously flows through his veins."

The canary bird was named for the Canary islands. The islands, themselves, however, were named for dogs. The Latin name for dog is "canis" and King Juba of Mauretania found a large number of dogs there when he visited the islands about 40 B. C.

Conscientious hair brushing is especially helpful in summer — get back into the swing of 100 daily brush strokes.

Secrets Of Charm

by John Robert Powers

Give Summer Hair Problems The Brush-Off

When you were a little girl, mother somehow made brushing your hair one hundred strokes every night sound as important as being polite to callers and eating everything on your plate. It was expected of you, and you did it. Are you still as conscientious as you were then?

You should be, especially in summer. Right now's the best possible time to get back on schedule if the hair brushing habit has slipped somewhere along the line. It's never more helpful and beautifying than when the heat is so hard on your hair.

Proper hair brushing does much to counteract the effects of exposure to sun and frequent wettings from swimming. If you begin every stroke of the brush as you should at the base of the hairline and follow through deliberately to the ends of each strand, the natural oils are distributed all the way. This is especially important when hair is so likely to be dry. As the natural oils spread down the hair length, dry dullness polishes to a beautiful glow, and ends lose that bothersome tendency to frizz.

More outdoor activity than usual means more dust will cling to your hair, so diligent brushing is needed to cleanse it between shampoos. Brush correctly, bent far over and with your head hanging, to circulate air to the scalp, and through the strands of your hair. The scalp benefits more than ever during heat which causes perspiring even to the roots of your hair, and the hair is daintier after both brush and air-cleaning.

Tomorrow—The chin line.

Congressional Viewpoint

by Sen. John M. Butler

WASHINGTON—The world is today witnessing a transformation in window dressing. With skillful propaganda and astute timing, the master puppeteers of the Kremlin are again embarked upon a campaign of duplicity, cleverly intended to lull the free world into an attitude of resignation—or an attitude of "let's get along with the fellows, they're not really scoundrels." It can safely be reasoned that the extensive travels of top Communist leaders, the announced reduction in the Russian army, the latter day denunciation of Joseph Stalin, plus other equally transparent gestures, are part of the same old package but with a new design and new wrapping.

Time and again, the Congress has found that there exists an international Communist conspiracy which, in its origins, its development, its persistence, and its present practice, is a worldwide revolutionary movement whose purpose it is, by treachery, deceit, infiltration into other groups, espionage, sabotage, terrorism and any other means deemed necessary, to suppress and subjugate Western civilization. In the face of incontrovertible history and mounting evidence, there can be little dispute on this point.

With an agility which can only come from decades of double dealing, it is possible for the Soviet Union to pursue a policy of "peaceful coexistence" or a policy of sympathetic support of actions to undermine the cause of freedom — whichever is momentarily profitable. It can even be said that both ends can be simultaneously served—witness the pilgrimage of Marshal Tito of Yugoslavia to Moscow while at the same time top military representatives of the community of free nations are being invited to observe the Soviet Air Force Show in Moscow later this month.

You might ask—what can we as a nation do to frustrate the international Communist movement? And, indeed it should be made clear that the Soviets want us to lower our guard and that they want our attention distracted by side issues. The response to this question is contained in a more vigorous prosecution of anti-Communist legislation, increased exposure of Communist activities, and realistic warnings, widely publicized, of the dangers inherent in these new Communist tactics.

Make no mistake—the objectives of the great conspiracy have not changed. In the words of J. Edgar Hoover, director of the Federal Bureau of Investigation, "The Communist leopard frequently changes his spots, but the same blood — bad blood — continuously flows through his veins."

The canary bird was named for the Canary islands. The islands, themselves, however, were named for dogs. The Latin name for dog is "canis" and King Juba of Mauretania found a large number of dogs there when he visited the islands about 40 B. C.

Senate Cloakroom

by Sen. J. Glenn Beall

Fresh memories of the investigation of 1954's high coffee prices flocked back to me during the past few days as the costs of many vacuum-packed brands on store shelves went up.

As chairman of the Senate subcommittee which heard testimony on the coffee situation two years ago, I naturally felt extra curious about the recent price boosts. So I attempted to get information on the matter.

An analysis of the situation was supplied by the Foreign Agricultural Service of the Department of Agriculture.

No Coffee Shortage Predicted

According to a report released by the department, there will not be any shortage of coffee this year.

That does not mean, however, that prices might not creep upward a little farther.

The reason for this odd situation lies in the fact that American coffee drinkers use a blend usually composed of Brazilian coffee and a milder bean.

There is currently a bumper supply of the Brazilian product, but the mild coffee from other countries is reportedly less available.

Therefore, importers are believed to have offered higher prices for the mild coffee, and the increased payments were reflected in the Brazilian market.

Ultimately, of course, the higher costs were passed along to those of us who are coffee drinkers.

Situation To Be Watched

I am encouraged by optimistic predictions that this country's consumer prices will soon level off.

But I am disturbed by a comment in the Agriculture Department's report that the so-called scarcity of mild coffees appears to be artificial.

Following our 1954 investigation, coffee costs dipped sharply.

You can be sure that I will keep in close contact with the present situation to see whether it also might warrant a careful survey.

Brucellosis Meeting Set

Allegany County's committee for the eradication of brucellosis in cattle will meet Friday, June 15, at 8 p. m. in the Allegany County Court House, according to Joseph M. Steger, county agent.

The group has as its objective the testing of all cattle in the county for this disease which causes undulent fever in humans when milk from an infected cow is drunk.

Steger said most of the big herds have been tested in this free program sponsored by the U. S. Department of Agriculture.

But the immediate problem is testing on the farms where there are one and two cows.

Steger emphasized that the farmer must request the testing service of the authorized veterinarian in this county, Dr. C. N. Foose Jr., LaVale. The veterinarian then must receive approval of the federal agency before the testing can actually get underway, the county agent explained.

Caps Presented To Area Girls

Five area girls have been awarded their caps at the South Baltimore General Hospital School of Nursing.

The girls include Miss Shirley Knotts, Rawlings; Miss Esther Casteel, Friendsville; Miss Janet Saville, Keyser; Miss Nancy Crawford, Lonaconing, and Miss Peggy Porter, Westernport.

The students will graduate in March, 1957.

Proof Of LaSalle's Ship?

TOBERMORY, Ont., June 7 (AP)—The Telegram reports that six skeletons bearing tomahawk scars have been found in Georgian Bay, proving a wreck nearby is that of explorer LaSalle's ship, the Griffon. The ship, first sailing vessel on the Great Lakes, vanished Sept. 18, 1679. The find was made by commercial fisherman Orrie Vale. He connected the skeletons with the Griffon but did not elaborate.

For the first time, the U. S. will issue stamps depicting wildlife. No night club scenes, however.

Five area girls have been awarded their caps at the South Baltimore General Hospital School of Nursing.

The girls include Miss Shirley Knotts, Rawlings; Miss Esther Casteel, Friendsville; Miss Janet Saville, Keyser; Miss Nancy Crawford, Lonaconing, and Miss Peggy Porter, Westernport.

The students will graduate in March, 1957.

Proof Of LaSalle's Ship?

TOBERMORY, Ont., June 7 (AP)—The Telegram reports that six skeletons bearing tomahawk scars have been found in Georgian Bay, proving a wreck nearby is that of explorer LaSalle's ship, the Griffon. The ship, first sailing vessel on the Great Lakes, vanished Sept. 18, 1679. The find was made by commercial fisherman Orrie Vale. He connected the skeletons with the Griffon but did not elaborate.

For the first time, the U. S. will issue stamps depicting wildlife. No night club scenes, however.

Iran Troops Take Over Soviet Oil Concession

TEHRAN, Iran, June 7 (AP) — Iranian troops today took over Russian oil concession works in Khuryan, in northeastern Iran about 165 miles east of Tehran.

A Foreign Ministry spokesman said the government acted under the 1951 law nationalizing the oil industry. The Soviet Embassy complained to a Foreign Ministry undersecretary.

Foreign Ministry sources said, however, they did not believe Russia would stir up much of a fuss because the Shah and Queen Soraya soon will visit the Soviet Union.

No Competition Here

CANTON, Maine, June 7 (AP)—Pretty Shirley May Kimball, 17, won every honor at Canton High School graduation exercises today as valedictorian, salutatorian and class of 1956 essayist. She also was the only graduate.

The little brunette walked down the aisle at Odd Fellows Hall between lines formed by the school's other 22 pupils.

There were five pupils in Shirley's freshman class but the others subsequently dropped out.

Symphony To Russia

BOSTON, June 7 (AP)—The Boston Symphony Orchestra tonight announced acceptance of a Soviet invitation to play in Russia this summer on its European tour.

The world famed orchestra will be the first American symphony to play in Russia.

Answer To Problem

LANSING, Mich., June 7 (AP) — Two veteran Lansing mailmen have solved the dog bite problem. They retired.

Charles Ferley estimated he had been bitten "about 75 or 80 times" during his 36 years service. James Jennings said he had been bitten only once in 28 years—"I guess I just know how to handle dogs."

Comets Reinstated

LONDON, June 7 (AP)—The Comet II jetliner—an advanced version of the ill-fated plane abandoned by Britain after a series of crashes in 1954—was certified as airworthy today.

The plane is listed as a medium-stage intercontinental airliner. It has a re-designed fuselage aimed to overcome the structural weakness blamed for the earlier Comet's crashes.

Iran Troops Take Over Soviet Oil Concession

TEHRAN, Iran, June 7 (AP) — Iranian troops today took over Russian oil concession works in Khuryan, in northeastern Iran about 165 miles east of Tehran.

A Foreign Ministry spokesman said the government acted under the 1951 law nationalizing the oil industry. The Soviet Embassy complained to a Foreign Ministry undersecretary.

Foreign Ministry sources said, however, they did not believe Russia would stir up much of a fuss because the Shah and Queen Soraya soon will visit the Soviet Union.

No Competition Here

CANTON, Maine, June 7 (AP)—Pretty Shirley May Kimball, 17, won every honor at Canton High School graduation exercises today as valedictorian, salutatorian and class of 1956 essayist. She also was the only graduate.

The little brunette walked down the aisle at Odd Fellows Hall between lines formed by the school's other 22 pupils.

There were five pupils in Shirley's freshman class but the others subsequently dropped out.

Symphony To Russia

BOSTON, June 7 (AP)—The Boston Symphony Orchestra tonight announced acceptance of a Soviet invitation to play in Russia this summer on its European tour.

The world famed orchestra will be the first American symphony to play in Russia.

Answer To Problem

LANSING, Mich., June 7 (AP) — Two veteran Lansing mailmen have solved the dog bite problem. They retired.

Charles Ferley estimated he had been bitten "about 75 or 80 times" during his 36 years service. James Jennings said he had been bitten only once in 28 years—"I guess I just know how to handle dogs."

Comets Reinstated

LONDON, June 7 (AP)—The Comet II jetliner—an advanced version of the ill-fated plane abandoned by Britain after a series of crashes in 1954—was certified as airworthy today.

The plane is listed as a medium-stage intercontinental airliner. It has a re-designed fuselage aimed to overcome the structural weakness blamed for the earlier Comet's crashes.

Chou Says China, Facing Industrial Development Task, Desirous Of Peace

The writer of this dispatch is a correspondent of the Sydney, Australia, Morning Herald who has just returned from a visit to Communist China. His story was made available to The Associated Press by the Morning Herald.

By SELWYN SPEIGHT

HONG KONG, June 7 (AP)—The Premier of Communist China, Chou en-Lai, says his country wants peace because it faces an enormous task in industrial development.

In an interview I had with him just before I left Peiping, —one of the very few interviews the Premier has given to a foreign newspaper—Chou en-Lai said also:

It is no use begging lovers of war to cease their activities. That only makes them worse. Therefore, China must develop her own defenses and is doing so.

China wants more friendly relations with other Pacific countries, including Australia. She would like talks with the United States on higher level than has so far proved possible.

China is ready to negotiate settlement of the problem of overseas Chinese living in such places as Malaya and Singapore as she already has done with Indonesia.

The interview, which covered most causes of friction between China and other powers, apparently was given me because I was the first correspondent from an Australian newspaper to visit Peiping since the civil war.

There was no written statement. The interview, given through an interpreter, lasted nearly two hours and was given on the understanding that because it was interpreted there should be no direct quotation.

Among my questions, most of which I had submitted previously, I raised these points: What are the prospects for more friendly relations with countries such as Australia? What are the prospects of increased trade? How can China's neighbors be sure she can feed her enormous population—estimated to reach more than one billion by 1980? Would he comment on the dangers of war? Does China believe the world could survive atomic war?

He replied:

ON POPULATION — China's great concentration of population makes it essential for her to increase agricultural production by more intensive farming, by large scale cooperative, and recently, by collective farming instead of small scale individual peasant farming.

The population increase is expected to be six per cent annually. That answers the question of whether the increase in population would mean expansion outside China's borders. China never had had such a thought, there is no need for it.

ON INDUSTRIALIZATION — This must match agricultural production but will take a long time. For the three-year and five-year plans to succeed will require great effort and meanwhile other countries will be advancing. However, latecomers in the industrial field do have some advantages. They can take short cuts. They must rely mainly on themselves, but economic cooperation will not be disregarded by China. She feels she can rely on help from other countries such as Soviet Russia. If other help is offered, she will be glad to accept it because every nation has something to teach.

ON POLITICAL SYSTEMS UNLIKE THAT CHINA PREFERS, —The important thing to remember is that the people choose their forms of government for themselves. The new China now has existed for seven years. Some people still choose to ignore this. They want to make the choise for the Chinese people. That position is absurd. This situation has been brought about by certain forces it is not necessary to name.

ON FORMOSA—This is properly an affair of the Chinese people. They can solve it for themselves. World peace would not be endangered if it were not for the United States' intervention. In talks at Geneva the United States is trying to obtain through a declaration acknowledgment that its intervention was legitimate. That is why no solution is in sight. China has stated before that she wants to be friendly with the United States with no resort to force. To achieve this means talks at a higher level with very frank discussions. The United States does not want this. It is prolonging the Geneva talks but does not appear to be sincerely seeking a solution.

(U. S. and Chinese ambassadors have been meeting in Geneva since last August. Their talks long have been deadlocked on U. S. efforts to free 13 U. S. citizens still held in Chinese jails and the Peiping government's insistence on a higher level conference.)

Pension Income Of $200 Month By '75 Forecast

WASHINGTON, June 7 (AP) — A government expert said yesterday that if the nation's economy continues to expand "it is reasonable to expect" that every retired person over 65 will have a monthly income of $200 by 1975.

This big increase over the present income of retired persons was forecast by Clark Tibbits, chairman of the committee on aging for the Department of Health, Education and Welfare.

According to the department's latest figures, two-thirds of all Americans over 65 — including those who were employed—had cash incomes of less than $84 a month in 1954. Of these two thirds, more than a third had no money income.

Tibbitts told a news conference that the $200 monthly income he envisions would come "essentially from deferred earnings, such as through Old Age and Survivors Insurance, private pension plans and one's own savings."

These categories of income are included in the department's 1954 figures.

Tibbitts said that "with our continually rising productivity, working people are going to be able to save more money prior to retirement, and the economy is going to be able to spend more for services."

He based his forecast of the 1975 income of retired persons on the supposition that the nation's productivity will continue to rise as he said it has for the past 50 years.

The meeting with newsmen was in connection with a federal-state conference on aging, sponsored by the Federal Council on Aging and the Council of State Governments.

Tibbitts said less than half of the states have done "anything towards setting up special programs to cope with the problems of their elderly people.

He said only "15 to 20 states have set up special commissions on aging" and that only nine of these have actually allocated money and set up actual staffs and offices.

He listed the latter nine as Maine, Massachusetts, Rhode Island, New York, Washington, California, Florida, Illinois and Michigan.

The conference on aging is designed to review and plan state and federal "responsibility and action" on such topics as employment, retirement, income maintenance, health, housing and recreation for people over 65.

Along The Potomac

by Rep. DeWitt S. Hyde

WASHINGTON — I am gratified with the action of the Upper Potomac River Basin Board in endorsing my proposal that the Interstate Commission on the Potomac River Basin be the agency to prepare a master conservation plan for the valley. I am also pleased that the board is in favor of the commission requesting the member states to the compact to enact legislation necessary to implementing the plan.

I wish to commend the part that local conservation groups and individuals are playing in creating a widespread interest in ending pollution and conserving the resources of the Potomac River Valley.

We are all interested in promoting safety in the coal industry and in the protection of the lives and limbs of those who mine our coal. Safety in the mines requires real cooperation between the mine owner and the miner, as well as adequate enforcement of federal and state safety regulations. I am certain that the Sixth District is pleased with the reappointment of Edwin R. Price of Frederick to the Federal Coal Mine Safety Review Board.

Communities are discovering that major efforts directed toward traffic safety are paying off dividends to them. Not only are accidents with their consequent loss of life and injuries reduced, but communities are finding that they receive many additional benefits from a smoother flow of traffic. The National Safety Council has given special recognition to College Park, Mount Rainier, and Takoma Park for their safety records.

In line with increased safety on the highway is the new Highway Construction bill. In addition to modernizing and building safety into our highways, the bill will act as a stimulant to industry and employment in many areas of the country.

I would like to again call attention to the small businessmen of the Sixth Maryland District to the meeting scheduled by the Small Business Administration in Baltimore on June 21. Firsthand information will be available on government contracts. Instructions on how to handle bidding on government contracts will be given by SBA officials.

On My Calendar: On Saturday June 9 I will be in my Cumberland office and Sunday evening will speak at the Elks' Flag Day exercises in Hagerstown. If the business before the House on June 12 permits, I will speak to the Columbia Heights Business Men's Association luncheon on the metropolitan Washington transit situation. I plan to attend the annual picnic of the Western Chapter of the Maryland Motor Truck Association at Williamsport on June 13.

Light Shields Discontinued

Commissioner of Water and Electric Light William J. Edwards emphasized yesterday that the department has discontinued the practice of placing shields on street lights.

Shields have not been used for a number of years, Edwards said, adding that purpose of the lights is to light streets and not for individual satisfaction. He said a number of requests, which is common to the warm weather season, has been made for light shields but the department must turn them down. Most of these requests, it was pointed out, have come from residents who claim the lights allow them no privacy on their porches during the summer months.

When street lights are to be installed, the department first makes an intensive investigation taking in desires of all residents of the area involved, Edwards said. This, he said, has reduced a problem which confronted the department in years past when some lights which were installed had to be removed because of protests.

Edwards urged residents that when a street light is broken or burns out, to call the Potomac Edison Company's trouble station at PA 2-7630.

Edwards said there are approximately 2,000 street lights in the city.

College Students Receive Honors

Two area students were among the award winners at commencement exercises Sunday at Washington College. They were Ronald Sisk, this city, and George Hanst, Oakland.

Sisk was presented the Simpers athletic award, given annually in memory of Dr. Harry G. Simpers, class of 1895, to the student who is considered the best all-round athlete.

Hanst was the recipient of one of the gold Pentagon awards, given annually by Omicron Delta Kappa fraternity to the student and alumnus who have contributed outstanding service to the college.

St. John's Bible School Opens Monday

St. John's Evangelical Lutheran Church has completed plans for its annual vacation Bible School, according to Rev. Frederick J. Eckert, pastor, who said the term will run Monday through Friday for the next two weeks.

The theme for the school will be "The Bible And The Home," Rev. Mr. Eckert said, adding that classes will begin daily at 9 a. m. for students from three to 16 years of age. The pastor will act as administrator of the school and also conduct the devotions which will open the school. General superintendent will be R. W. Hahne.

The faculty for the school is composed of Mrs. Eloise Early, superintendent, Mrs. Anna Growden and Miss Judy Hoenicka, nursery department; Mrs. Laur Shumaker, superintendent, Mrs. Elizabeth Rizer, Mrs. Alpha Barb and Miss Rona Grim, kindergarten; Mrs. Beatrice Hoenicka, superintendent, Mrs. Willaim Ort, Mrs. Lessie Aronhalt, Mrs. Catherine Eichner, Mrs. Anna Alexander and Mrs. Louise Wiseman, primary; Mrs. Dorothy Eckert, superintendent, Mrs. Alma Wilt, Mrs. Enid Kennedy, Mrs. Doris Brant and Mrs. Elaine Kesecker, junior, and Mrs. Ruth Lynch, superintendent, and Mrs. Virginia Vance, youth. Mrs. Betty Webster will be alternate instructor.

Mrs. Kathleen Bragg and Mrs. Dorothy Aronhalt will be in charge of supplies and refreshments.

LaVale Methodist Church Will Hold Bible School

The Daily Vacation Bible School at LaVale Methodist Church will begin June 11 and continue through June 22, Monday through Friday. Classes will be conducted daily from 10 a. m. until noon.

Rev. W. W. Patterson will conduct the worship in the sanctuary, and Mrs. Lawrence Clopper will have charge of group singing with Mrs. Harold Green as organist.

The pastor will direct the unit for the juniors entitled, "Learning To Know the Old Testament," assisted by Mrs. Willis Smith, Mrs. Harold Green and Mrs. F. V. Cozad.

Mrs. Ardell Haines will direct the primary class on "Love One Another," with Mrs. Watson Dehart, Mrs. James Smith, Mrs. William Russell, Mrs. Ralph Wimer, Mrs. Robert Horn and Mrs. Melvin Wright as teachers.

The kindergarten class, "Together In Our Church," will be headed by Mrs. Robert C. Morris, assisted by Mrs. Frederick Hendrickson, Mrs. Theodore Femi, Mrs. Allen Twigg, Mrs. William Helmick, Mrs. Charles Long and Mrs. Frank Lewis.

Members of the Youth Fellowship will work as aides in all the departments. Together with the class work, there will be a program of hand crafts, recreation and a picture story of the school.

Transportation will be provided for all at a distance, and refreshments will be served by the Women's Society.

The school, open to all children four years of age or over, will close with a public program in the Fellowship Hall of the church on Sunday evening, June 24.

News To Italians

BRESCIA, Italy, June 7 (AP) — Miss Willeme Buckman Clark, 24, of Savannah, Ga., brought some news to local music lovers. None here seemed to know it. But Brescia is the birthplace of an almost forgotten composer named Biago Marini (born 1595) who was credited with a revolution in chamber music. Miss Clark is doing research on him on a study tour financed by Rotary International.

Newport, R. I., had the first street lighted by gas in the United States—in 1806.

New Supply Chief Assumes Duties

Tech. Sgt. Francis V. Becker, USMC, has reported for duty as supply chief with the inspector-instructor staff of the Sixth Special Infantry Company, Marine Corps Reserve at the Naval and Marine Corps Training Center, McKaig Hill.

Sgt. Becker enlisted in the Marine Corps in February 1948. He served with the First Engineer Battalion of the First Marine Division in Korea in 1953 and was stationed with the Second Service Regiment at Camp Lejeune, N. C., prior to being assigned here.

Sgt. Becker relieves Master Sgt. Albert J. Boudreau, USMC, who had been with the unit since July 1953. Sgt. Boudreau has been transferred to the Marine Barracks at Pearl Harbor, Hawaii.

Holtzman To Run Park Casino

Paul W. Holtzman, 216 Seymour Street, will operate the Constitution Park casino again this year under an agreement signed last year by the Mayor and Council.

Last year, Holtzman was high bidder with a $600 figure for the park concession and the contract for the first time specified it could be renewed at the bidder's option for two consecutive years.

Holtzman has notified city authorities that he intends to take advantage of the option

Along The Potomac

by Rep. DeWitt S. Hyde

WASHINGTON — I am gratified with the action of the Upper Potomac River Basin Board in endorsing my proposal that the Interstate Commission on the Potomac River Basin be the agency to prepare a master conservation plan for the valley. I am also pleased that the board is in favor of the commission requesting the member states to the compact to enact legislation necessary to implementing the plan.

I wish to commend the part that local conservation groups and individuals are playing in creating a widespread interest in ending pollution and conserving the resources of the Potomac River Valley.

We are all interested in promoting safety in the coal industry and in the protection of the lives and limbs of those who mine our coal. Safety in the mines requires real cooperation between the mine owner and the miner, as well as adequate enforcement of federal and state safety regulations. I am certain that the Sixth District is pleased with the reappointment of Edwin R. Price of Frederick to the Federal Coal Mine Safety Review Board.

Communities are discovering that major efforts directed toward traffic safety are paying off dividends to them. Not only are accidents with their consequent loss of life and injuries reduced, but communities are finding that they receive many additional benefits from a smoother flow of traffic. The National Safety Council has given special recognition to College Park, Mount Rainier, and Takoma Park for their safety records.

In line with increased safety on the highway is the new Highway Construction bill. In addition to modernizing and building safety into our highways, the bill will act as a stimulant to industry and employment in many areas of the country.

I would like to again call attention to the small businessmen of the Sixth Maryland District to the meeting scheduled by the Small Business Administration in Baltimore on June 21. Firsthand information will be available on government contracts. Instructions on how to handle bidding on government contracts will be given by SBA officials.

On My Calendar: On Saturday June 9 I will be in my Cumberland office and Sunday evening will speak at the Elks' Flag Day exercises in Hagerstown. If the business before the House on June 12 permits, I will speak to the Columbia Heights Business Men's Association luncheon on the metropolitan Washington transit situation. I plan to attend the annual picnic of the Western Chapter of the Maryland Motor Truck Association at Williamsport on June 13.

Light Shields Discontinued

Commissioner of Water and Electric Light William J. Edwards emphasized yesterday that the department has discontinued the practice of placing shields on street lights.

Shields have not been used for a number of years, Edwards said, adding that purpose of the lights is to light streets and not for individual satisfaction. He said a number of requests, which is common to the warm weather season, has been made for light shields but the department must turn them down. Most of these requests, it was pointed out, have come from residents who claim the lights allow them no privacy on their porches during the summer months.

When street lights are to be installed, the department first makes an intensive investigation taking in desires of all residents of the area involved, Edwards said. This, he said, has reduced a problem which confronted the department in years past when some lights which were installed had to be removed because of protests.

Edwards urged residents that when a street light is broken or burns out, to call the Potomac Edison Company's trouble station at PA 2-7630.

Edwards said there are approximately 2,000 street lights in the city.

College Students Receive Honors

Two area students were among the award winners at commencement exercises Sunday at Washington College. They were Ronald Sisk, this city, and George Hanst, Oakland.

Sisk was presented the Simpers athletic award, given annually in memory of Dr. Harry G. Simpers, class of 1895, to the student who is considered the best all-round athlete.

Hanst was the recipient of one of the gold Pentagon awards, given annually by Omicron Delta Kappa fraternity to the student and alumnus who have contributed outstanding service to the college.

St. John's Bible School Opens Monday

St. John's Evangelical Lutheran Church has completed plans for its annual vacation Bible School, according to Rev. Frederick J. Eckert, pastor, who said the term will run Monday through Friday for the next two weeks.

The theme for the school will be "The Bible And The Home," Rev. Mr. Eckert said, adding that classes will begin daily at 9 a. m. for students from three to 16 years of age. The pastor will act as administrator of the school and also conduct the devotions which will open the school. General superintendent will be R. W. Hahne.

The faculty for the school is composed of Mrs. Eloise Early, superintendent, Mrs. Anna Growden and Miss Judy Hoenicka, nursery department; Mrs. Laur Shumaker, superintendent, Mrs. Elizabeth Rizer, Mrs. Alpha Barb and Miss Rona Grim, kindergarten; Mrs. Beatrice Hoenicka, superintendent, Mrs. Willaim Ort, Mrs. Lessie Aronhalt, Mrs. Catherine Eichner, Mrs. Anna Alexander and Mrs. Louise Wiseman, primary; Mrs. Dorothy Eckert, superintendent, Mrs. Alma Wilt, Mrs. Enid Kennedy, Mrs. Doris Brant and Mrs. Elaine Kesecker, junior, and Mrs. Ruth Lynch, superintendent, and Mrs. Virginia Vance, youth. Mrs. Betty Webster will be alternate instructor.

Mrs. Kathleen Bragg and Mrs. Dorothy Aronhalt will be in charge of supplies and refreshments.

Westernport Will Increase Water Rates

Council Studies New Ordinance

WESTERNPORT—A study of the water ordinance was made by Mayor Okey E. Michael and the Commissioners Wednesday.

Certain recommendations that the ordinance be amended were made and Horace P. Whitworth will be consulted to prepare the changes.

Beginning July 1, the water bill will be collected monthly instead of every three months. Some of the changes state that the property owner will pay the water bill instead of the tenant.

The new minimum rate will be $18 per year, compared with the old rate of $9. Some of the charges set up in the new amended ordinance include: Family with six rooms or less $14.50, formerly $9; two in a family $1.25 yearly with each additional room over six at former rate of 75 cents.

Bathroom closet and bath tub or shower $12, formerly $7.50.

Before the meeting the Mayor and Commissioners visited the site where the filtration plant is being built on Chestnut Street. They also visited the site on Philos Avenue Extended in the area of the new Bruce High School where a water storage tank is about completed. This tank will hold 590,000 gallons of water to provide sufficient water at all times for the new school and the residents of Greene's Addition.

A test will be made to see if the equipment is in working condition.

T. E. Wimer Elected Mayor Of Franklin

FRANKLIN, W. Va.—T. E. Wimer was elected mayor of Franklin in Tuesday's balloting, defeating C. W. Neville, incumbent, by a vote of 181 to 112.

Dona Propst defeated the incumbent recorder, Mrs. Evelyn B. Neville, by a vote of 161 to 98.

In the councilmanic contests, with the five highest being elected, the following is the voting:

L. T. Stickley, 220; Woodrow Hartman, 200; Elmer Hartman, 193; Dr. Luther Rexrode, 191; W. M. Flinn, 189; George Lovegrove, 140; B. J. Audle, 130, and Charles J. Warner, 105.

Wilson To Manage Phone Company In Hardy County

MOOREFIELD—At a meeting of officials of the Hardy Telephone Company, Inc., the board of directors, based on the recommendation of Rural Electrification Administration, Washington, employed Sam G. Wilson of Covington, Va., as manager. He will start his official duties as manager June 11.

Wilson is presently employed by the Clifton Forge - Waynesboro Telephone Company and has had wide experience in connection with such work.

It was announced at the meeting that the bids for the construction of the switchboard to be located near Lost River will be opened June 14. Also bids will be requested for the construction of the lines and the installation of phones.

This company will serve all of Hardy County, and parts of Hampshire and Pendleton counties, and will be one of the most modern dial telephone systems now available.

Bayard Voters Elect Lumberman Mayor

BAYARD — This Grant County town elected a new mayor Tuesday, giving 80 votes to Cecil Layton, in the lumber business here, as against 23 for Nay Blocher who was running for re-election.

There will also be three new members on the five-man council. These and their votes are H. R. Winters, who led the entire ticket in the annual non-partisan election with 93 votes; Elgin Layton, 59; and Lester Simmons, 57. Councilmen re-elected were E. S. Nine, 56; and H. E. Shaffer, 52, while incumbents defeated in their bid for re-election were R. J. Boltz, 47; and W. B. Cramer, 34. There were 10 candidates for council with the other voting being C. M. Fulk, 51; George Layton, 44; and George Fulk, 29.

Renamed without opposition was Recorder H. R. Fulk Sr., who will be starting his fourteenth term in the post, not all consecutively.

The election brought a big turnout, 106 votes being cast as against about 150 eligible voters.

Keyser Elks To Open New Home June 15

KEYSER—The grand opening of the new home of Keyser Lodge 1916, BPO Elks, in the Music Hall building has been scheduled for Friday, June 15.

However, the Elks home, the entrance to which is on Center Street, will be opened Monday. The building has been completely remodeled and redecorated. The lodge will occupy the old stage which will not be used, lodge rooms and the downstairs dressing rooms which have been renovated to include two game rooms, a kitchen, a club and TV room and two rest rooms. Cost of the construction work has been estimated at between $6,000 and $7,000.

For the opening, music for the dance will be provided by the Peck Mills "Combo." Ladies of the Elks will serve a buffet luncheon at 11 p. m.

The Elks lodge, since its organization here, has been located in the American Legion building on Armstrong Street Extended. Hours in the new home will be as follows: Monday through Friday, 5 p. m. until midnight; Saturday, noon until midnight, and Sundays 1 to 6 p. m.

The next lodge meeting will be held June 14 when several candidates will be initiated. The Cumberland ritualistic team will be in charge of the program.

Church Sponsors Strawberry Festival

MT. SAVAGE — St. Margaret's Chapter of St. George's Episcopal Church will sponsor a strawberry festival in the churchyard on Thursday, June 21. During the evening there will be entertainment of several skits and the crowning of the strawberry queen, who will be elected by the patrons.

Nearly 70 per cent of the people who lose their lives in motor accidents are pedestrians.

TRAINING—James D. Brown Jr., son of Dr. and Mrs. J. D. Brown, Romney, W. Va. is training with the United States Air Force and has been promoted to Airman First Class. He enlisted at the Cumberland Recruiting Station in March after attending West Virginia University and graduating from Romney High School. After completing his military obligation he plans to resume his scholastic studies.

Keyser Assembly Church Sponsors Vacation School

KEYSER — The Assembly of God vacation Bible School will be held Monday through June 22 from 9 to 11:30 a. m. for all boys and girls from four years of age through 15. The theme of the school will be "Champions For Christ."

The staff includes the following: Pastor, Rev. O. R. Whipkey; director, Miss Maxine Randell; pianist, Miss Mary Lancaster; teachers, beginners, Mrs. Wendell Shaffer, Mrs. O. R. Whipkey, Misses Shirley George, Sue Bowers, Earlene Ward and Patty Moomau; primaries: Mesdames Elijah VanMeter, Jacob Simmons, Glenn Bowman, Pluma Riggleman and Minnie Riley and Miss Jean Boyce; juniors: Mrs. Orlie O'Haver, Mrs. Clara Staggs, Mrs. Ruth Kimble, Donald Smith and George Rosedale; intermediates: Mrs. Dottie Miller, Mrs. Leota Boyce and Mrs. Ruth Moomau.

There will be a program by the children Friday, June 22, at 7:30 p. m.

St. Peter's Alumni Holds Annual Banquet Tomorrow

WESTERNPORT — Attorney Charles W. Pendergast of Roselle, N. J., will be toastmaster at the annual dinner of the Alumni Association of St. Peter's High School tomorrow at 6 p. m. in the school hall.

A graduate of the high school, Pendergast served five years in the Air Force during World War II. He is a graduate of Potomac State College, Keyser, and holds a law degree from George Washington University, Washington. He is now employed by the federal government in New York City.

Rev. Linus E. Robinson, pastor of St. Peter's, will deliver the principal address.

Four surviving members of the class of 1906 who will be honored at the dinner are Mrs. Bernadette Bell Pendergast, Miss Beatrice Fahey, Miss Winifred Hannon and Mrs. Ruby Kelly Bissett.

Members of the alumni who wish to attend the dinner are requested to make reservations with Miss Lena Maybury, James Small Jr., Mrs. Joseph Nelson, Mrs. James Rafter, Miss Rita Welsh, Miss Patricia Fearer, Mrs. Woodrow Wilson, Miss Patricia Healy, Mrs. Cecil Bateson or Miss Margaret Devine, chairman of the ticket committee.

The Swing Kings of Cumberland will play for the dance in the school hall from 8:30 until midnight.

Westernport Will Increase Water Rates

Council Studies New Ordinance

WESTERNPORT—A study of the water ordinance was made by Mayor Okey E. Michael and the Commissioners Wednesday.

Certain recommendations that the ordinance be amended were made and Horace P. Whitworth will be consulted to prepare the changes.

Beginning July 1, the water bill will be collected monthly instead of every three months. Some of the changes state that the property owner will pay the water bill instead of the tenant.

The new minimum rate will be $18 per year, compared with the old rate of $9. Some of the charges set up in the new amended ordinance include: Family with six rooms or less $14.50, formerly $9; two in a family $1.25 yearly with each additional room over six at former rate of 75 cents.

Bathroom closet and bath tub or shower $12, formerly $7.50.

Before the meeting the Mayor and Commissioners visited the site where the filtration plant is being built on Chestnut Street. They also visited the site on Philos Avenue Extended in the area of the new Bruce High School where a water storage tank is about completed. This tank will hold 590,000 gallons of water to provide sufficient water at all times for the new school and the residents of Greene's Addition.

A test will be made to see if the equipment is in working condition.

MIDLAND—A street parade tonight will highlight the street carnival and celebration being sponsored here by Tioga Tribe No. 126, Order of Red Men.

Featured in the revue will be musical organizations, veteran groups, fire companies and other entries, including Red Men and Pocohantas members from the Tri State area.

The Red Men and Pocohantas have purchased new Indian costumes and regalia which they will wear publicly for the first time.

Carnival rides for children and adults and a number of other entertainment attractions have been set up near Main Street. Games and refreshments will be featured in the Red Men's Hall. The affair will run through Saturday.

Frostburg Plans Police Examination

FROSTBURG — Police Commissioner Franklin Martens has announced a civil service examination for candidates for the position of patrolman in the city of Frostburg. This examination is to bring the list of qualified applicants up to the proper level.

The local police department consists of the chief of police, the assistant chief, two sergeants, and four patrolmen.

North Carolina's Outer Banks were settled by shipwrecked English sailors.

Housing Project Planned At Keyser

KEYSER — Several minor matters were discussed at a meeting of the mayor and city council Wednesday. The regular meeting was Tuesday but it could not be held as the council chamber was used for the city election.

Arnold C. Haggerty said he planned a housing project on nine acres of land he recently purchased on the hill in the rear of the home of Mrs. Emory Tyler and William C. Knott on Hawthorne Road.

The purchaser said he plans to build a few houses and sell them and sell the balance of the tract to others. He asked the city to install water and sewer lines on the tract.

102 Graduate Today At Frostburg State

53rd Commencement Scheduled For 2 P. M. In Compton Hall

FROSTBURG—The fifty-third annual commencement of Frostburg State Teachers College will be held in Compton Hall auditorium this afternoon at 2 o'clock with Thomas G. Pullen Jr., state superintendent of schools, presenting diplomas and certificates to 102 graduates.

The traditional ceremony will open with the processional, "Pomp and Circumstance' 'played by Mrs. Mary Drum Bollino, organist. "America the Beautiful" will be sung and the invocation will be given by Rev. George L. Wehler, pastor of Salem Evangelical and Reformed Church.

Singers Offer Anthem

The Maryland Singers, famed FSTC vocal group, will offer the anthem, "All Creatures of Our God and King."

Gov. Theodore R. McKeldin, who will deliver the commencement address, will be presented by William A. Gunter, local attorney and member of the state board of educaton. Following Gov. McKeldin's oration, the Maryland Singers will present an anthem, "A Song of Praise".

R. Bowen Hardesty, president of State Teachers College will confer degrees and Thomas G. Pullen Jr., will award diplomas.

Ivan C. Diehl, dean of instruction, will then present honors to the foremost graduates. The recessional, "Allegro Pomposa" will be played by Mrs. Bollino.

Hold Open House

Last night Dr. and Mrs. Hardesty held open house at their home for members of the class, local and visiting guests. Prior to the commencement exercises today, Gov. McKeldin, Dr. Pullen, Wendell D. Allen, Baltimore, presdent of the state board of education, Jerome Frampton Jr., Federalsburg, vice president; former Senator Gunter and several other guests will attend a luncheon at Clary Club.

The fifty-third commencement rounds out a progressive year at the college, President Hardesty noted yesterday, as he outlined plans for additional buildings and improvements to the half-century old instituton .

U. Of Maryland To Award Four Honorary Degrees In Agriculture Tomorrow

COLLEGE PARK, Md., June 7 (AP)—The University of Maryland will award four honorary degrees and three honorary certificates of merit in agriculture when some 2,169 degrees are conferred in commencement exercises Saturday.

Honorary doctor of science degrees will go to Dr. George McCullough Anderson, Baltimore Dental surgeon, and Dr. Karl F. Herzfeld, head of Catholic University's department of physics.

An honorary degree in engineering will be awarded to Edward C. Mayo, president of Gorham Manufacturing Co., Providence, R. I., and one in law will be given John William Gardner, president of Carnegie Foundation and the commencement guest speaker.

The agriculture certificates are slated to be awarded to James McSherry Shriver, Westminster; Herman Lamont Stockslager, Hagerstown, and James McKenny Willis Jr., Easton.

Dr. Anderson, a Port Deposit, Md., native, has been head of Johns Hopkins Hospital orthodontics section and was professor of orthodontics at Baltimore University.

Herzfeld, educated in Vienna, was a Hopkins professor from 1926 until 1936 and has lectured at the University of Michigan, Cooper Union and Fordham University.

Mayo was educated at the University of Maryland. He became vice president in charge of production for the Gorham Manufacturing Co. of the Alvin Corp. in 1924.

Gardner in 1942 was appointed head of the Latin-American section of the Foreign Broadcast Intelligence Service under the Federal Communications Commission. He became a staff member of the Carnegie Corp. in 1946 and was appointed president of the Foundation in 1955.

Shriver's honorary agricultural certificate is in recognition of his leadership in crop and livestock farming, in the canning industry, in conservation and in community and civic affairs.

Stockslager is being honored for his contributions in improving livestock, crop and fruit enterprises in Western Maryland and for his service in farm organizations and to educational, welfare and civic work.

Willis' recognition stems from his leadership in farm-business enterprises, for his contributions in the development of improved marketing methods and for achievements in banking and participation in community and civic affairs.

The University will confer 1,389 bachelor degrees in the arts and sciences; 1,785 degrees in the graduate schools in philosophy, education, arts, sciences, business administration and foreign study, and 384 in the schools of medicine, law, nursing, dentistry and pharmacy.

Study Of Baltimore Medical Program Set

BALTIMORE, June 7 (AP) — The permanent medical advisory committee of Baltimore's State-financed medical care programs begins next week a study of the program which has been under fire from Dr. R. Walter Graham, city comptroller and a physician.

Dr. Ernest L. Stebbins, director of the Johns Hopkins School of Hygiene and Public Health, is head of the advisory committee.

Dr. Graham has charged irregularities in the handling of prescriptions and claims some doctors are handling too many of the relief cases.

Dr. Huntington Williams, Baltimore health commissioner, has denied Graham's allegations.

Two Baltimore Boys Struck By Cars Die

BALTIMORE, June 7 (AP) — Lee Flanagan, 8, and Richard L. Dooms, 6, struck by cars in separate accidents, died last night and early today.

Young Flanagan, a Negro youth, was struck last Friday. He died at Mercy Hospital. The Dooms boy was hit Tuesday evening. He died early today at Union Memorial Hospital.

Police said the drivers of both cars would be charged with manslaughter.

They were identified as Herman W. Harris, 40-year-old Negro, driver of the car which hit the Dooms boy, and Edward J. Koschei, 32, of Saugas, Mass., operator of the vehicle which struck the Flanagan youth.

Juvenile Court Secrecy Draws Fire Of Editor

BALTIMORE, June 7 (AP)—Problems regarded as juvenile delinquency represent "adult American failure . . . in all the aspects of social health and social welfare," a North Carolina editor charged today.

The speaker was Jonathan Daniels of the Raleigh News and Observer. He addressed the Maryland State Conference of Social Welfare.

Daniels also criticized secrecy in the handling of juvenile offenders.

As an illustration, he recalled the case of Billy Ray Prevatte, 15, waiting trial on a charge of shooting to death a Seat Pleasant, Md., school teacher.

The boy was expelled from a Raleigh school for threatening a teacher and then moved to Maryland to stay with his brother.

Daniels said that because of secrecy in juvenile court cases, "the first community knowledge in Raleigh that Billy was even a possible young monster came with the news of the killing in Maryland."

He said the Raleigh Juvenile Court could have required a mental examination for the boy but did not, operating instead under "its theory that secrecy must be preserved to protect the child."

He added, "And under the cloak of that secrecy, Billy Ray was sent to Maryland instead of an institution without either the community which ejected him or the one which received him knowing any facts about the case."

172nd Session Of Baltimore Conference Of Methodist Church Opens

WESTMINSTER, Md., June 7 (AP)—The 172nd session of the Baltimore Conference of the Methodist Church opened at Western Maryland College here today with the naming of the Rev. Paul H. Groseclose of Silver Spring as the new secretary.

The Rev. Dorsey K. Sturgis, of Washington, D. C., who had served as secretary for 11 years, declined to serve again.

The organization also resulted in the naming of the Rev. H. A. Milstead, of Washington, D. C., as statistician, the Rev. Emmett R. Spencer of Baltimore as treasurer, and Mrs. Thelma Shilling of Baltimore as assistant treasurer.

Bishop G. Bromley Oxnam, resident bishop of the Washington area, called the meeting to order.

The bishop presided at the 10 a. m. communion service assisted by Dr. Lowell S. Ensor, president of Western Maryland College; the Rev. Harold R. Hodgson, pastor of Westminster Methodist Church, and district superintendents J. Luther Neff, Baltimore East District; E. Cranston Riggin, Baltimore South District; O. B. Langrall, Baltimore West District; Harry C. Marsh, Hagerstown District; Orris G. Robinson, Washington East District, and Asbury Smith, Washington West District.

A memorial service followed which was presided over by the Rev. Paul R. Diehl, of Sykesville. The prayer of commemoration was delivered by the Rev. Glenn J. Cooper, retired; the scripture lesson by the Rev. F. Paul Harris, and the sermon by the Rev. Kenneth R. Rose, of Baltimore.

Your Handwriting's A Dead Giveaway

You might be able to fool your psychiatrist and pull the wool over your friends' eyes, but your handwriting is a dead giveaway, grapho-analysists report.

First off, grapho-analysis is as different from the old pseudo science of character reading by handwriting as modern medicine is from the dark ages before Pasteur, analysists assert.

Take the "T" bar, in which grapho-analysists place a lot of stock. If you cross your "Ts" high—sometimes even over the "T" — you're a day-dreamer. But other writing characteristics may reveal that you have the ability to make your dreams come true.

Long "T" bars, for example, show enthusiasm and sustained willpower. A low placed bar on a "T" shows you don't realize your own abilities. In between, you're the practical type.

Do you leave openings at the top of your "As" and "Os?" Then you're a person of free and easy expression. This means you might be the local gossip, or you might be a person of fine accomplishments.

Closed "As" and "Os" reveal a reticent personality. A long, wide downstroke on your "Gs," "Zs" and "Ys" indicate determination. A less favorable trait—temper—may be shown when the crossing misses the "T" and lands to the right. Formation of capital letters reveals whether the writer is of artistic or businesslike nature, and whether he is jealous or resentful.

Well, that seems to just about cover it. Except for the scrawl of the guy who cannot sign his name so one person in a hundred can read it. How are you going to analyze it?

These Days

By George E. Sokolsky

The Prodigal's Return

Tito is really a product of the errors of the West. It was the betrayal of Mikhailovich by the United States and Great Britain that gave Tito his strength and authority.

Perhaps in the year 1956, the name, Mikhailovich, is forgotten but he organized the resistance to Nazism and to Hitler in all the Yugoslavian countries; he organized on a democratic basis; he was opposed to the brutality of communism as he was to the brutality of the Nazi.

Opposing Mikhailovich was Josip Broz Tito, Communist, member of the Third International and until 1948, completely dominated by the Kremlin whose agent he was. After Mikhailovich had served the Allied cause, he was abandoned by them and Yugoslavia became part of the Soviet world with Tito as dictator.

Russia had no troops in Yugoslavia and therefore Tito was freer than some of the other satellite dictators. Years before when Earl Browder had proposed "American exceptionalism" to the Third International, it was Tito who most violently opposed the Browder concept of communistic nationalism, but Tito adopted this doctrine as his own and for it, in June 1948, he was expelled from the Third International which at that time went by the name of Cominform.

As early as March 20, 1948, Tito wrote to Molotov that Marshal Bulganin, who was then minister of people's defense, was removing all military advisers and instructors from Yugoslavia because they are "surrounded by hostility." The reason offended Tito. The fact of the matter is that Soviet Russia attempted to reduce Yugoslavia to a satellite which Tito resisted. In a letter dated March 27, 1948, the Communist party of Soviet Russia wrote to the Communist party of Yugoslavia:

"We readily admit that every Communist party, among them the Yugoslav, has the right to criticize the CPSU, even as the CPSU has the right to criticize any other Communist party. But Marxism demands that criticism be above-board and not underhand and slanderous, thus depriving those criticized of the opportunity to reply to the criticism. However, the criticism by the Yugoslav officials is neither open nor honest; it is both underhand and dishonest and of a hypocritical nature, because, while discrediting the CPSU behind its back, publicly they pharisaically praise it to the skies. Thus criticism is transformed into slander, into an attempt to discredit the CPSU and to blacken the Soviet system."

Tito replied on April 13:

"Among many Soviet people there exists the mistaken idea that the sympathy of the broad masses in Yugoslavia towards the USSR came of itself, on the basis of some traditions which go back to the time of Tsarist Russia. This is not so. Love for the USSR did not come of itself. It was stubbornly inculcated into the masses of the party and the people in general by the present leaders of the new Yugoslavia, including, in the first rank, those so seriously accused in the letter. The present leaders of new Yugoslavia are the same who, long before the war, sparing neither efforts nor sacrifices, persistently revealed to the masses the truth about the Soviet Union and planted among the masses of Yugoslavia love for the land of socialism."

It was in this same letter that Tito wrote:

"We cannot allow the Soviet Intelligence Service to spread its net in our country. We have our state security and our intelligence service for the struggle against various foreign capitalist elements and class enemies within the country, and if the Soviet intelligence agents need information or assistance in this direction they can obtain it whenever they want to; on our part, this has been done until now."

Considerable correspondence passed between the two countries and some of it was quite vituperative. On June 28, the Cominform stated:

"The Yugoslav leaders evidently do not understand or, probably, pretend they do not understand, that such a nationalist line can only lead to Yugoslavia's degeneration into an ordinary bourgeois republic, to the loss of its independence and to its transformation into a colony of the imperialist countries."

A call was made upon true Marxist-Leninists in Yugoslavia to change the leadership of their party and government; that is, to kick out Tito.

The essential error was to permit the betrayal of Mikhailovich by the United States and Great Britain and to build up Tito into a great international figure. Thus, our policy has again proved to have been without understanding and imagination.

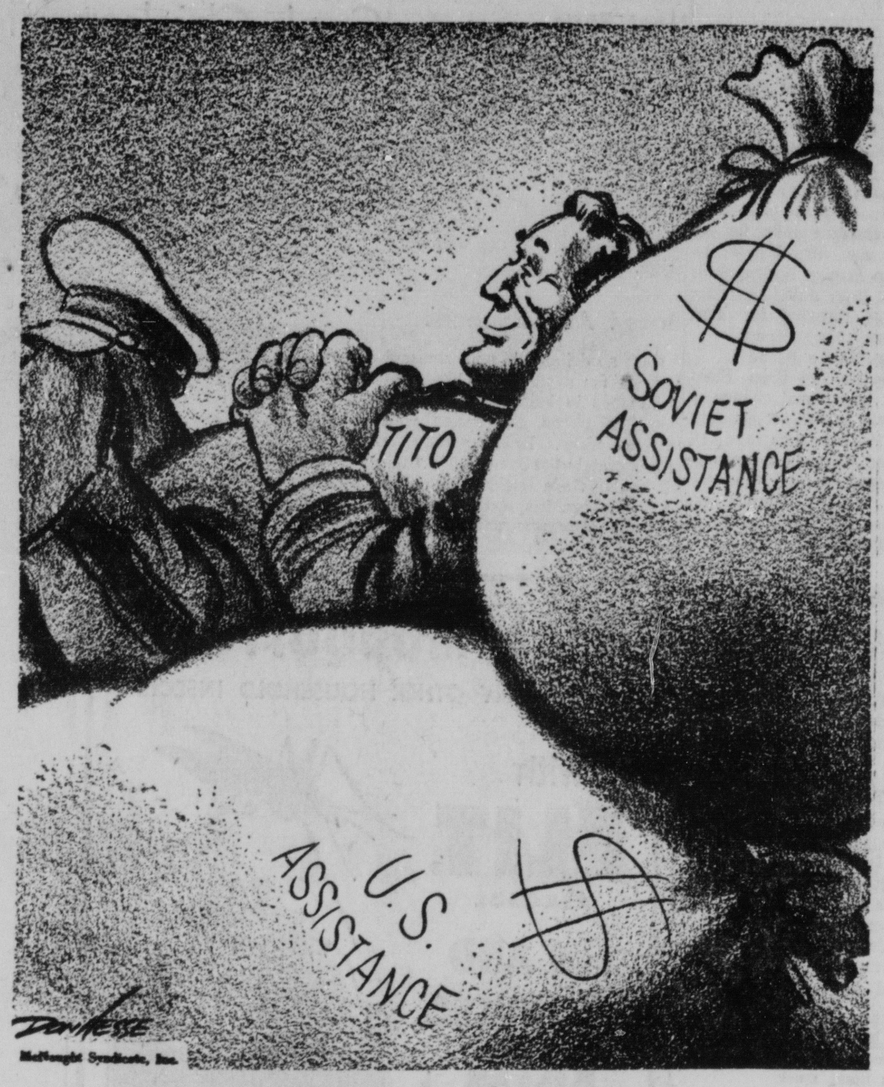
'Can't Beat This For Comfort!'



Brownell Gets Rigorous Questioning By Committee On Civil Rights Bill

By Drew Pearson

WASHINGTON — The Brownell civil rights bill to protect the voting rights of Negroes in the south came in for some rigorous cross-examination when the Senate Judiciary Committee finally hauled the attorney general before it. They almost had to use a block and tackle to get him there.

Brownell has ducked out on testifying before Senate committees almost as much as he has shied away from holding press conferences; so when the solons finally got him before them they gave the perspiring attorney general a bad time.

First, they wanted to know why he had delayed for months in answering their questions to him about civil rights. Second, they wanted to know why Brownell's civil rights bill didn't contain criminal penalties for denying the voting rights of Negroes. Instead, Brownell proposes civil action.

"You came out with what you heralded as a new administration civil rights program," reminded Sen. Tom Hennings of Missouri. "At the time you did that, there were three bills that had been reported out—four bills indeed—by the Subcommittee on Constitutional Rights.

"We put some thought into these matters. We did bring these way back in February.

"I wrote you this letter on April 9, following up some of the other letters of 1955."

Brownell Is Silent

Hennings then read a long letter to Brownell asking his opinion on the Senate's proposed civil rights legislation. Brownell, however, had no real reply.

"Thank you, Senator," was all he said.

"But I do want to know," pressed the senator from Missouri. "And I think I am entitled to know why we were consistently bypassed, why our letters were ignored, why we were given no assistance or help from the department which later unveiled with considerable publicity a new civil rights program.

"Now, on April 9, I took the liberty of addressing this letter to you, and I hold a copy of it in my hand."

Hennings then read the letter inviting Brownell to appear before the Judiciary Subcommittee on April 10 at 10:30 a. m.

"We have no record of any reply to that letter," said Hennings. Brownell sat silent.

"On these measures, I think it fair to say, and I think you will agree with me, that we had no cooperation," Hennings concluded.

Brownell gave no reply.

Hennings then changed the subject.

"I understand, Mr. Attorney General," he said, "that you are opposed to any penal provisions relating to any acts which would intimidate, threaten, or force any person to vote contrariwise, or not to vote in a federal election.

Brownell finally answered this one. "We are not opposed to it, Senator," he said. "We think that is matter of congressional consideration. We would not recommend it affirmatively to you at this time. We prefer to stress the civil aspects."

Sen. Hennings: "You would not recommend it, but you would not oppose it?"

Brownell: "That is right. We think more stress should be laid now on the civil remedies."

Sen. Hennings: "You think it might be more sufficiently compensatory to him to have a money judgement than to have those who deny him that right suffer some penal punishment?"

Brownell: "That would not represent my views."

Sen. Hennings: "I don't mean to try to represent your views, but I didn't quite grasp your philosophy on that."

Brownell: "We think when we see an action of this kind impending, it would be much better to try to go in and get injunctive relief, to try to prevent it from happening again, than to try to get penal punishment for the offender."

Negro Registration Blocked

Sen. Hennings: "You know a group of men who are determined to keep one or several persons away from the polls on a given day, and you would get an injunction against—"

Brownell: "It very often happens that there is a good chance to do that, because when they come to register, the denial of their right to register is shown to be on the basis of color or race."

Sen. Hennings: "Your belief is that injunctive relief would be more effective than the possibility of a penal clause punishing them for such efforts?"

Brownell: "There are, of course, some penal sections in the statute now which could be used. I would use the same analogy that we have in the anti-trust bills. There we have both the civil and criminal remedies."

Sen. Hennings: "I am sure that we are all very glad that you are evidencing this interest in this very important field. I wonder if you could tell me, Mr. Attorney General, why you did not see fit to reply to these numerous requests for advice and counsel; why you didn't answer?"

Brownell Evades

Brownell: "In order to make an answer on that I would have to consult my staff, because I know there was a great deal of telephoning and correspondence on it."

Hennings: "Some of these letters were written by me. I know for a fact that you and I didn't talk about those things, nor was I called by telephone to discuss it."

Brownell: "That is my recollection also."

Hennings: "Then you don't remember exactly why these letters were not answered?"

Brownell: "No, I don't, senator."

Communists Score With Supreme Court Dissent

By David Lawrence

WASHINGTON — The confusion inside the Supreme Court of the United States seems to grow with each week's decisions. This time the Communist party can boast of its greatest victory. Three out of the nine justices have accepted the persistently expressed alibi of the Communists in this country that they are "just another political party."

The Congress has repeatedly proclaimed by law that the Communist party is not a political party but a conspiracy which waits for the opportune moment to overthrow the Government of the United States.

The three justices of the Supreme Court who have accepted the argument of the Communists that they are just a political party are Chief Justice Douglas and Justice Black.

Douglas' Dissent Cited

The opinion of the court in the case held that an employer in California was justified in discharging an employe because of membership in the Communist party and that it was covered by the contract between the union and the employer. Justices Harlan, Reed, Burton, Clark, Minton and Frankfurter concurred in the ruling of the court.

But Justice Douglas, writing a dissenting opinion in behalf of Chief Justice Warren, Justice Black and himself, said it wasn't a matter of a local contract and that the doctrine expounded by the majority "violates First Amendment guarantees of citizens who are workers in our industrial plants." Then Justice Douglas writes:

"I can better illustrate my difficulty by a hypothetical case. A union enters into a collective-bargaining agreement with an employer that allows any employe who is a Republican to be discharged for 'just cause.' Employers can, of course, hire whom they choose, arranging for an all-Democratic labor force if they desire.

"A union has no such liberty if it operates with the sanction of the state or the federal government behind it. It is then the agency by which governmental policy is expressed and may not make discriminations that the government may not make.

"But the courts may not be implicated in such a discriminatory scheme. Once the courts put their imprimatur on such a contract, government, speaking through the judicial branch, acts. And it is governmental action that the Constitution controls.

Support For Hutchins

"Certainly neither a state nor the federal government could adopt a political test for workers in defense plants or other factories. It is elementary that freedom of political thought is protected by the 14th Amendment against interference by the states, and against federal regimentation by the First Amendment.

"Government may not favor one political group over another. Government may not disquality one political group from employment. And if the courts lend their support to any such discriminatory program, Shelley V. Kraemer teaches that the government has thrown its weight behind an unconstitutional scheme to discriminate against citizens by reason of their political ideology. That cannot be done in America, unless we forsake our Bill of Rights. . . .

"The court today allows belief, not conduct, to be regulated."

This means that Robert Hutchins of the Fund for the Republic, who thinks the Communist party is "just another political party" and who is spending Ford's millions to advocate that doctrine in America, has found stanch support in the views of three members of the Supreme Court.

It means also that these same justices reveal an inconsistency with their refusal last week to review a case in which two workers had appealed against a court decision compelling them to join a union though it was against their religious beliefs as protected under the First Amendment of the Constitution.

Discards Doctrine Of Prevention

Justice Douglas offered in support of his view in the California case just decided that Chief Justice Hughes in 1937 had ruled that a state couldn't punish Communists for holding a public meeting. But that was long before the true meaning of the Communist conspiracy was exposed, as it has been in the last 10 years, and safeguards written into law by Congress.

Justice Douglas says a defense plant may need to protect itself against sabotage but that the worker wasn't guilty of any acts of sabotage. This means that the doctrine of prevention is being discarded, and, if the argument is fully accepted, the Congress and the states must wait till bombs are thrown and complicity of an individual is actually proved before precautions can be taken against the hiring of agents of the Communist espionage and sabotage apparatus. It's all just a "political ideology" to Justices Warren, Douglas and Black.

Baering Down On The News

By Arthur "Bugs" Baer

Like most of us Governor Harriman is post-heckled by a remark made in the white heat of indifference.

Back in 1952 as the crow flaps Averell said he liked an equally Governor Stevenson. Since then their palsy-walsiness has been sprained. And the mill will never grind with water on the knee.

"I liked him then," explained Averell, "I like him now." He likes him now and then.

Before returning the empty bottle Adlai soaked the label off. And pasted it on a kettle boiling on the 1956 back-burners.

This kettle packed Adlai's candidatial hopes and fears. In the evaporating interim Averell also got into the log jam of presidential timber.

Therefore, and a dash of ergo, Averell says his recommendations are not guaranteed over four years. He was talking to himself while being misquoted.

On The Emmaus Road

By Joseph Alsop

EMMAUS, Jordan

The little village of Emaos, or Emmaus in the more familiar spelling of the Bible, is no more than a cluster of mud-built Arab houses nestling among sparse olive groves on the crown of a rocky hill.

Just down the sunlit slope there is the immemorial village threshing floor, bright now with the golden harvest. A swarm of tragically thin children are cheering the work on. Two old men guide the scrawny ox and bony donkey which are trampling the wheat stalks in the ancient way. And half a dozen women are briskly sifting the grain from the chaff in big basketwork sieves.

The ribbon of road winds up from the vale of Ajalon, past the threshing floor. It is the road we have been brought to inspect by Brother James Nolan, an aged, merry, lavishly bearded English Cockney monk who lives in the abandoned convent of Emmaus and works for the Trappist fathers in their great nearby monastery of Notre Dame de Latroun. Brother James overflows with little jokes —for instance, he says his Trappist friends drink only "baptized wine," by which he means wine heavily diluted with water. But now his eyes' customary twinkle has been replaced by a different light.

Partly it is the light of combat. It angers Brother James that Biblical commentators are not sure that his Emmaus is the real Emmaus of the Bible. As for Brother James, he has no doubt about it. Pointing to the road, with the tears of simple faith suddenly welling forth, he tells us solemnly, "There is the road where our blessed Lord, crucified for our sins, risen again from the dark tomb, met the disciples on Resurrection Morn."

Moreover, even if Brother James cannot quite prove his identification of Emmaus, this is a place that has known more history than most. Here, we are told the moon stood still, for did not Joshua give the command, "Sun stand thou still upon Gibeon, and thou, moon, in the valley of Ajalon." Here too the mighty Judah Maccabeus fought one of the first and bitterest battles in the Jews' long war of independence against the Seleucid heirs of Alexander the Great.

Here came the Romans when the Maccabees weakened—in the Trappist fathers' garden, in the walks deeply shaded by clipped orange trees, white marble fragments of a Roman temple show palely in the cool gloom. Here too came the wild desert-riders of the Saliph Omar, second successor to the Prophet, who started the transformation of the Aramaic Christian peasantry into the Muslim and Arabs that they still are.

Here came also the Crusaders—Richard the Lion Hearted once took his Christmas dinner in the grim keep of the Knights Templar on the high crag of Latroun. Then Saladin drove the Templars from their castles, and after that there were the Turks, and after that the British, and finally the Jews returned again. And here the Arab Legion, dug in among the ruins of the Templars castle, held the Israeli advance down the Emmaus road in a long and bloody fight.

But skirt the barbed wire that marks the beginning of no-mans-land between Jordan and Israel. Go to the fine gate of the handsome Trappist monastery, where it looks out across its vineyards to the untilled fields of the wide neutral zone in the valley. See the heirs of all this history, the many scores of half starved poor people of Emmaus who come to share in the monastery's daily distribution of soup and bread. Then you think men can have too much of history.

Seek out the Trappist's tall, slender, wise-eyed Father Abbot, who was a Belgian parachutist in the war against Adolf Hitler. He tells of the fighting at Latroun between Arabs and Israelis. He explains that under the armistice agreement, all the rich valley lands in the neutral zone are forbidden to be tilled. He describes how the people of Emmaus tried to work their forbidden fields back in 1953; how they managed well enough until the harvest; and how they were caught in the fields at harvest time by the Israeli border guards. "Three were killed among the grain," he says drily. "They had broken the armistice agreement." Once again you think that it is better for poor people to keep out of history's path.

Or go again among the dusty melancholy streets of Emmaus, to the once prosperous, now shabby house of Mukhtar who leads the village. Tonelessly, as though telling a story already told too often, this shrewd old farmer describes what has happened to his people. They held no less than 7,500 acres of land "in the times before the war when we were rich." Now "those people over there" — the Mukhtar means the Israelis—hold 4,000 acres of the lands of Emmaus. Another 3,000 acres lie in the neutralized zone, "where we learned our lesson three years ago." And all the lands that Emmaus can till are now the few patches among the rocks on the hill where the village stands.

False Pride Often Prevents Use Of Hearing Aid

By Dr. Theodore R. Van Dellen

Beethoven was deaf at an early age. His father, an alcoholic, was a strict disciplinarian so far as Ludwig's music was concerned. He insisted that the boy practice several hours a day from the age of five. Young Beethoven became a good musician but his father's sternness made him defiant and resentful, an attitude that was reflected in his music.

The Viennese went wild over his compositions, however, and by age 22, Beethoven was tops in his field. Thus the senior Beethoven's whipcracking proved a blessing in disguise.

Before the musician was 30 he became deaf. This was a real handicap as there were no hearing aids 150 years ago. But Beethoven was not downed as he found he could pick up sound vibrations by holding a stick between his teeth and pressing it against the keyboard of the piano.

This stick trick came in handy when he was at work in his studio. At social gatherings, however, he was lost and as his deafness progressed he avoided society. He could not hear his voice, which became raucous; and he overcompensated for his disability with an explosive temper and arrogant manners.

We will never know how many of the one-third million pure tones Beethoven was unable to hear. He undoubtedly suffered from otosclerosis in which there is a conductive hearing loss. This is the type that can be overcome by a hearing aid.

It is estimated that more than 3 million of the hard of hearing in America today could improve their hearing by wearing an aid but false pride or vanity prevent their doing so. It is no more a sign of age than wearing glasses. Many of these men and women behave like Beethoven because they cannot hear properly.

Edison often said his deafness had much to do with the development of the phonograph. He never regarded the defect as a handicap because it allowed him to concentrate "in a world undisturbed by the uproar of civilization" and permitted him to "miss a lot of punk conversation."

Many other famous persons have been hard of hearing including the violinist, Fritz Kreisler; the painter, Joshua Reynolds, and the statesman, Barney Baruch. Nowadays, in addition to hearing aids, there are at least two operations that help many victims of otosclerosis.

IRRITATED BY CLOTHES

M. W. writes: What can be done for a skin rash caused by wearing clothing?

REPLY

You are an ideal candidate for a southern nudist camp. Clothing is made from so many different materials you should be able to buy a textile that is kind to your skin. Have you determined whether you are sensitive to the soap, detergent, or chemicals used in laundering?

X-RAY PRODUCTION

F. C. W. writes: What is the difference between radium and X-ray treatment?

REPLY

Both are gamma rays. Those from radium stem from a radioactive metal whereas X-rays come from a special tube. The effect of both agents is somewhat the same although it is easier to vary the dosage with X-rays.

RECTAL CANCER

C. D. writes: What are the symptoms of cancer of the rectum?

REPLY

Bleeding and changes in bowel habits. Later manifestations include weight loss, anemia, pallor, and weakness.

DRINKING AND REDUCING

Mrs. T. writes: My husband and I are on a reducing diet. Are the calories in alcoholic drinks used for energy and not stored as fat?

REPLY

Yes, but these calories must be counted just the same because the energy derived from alcohol robs food of its opportunity to be used for energy. As a result, that part of food which would be used as energy is stored as fat. It is difficult to reduce without going on the wagon because alcohol stimulates appetite and lowers resistance to the temptation to eat hors d'oeuvres that ooze with calories.

MOUSE FARM

R. E. writes: I have been told that in Vienna, mouse milk brings a good price. I thought of starting a mouse milk farm here if there is a demand for mouse milk. Is there such a market?

REPLY

No. What do mice have that cows don't?

HUNGER AND ACID

J. L. writes: Does hunger between meals mean too much stomach acid?

REPLY

No; it means not enough food. Occasionally hunger is associated with a low blood sugar level.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellan will not make diagnosis or prescribe for individual diseases.

Two gardeners met at the village store. "I hear you're up at Golden Acres, working for that banker feller Rockerbilt," said one by way of greeting. "Me working for Rockerbilt? You've got it all wrong," the other assured him. "Why he gets up at six-thirty every morning to catch that crowded old train to commute to the hot city so he can keep up his estate and pay us all our wages. Rockerbilt is working for me!"

Mrs. Teitlebaum gasped and announced, "It says in the paper here that a man is run over in New York every 20 minutes."

"How sad," mumbled Mr. Tietlebaum. "The poor fellow!"

Your Handwriting's A Dead Giveaway

You might be able to fool your psychiatrist and pull the wool over your friends' eyes, but your handwriting is a dead giveaway, grapho-analysists report.

First off, grapho-analysis is as different from the old pseudo science of character reading by handwriting as modern medicine is from the dark ages before Pasteur, analysists assert.

Take the "T" bar, in which grapho-analysists place a lot of stock. If you cross your "Ts" high—sometimes even over the "T" — you're a day-dreamer. But other writing characteristics may reveal that you have the ability to make your dreams come true.

Long "T" bars, for example, show enthusiasm and sustained willpower. A low placed bar on a "T" shows you don't realize your own abilities. In between, you're the practical type.

Do you leave openings at the top of your "As" and "Os?" Then you're a person of free and easy expression. This means you might be the local gossip, or you might be a person of fine accomplishments.

Closed "As" and "Os" reveal a reticent personality. A long, wide downstroke on your "Gs," "Zs" and "Ys" indicate determination. A less favorable trait—temper—may be shown when the crossing misses the "T" and lands to the right. Formation of capital letters reveals whether the writer is of artistic or businesslike nature, and whether he is jealous or resentful.

Well, that seems to just about cover it. Except for the scrawl of the guy who cannot sign his name so one person in a hundred can read it. How are you going to analyze it?

These Days

By George E. Sokolsky

The Prodigal's Return

Tito is really a product of the errors of the West. It was the betrayal of Mikhailovich by the United States and Great Britain that gave Tito his strength and authority.

Perhaps in the year 1956, the name, Mikhailovich, is forgotten but he organized the resistance to Nazism and to Hitler in all the Yugoslavian countries; he organized on a democratic basis; he was opposed to the brutality of communism as he was to the brutality of the Nazi.

Opposing Mikhailovich was Josip Broz Tito, Communist, member of the Third International and until 1948, completely dominated by the Kremlin whose agent he was. After Mikhailovich had served the Allied cause, he was abandoned by them and Yugoslavia became part of the Soviet world with Tito as dictator.

Russia had no troops in Yugoslavia and therefore Tito was freer than some of the other satellite dictators. Years before when Earl Browder had proposed "American exceptionalism" to the Third International, it was Tito who most violently opposed the Browder concept of communistic nationalism, but Tito adopted this doctrine as his own and for it, in June 1948, he was expelled from the Third International which at that time went by the name of Cominform.

As early as March 20, 1948, Tito wrote to Molotov that Marshal Bulganin, who was then minister of people's defense, was removing all military advisers and instructors from Yugoslavia because they are "surrounded by hostility." The reason offended Tito. The fact of the matter is that Soviet Russia attempted to reduce Yugoslavia to a satellite which Tito resisted. In a letter dated March 27, 1948, the Communist party of Soviet Russia wrote to the Communist party of Yugoslavia:

"We readily admit that every Communist party, among them the Yugoslav, has the right to criticize the CPSU, even as the CPSU has the right to criticize any other Communist party. But Marxism demands that criticism be above-board and not underhand and slanderous, thus depriving those criticized of the opportunity to reply to the criticism. However, the criticism by the Yugoslav officials is neither open nor honest; it is both underhand and dishonest and of a hypocritical nature, because, while discrediting the CPSU behind its back, publicly they pharisaically praise it to the skies. Thus criticism is transformed into slander, into an attempt to discredit the CPSU and to blacken the Soviet system."

Tito replied on April 13:

"Among many Soviet people there exists the mistaken idea that the sympathy of the broad masses in Yugoslavia towards the USSR came of itself, on the basis of some traditions which go back to the time of Tsarist Russia. This is not so. Love for the USSR did not come of itself. It was stubbornly inculcated into the masses of the party and the people in general by the present leaders of the new Yugoslavia, including, in the first rank, those so seriously accused in the letter. The present leaders of new Yugoslavia are the same who, long before the war, sparing neither efforts nor sacrifices, persistently revealed to the masses the truth about the Soviet Union and planted among the masses of Yugoslavia love for the land of socialism."

It was in this same letter that Tito wrote:

"We cannot allow the Soviet Intelligence Service to spread its net in our country. We have our state security and our intelligence service for the struggle against various foreign capitalist elements and class enemies within the country, and if the Soviet intelligence agents need information or assistance in this direction they can obtain it whenever they want to; on our part, this has been done until now."

Considerable correspondence passed between the two countries and some of it was quite vituperative. On June 28, the Cominform stated:

"The Yugoslav leaders evidently do not understand or, probably, pretend they do not understand, that such a nationalist line can only lead to Yugoslavia's degeneration into an ordinary bourgeois republic, to the loss of its independence and to its transformation into a colony of the imperialist countries."

A call was made upon true Marxist-Leninists in Yugoslavia to change the leadership of their party and government; that is, to kick out Tito.

The essential error was to permit the betrayal of Mikhailovich by the United States and Great Britain and to build up Tito into a great international figure. Thus, our policy has again proved to have been without understanding and imagination.

'Can't Beat This For Comfort!'

Brownell Gets Rigorous Questioning By Committee On Civil Rights Bill

By Drew Pearson

WASHINGTON — The Brownell civil rights bill to protect the voting rights of Negroes in the south came in for some rigorous cross-examination when the Senate Judiciary Committee finally hauled the attorney general before it. They almost had to use a block and tackle to get him there.

Brownell has ducked out on testifying before Senate committees almost as much as he has shied away from holding press conferences; so when the solons finally got him before them they gave the perspiring attorney general a bad time.

First, they wanted to know why he had delayed for months in answering their questions to him about civil rights. Second, they wanted to know why Brownell's civil rights bill didn't contain criminal penalties for denying the voting rights of Negroes. Instead, Brownell proposes civil action.

"You came out with what you heralded as a new administration civil rights program," reminded Sen. Tom Hennings of Missouri. "At the time you did that, there were three bills that had been reported out—four bills indeed—by the Subcommittee on Constitutional Rights.

"We put some thought into these matters. We did bring these way back in February.

"I wrote you this letter on April 9, following up some of the other letters of 1955."

Brownell Is Silent

Hennings then read a long letter to Brownell asking his opinion on the Senate's proposed civil rights legislation. Brownell, however, had no real reply.

"Thank you, Senator," was all he said.

"But I do want to know," pressed the senator from Missouri. "And I think I am entitled to know why we were consistently bypassed, why our letters were ignored, why we were given no assistance or help from the department which later unveiled with considerable publicity a new civil rights program.

"Now, on April 9, I took the liberty of addressing this letter to you, and I hold a copy of it in my hand."

Hennings then read the letter inviting Brownell to appear before the Judiciary Subcommittee on April 10 at 10:30 a. m.

"We have no record of any reply to that letter," said Hennings. Brownell sat silent.

"On these measures, I think it fair to say, and I think you will agree with me, that we had no cooperation," Hennings concluded.

Brownell gave no reply.

Hennings then changed the subject.

"I understand, Mr. Attorney General," he said, "that you are opposed to any penal provisions relating to any acts which would intimidate, threaten, or force any person to vote contrariwise, or not to vote in a federal election.

Brownell finally answered this one. "We are not opposed to it, Senator," he said. "We think that is matter of congressional consideration. We would not recommend it affirmatively to you at this time. We prefer to stress the civil aspects."

Sen. Hennings: "You would not recommend it, but you would not oppose it?"

Brownell: "That is right. We think more stress should be laid now on the civil remedies."

Sen. Hennings: "You think it might be more sufficiently compensatory to him to have a money judgement than to have those who deny him that right suffer some penal punishment?"

Brownell: "That would not represent my views."

Sen. Hennings: "I don't mean to try to represent your views, but I didn't quite grasp your philosophy on that."

Brownell: "We think when we see an action of this kind impending, it would be much better to try to go in and get injunctive relief, to try to prevent it from happening again, than to try to get penal punishment for the offender."

Negro Registration Blocked

Sen. Hennings: "You know a group of men who are determined to keep one or several persons away from the polls on a given day, and you would get an injunction against—"

Brownell: "It very often happens that there is a good chance to do that, because when they come to register, the denial of their right to register is shown to be on the basis of color or race."

Sen. Hennings: "Your belief is that injunctive relief would be more effective than the possibility of a penal clause punishing them for such efforts?"

Brownell: "There are, of course, some penal sections in the statute now which could be used. I would use the same analogy that we have in the anti-trust bills. There we have both the civil and criminal remedies."

Sen. Hennings: "I am sure that we are all very glad that you are evidencing this interest in this very important field. I wonder if you could tell me, Mr. Attorney General, why you did not see fit to reply to these numerous requests for advice and counsel; why you didn't answer?"

Brownell Evades

Brownell: "In order to make an answer on that I would have to consult my staff, because I know there was a great deal of telephoning and correspondence on it."

Hennings: "Some of these letters were written by me. I know for a fact that you and I didn't talk about those things, nor was I called by telephone to discuss it."

Brownell: "That is my recollection also."

Hennings: "Then you don't remember exactly why these letters were not answered?"

Brownell: "No, I don't, senator."

The Viennese went wild over his compositions, however, and by age 22, Beethoven was tops in his field. Thus the senior Beethoven's whipcracking proved a blessing in disguise.

Before the musician was 30 he became deaf. This was a real handicap as there were no hearing aids 150 years ago. But Beethoven was not downed as he found he could pick up sound vibrations by holding a stick between his teeth and pressing it against the keyboard of the piano.

This stick trick came in handy when he was at work in his studio. At social gatherings, however, he was lost and as his deafness progressed he avoided society. He could not hear his voice, which became raucous; and he overcompensated for his disability with an explosive temper and arrogant manners.

We will never know how many of the one-third million pure tones Beethoven was unable to hear. He undoubtedly suffered from otosclerosis in which there is a conductive hearing loss. This is the type that can be overcome by a hearing aid.

It is estimated that more than 3 million of the hard of hearing in America today could improve their hearing by wearing an aid but false pride or vanity prevent their doing so. It is no more a sign of age than wearing glasses. Many of these men and women behave like Beethoven because they cannot hear properly.

Edison often said his deafness had much to do with the development of the phonograph. He never regarded the defect as a handicap because it allowed him to concentrate "in a world undisturbed by the uproar of civilization" and permitted him to "miss a lot of punk conversation."

Many other famous persons have been hard of hearing including the violinist, Fritz Kreisler; the painter, Joshua Reynolds, and the statesman, Barney Baruch. Nowadays, in addition to hearing aids, there are at least two operations that help many victims of otosclerosis.

IRRITATED BY CLOTHES

M. W. writes: What can be done for a skin rash caused by wearing clothing?

REPLY

You are an ideal candidate for a southern nudist camp. Clothing is made from so many different materials you should be able to buy a textile that is kind to your skin. Have you determined whether you are sensitive to the soap, detergent, or chemicals used in laundering?

X-RAY PRODUCTION

F. C. W. writes: What is the difference between radium and X-ray treatment?

REPLY

Both are gamma rays. Those from radium stem from a radioactive metal whereas X-rays come from a special tube. The effect of both agents is somewhat the same although it is easier to vary the dosage with X-rays.

RECTAL CANCER

C. D. writes: What are the symptoms of cancer of the rectum?

REPLY

Bleeding and changes in bowel habits. Later manifestations include weight loss, anemia, pallor, and weakness.

DRINKING AND REDUCING

Mrs. T. writes: My husband and I are on a reducing diet. Are the calories in alcoholic drinks used for energy and not stored as fat?

REPLY

Yes, but these calories must be counted just the same because the energy derived from alcohol robs food of its opportunity to be used for energy. As a result, that part of food which would be used as energy is stored as fat. It is difficult to reduce without going on the wagon because alcohol stimulates appetite and lowers resistance to the temptation to eat hors d'oeuvres that ooze with calories.

MOUSE FARM

R. E. writes: I have been told that in Vienna, mouse milk brings a good price. I thought of starting a mouse milk farm here if there is a demand for mouse milk. Is there such a market?

REPLY

No. What do mice have that cows don't?

HUNGER AND ACID

J. L. writes: Does hunger between meals mean too much stomach acid?

REPLY

No; it means not enough food. Occasionally hunger is associated with a low blood sugar level.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is enclosed. Telephone inquiries not accepted. Dr. Van Dellan will not make diagnosis or prescribe for individual diseases.

Try And Stop Me!

By Bennett Cerf

Two gardeners met at the village store. "I hear you're up at Golden Acres, working for that banker feller Rockerbilt," said one by way of greeting. "Me working for Rockerbilt? You've got it all wrong," the other assured him. "Why he gets up at six-thirty every morning to catch that crowded old train to commute to the hot city so he can keep up his estate and pay us all our wages. Rockerbilt is working for me!"

Mrs. Teitlebaum gasped and announced, "It says in the paper here that a man is run over in New York every 20 minutes."

"How sad," mumbled Mr. Tietlebaum. "The poor fellow!"

On The Emmaus Road

By Joseph Alsop

EMMAUS, Jordan

The little village of Emaos, or Emmaus in the more familiar spelling of the Bible, is no more than a cluster of mud-built Arab houses nestling among sparse olive groves on the crown of a rocky hill.

Just down the sunlit slope there is the immemorial village threshing floor, bright now with the golden harvest. A swarm of tragically thin children are cheering the work on. Two old men guide the scrawny ox and bony donkey which are trampling the wheat stalks in the ancient way. And half a dozen women are briskly sifting the grain from the chaff in big basketwork sieves.

The ribbon of road winds up from the vale of Ajalon, past the threshing floor. It is the road we have been brought to inspect by Brother James Nolan, an aged, merry, lavishly bearded English Cockney monk who lives in the abandoned convent of Emmaus and works for the Trappist fathers in their great nearby monastery of Notre Dame de Latroun. Brother James overflows with little jokes —for instance, he says his Trappist friends drink only "baptized wine," by which he means wine heavily diluted with water. But now his eyes' customary twinkle has been replaced by a different light.

Partly it is the light of combat. It angers Brother James that Biblical commentators are not sure that his Emmaus is the real Emmaus of the Bible. As for Brother James, he has no doubt about it. Pointing to the road, with the tears of simple faith suddenly welling forth, he tells us solemnly, "There is the road where our blessed Lord, crucified for our sins, risen again from the dark tomb, met the disciples on Resurrection Morn."

Moreover, even if Brother James cannot quite prove his identification of Emmaus, this is a place that has known more history than most. Here, we are told the moon stood still, for did not Joshua give the command, "Sun stand thou still upon Gibeon, and thou, moon, in the valley of Ajalon." Here too the mighty Judah Maccabeus fought one of the first and bitterest battles in the Jews' long war of independence against the Seleucid heirs of Alexander the Great.

Here came the Romans when the Maccabees weakened—in the Trappist fathers' garden, in the walks deeply shaded by clipped orange trees, white marble fragments of a Roman temple show palely in the cool gloom. Here too came the wild desert-riders of the Saliph Omar, second successor to the Prophet, who started the transformation of the Aramaic Christian peasantry into the Muslim and Arabs that they still are.

Here came also the Crusaders—Richard the Lion Hearted once took his Christmas dinner in the grim keep of the Knights Templar on the high crag of Latroun. Then Saladin drove the Templars from their castles, and after that there were the Turks, and after that the British, and finally the Jews returned again. And here the Arab Legion, dug in among the ruins of the Templars castle, held the Israeli advance down the Emmaus road in a long and bloody fight.

But skirt the barbed wire that marks the beginning of no-mans-land between Jordan and Israel. Go to the fine gate of the handsome Trappist monastery, where it looks out across its vineyards to the untilled fields of the wide neutral zone in the valley. See the heirs of all this history, the many scores of half starved poor people of Emmaus who come to share in the monastery's daily distribution of soup and bread. Then you think men can have too much of history.

Seek out the Trappist's tall, slender, wise-eyed Father Abbot, who was a Belgian parachutist in the war against Adolf Hitler. He tells of the fighting at Latroun between Arabs and Israelis. He explains that under the armistice agreement, all the rich valley lands in the neutral zone are forbidden to be tilled. He describes how the people of Emmaus tried to work their forbidden fields back in 1953; how they managed well enough until the harvest; and how they were caught in the fields at harvest time by the Israeli border guards. "Three were killed among the grain," he says drily. "They had broken the armistice agreement." Once again you think that it is better for poor people to keep out of history's path.

Or go again among the dusty melancholy streets of Emmaus, to the once prosperous, now shabby house of Mukhtar who leads the village. Tonelessly, as though telling a story already told too often, this shrewd old farmer describes what has happened to his people. They held no less than 7,500 acres of land "in the times before the war when we were rich." Now "those people over there" — the Mukhtar means the Israelis—hold 4,000 acres of the lands of Emmaus. Another 3,000 acres lie in the neutralized zone, "where we learned our lesson three years ago." And all the lands that Emmaus can till are now the few patches among the rocks on the hill where the village stands.

Bran Flake Quick Breads

June is the traditional party month. Graduation parties, bridal showers, or receptions call for festive refreshments. Bran Flake Quick Bread sandwiches are easy to make yet have an elegant appearance. Use all three of the bran flake quick bread variations—orange nut, apricot nut, or banana—or select your favorite. Bran flakes, in addition to adding texture and flavor to quick breads, make important nutritional contributions of protein, the B-complex vitamins, minerals, and food energy.

Bake the quick breads in the cool of the day or on the previous day. These quick breads are "good keepers" if securely wrapped in saran. For the easy-to-make tea sandwiches, slice your favorite bran flake bread very thin. Make fancy shaped sandwiches using cream cheese, plain or with marmalade, as the filling. Decorate the top of the sandwich with a cream cheese rose.

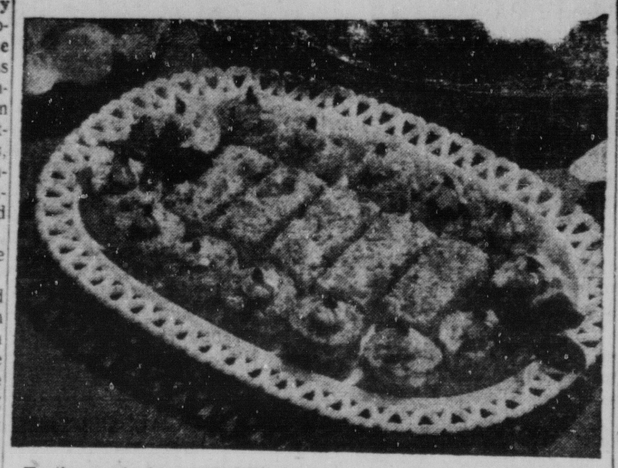
Party or reception refreshments should be easy to set up for serving. Frozen fruit salad is cooling and refreshing. It stands up better during the serving period than ice cream. The salad can be prepared the day before the party.

The tea sandwiches, except for the decoration, can be made early in the day, wrapped in saran, and stored in the refrigerator until serving time.



Festive party tea sandwiches are easy to make with Bran Flake Quick Breads.

Bran Flake Quick Breads are convenient and nutritious for other meals too. Bake an extra loaf of one or more of the variations and store in your freezer.

Research has demonstrated that breakfast is important. You will feel better, you will work better, you will be quicker in the late morning hours if you eat a basic breakfast. Who could resist this tempting version of a basic breakfast?

It takes just a few minutes to take the bread from the freezer, slice it and toast it.

Bran Flake Quick Breads make delicious sandwiches for luncheon, picnics, or box lunches.

And so you see Bran Flake Quick Breads can add variety around the clock.

BRAN FLAKE QUICK BREADS

Bran Flake Orange Nut Bread

2 cups sifted all-purpose flour
3 teaspoons baking powder
1½ teaspoons salt
½ cup sugar
1½ tablespoons grated orange rind
½ cup chopped nuts
1 egg, well beaten
1 cup orange juice
3 tablespoons melted fat
1 cup bran flakes

Sift together flour, baking powder, salt, and sugar; stir in orange rind and nuts. Combine egg, orange juice, and fat; add to flour mixture, stir just until well mixed. Blend in bran flakes. Turn into greased loaf pan, 9 x 5 x 3 inches. Bake in moderate oven (350°F.) until done, about 1 hour. Cool on rack 10 minutes. Remove from pan. Yield: 1 loaf.

Bran Flake Apricot Nut Bread

Follow recipe for Bran Flake Orange Nut Bread and change as follows: Soak 1 cup dried apricots 2 hours in cold water to cover; drain and cut into quarters. Omit orange rind; decrease salt to 1 teaspoon; substitute milk for orange juice; use Brazil nuts; increase fat to ¼ cup. Add apricots to mix with bran flakes. Prepare and bake as directed for Bran Flake Orange Nut Bread.

Banana Bran Flake Bread

Follow recipe for Bran Flake Orange Nut Bread and change as follows: Omit grated orange rind. Substitute ⅓ cup milk and 1½ cups mashed bananas for orange juice. Increase fat to ¼ cup. Add 1 teaspoon vanilla. Prepare and bake as directed for Bran Flake Orange Nut Bread.

Tangy Sauce For Tongue

Buying food on a budget is simpler when you select thrifty meats. Fresh beef tongue, a thrifty meat, makes a hearty family main course when served with a piquant onion sauce. Here is the recipe:

Beef Tongue With Sauce

1 fresh beef tongue
1 clove garlic, sliced
1 bay leaf
½ teaspoon thyme
4 whole cloves
10 peppercorns
1 cup brown sugar
1 cup vinegar

Sauce

3 medium onions, sliced
¼ cup butter or margarine
1½ tablespoons flour
1¾ cups meat stock
1 branch celery, chopped
½ bay leaf
½ teaspoon salt
¼ teaspoon pepper
2 tablespoons pickle relish
1 tablespoon vinegar

Wash tongue, place in a pan and cover with cold water; add seasonings. Cover pan, heat to boiling, then lower heat and simmer 50 minutes per pound of meat or until tender. Remove skin, slice and serve with the sauce.

Sauce: Brown onions in butter; blend in flour and brown slightly. Add stock, celery, bay leaf, salt, and pepper. Simmer ½ hour or until onions are tender. Remove bay leaf. Sieve and cook 10 minutes longer. Mix in relish and vinegar and serve. 6 to 8 servings.

Facts About Veal

For tenderness and appetite appeal, veal should be cooked to the well-done stage. Use a roast meat thermometer to insure your veal roast is cooked to the desired degree of doneness. This method will take the guess work out of your cooking.

Meat Facts Worth Knowing

All meat should be cooked at low temperature. All meat is tender if cooked by the right method.

Steaks and chops should be seasoned after browning.... Lamb should be cooked to the medium or well done stage, veal should always be cooked to the well done stage.

Bacon And Bananas

For a delightful and unusual garnish for a steak or chops, cut 6 bananas in half and wrap with slices of bacon and fasten with wooden picks. Broil or bake in a moderately hot oven (400°F.) until bananas are tender and bacon is crisp. Turn frequently.

Cook Chicken In Sunday-Best Style

A rewarding sight any Sunday afternoon is the white linen-covered table loaded with a heaping platter of golden chicken.

When the chicken is baked in a perfect "smoothie" of a sauce, it comes to the table in real Sunday-best style. And condensed cream soups stand way out in front as sauces to enhance the flavor of chicken. Could be cream of chicken soup dotted with crunchy chopped almonds. Or mushroom soup-sauce, made extra mellow with cheese. Good to gaze upon and to eat on a lovely, lazy Sunday.

Chicken In Almond Sauce

2 packages (1-pound size) frozen chicken thighs, breasts, drumsticks or wings
1 can (1¼ cups) condensed cream of chicken soup
¼ cup finely chopped blanched almonds

Thaw chicken as directed on package. Arrange pieces in a shallow baking pan. Pour soup over chicken; sprinkle almonds on top. Bake in a moderate oven (350°F.) about 1 hour, or until chicken is tender. 6 to 8 servings.

Mushroom-Cheese Baked Chicken

2 packages (1-pound size) frozen chicken thighs, breasts, drumsticks or wings
½ pound small white onions
1 can (1¼ cups) condensed cream of mushroom soup
½ cup shredded process cheese

Thaw chicken as directed on package. Arrange pieces in a shallow baking pan. Peel onions; place around chicken. Combine soup and cheese; pour over chicken and onions. Bake in a moderate oven (350°F.) about 1 hour, or until chicken is tender. 6 to 8 servings.

The little brown jar of unsulphured molasses which stands on the pantry shelf gives a fine golden cast and taffy flavor to three different cake frostings.

Unsulphured Molasses Varies Cake Frostings

Molasses, known to the earliest colonists, is also as modern as today's cake mixes. The unsulphured molasses is a mild and delicate sweetener because it is the juice of fully matured sugar cane. It has the sugar, the minerals such as iron, and vitamins found in the cane.

The delicacy of unsulphured molasses gives a wonderful caramel flavor to a broiler frosting. For this quickie frosting, coconut is combined with butter and molesses, spread over a cake and placed under broiler heat for a couple of minutes.

The penuche frosting to go on a spice, chocolate or white cake is smooth and true to its candy name. If the confectioners' sugar called for in the frosting recipe is omitted, the penuche can be used as a sauce for ice cream sundaes.

By adding molasses to the old stand-by seven-minute frosting, one gains a taffy flavor and a frosting smooth and free of sugar crystals.

Molasses Coconut Topping

1 package white or yellow cake mix
⅓ cup unsulphured molasses
¼ cup butter or margarine
1 cup shredded coconut

Prepare and bake cake according to directions on package, using a 13 x 9½ x 2 inch oblong pan. Combine molasses and butter; heat until butter is melted. Stir in coconut. Remove from heat. Spread over warm cake. Place under broiler heat 2 to 3 minutes or until coconut is brown.

Penuche Frosting

½ cup butter
⅔ cup sugar
⅓ cup unsulphured molasses
2 tablespoons evaporated milk
2 cups sifted confectioners' sugar

Melt butter in saucepan. Add sugar and molasses. Bring to a boil; reduce heat and boil 2 minutes, stirring constantly. Remove from heat; cool. Stir in evaporated milk. Gradually stir in confectioners' sugar; beat until thick enough to spread.

YIELD: 1 ⅔ cups.

Note: For Penuche Ice Cream Sauce, omit confectioners' sugar. Serve warm or cold. Store in refrigerator. If sauce becomes too thick, add additional evaporated milk.

Molasses Taffy Frosting

1 egg white, unbeaten
¼ cup water
1 cup sugar
2 tablespoons unsulphured molasses
⅛ teaspoon salt
½ teaspoon vanilla

Combine egg white, water, sugar, unsulphured molasses and salt in top of double boiler. Beat over rapidly boiling water with rotary or electric beater until frosting stands in peaks. Remove from heat; add flavoring. Beat until spreading consistency. Frost cake; if desired, garnish with nuts.

YIELD: Enough for tops and sides of 2 or 9-inch cake layers.

Spiced Meat

Spices and herbs add a special flavor treat to meats and sauces which give these foods unusual appetite appeal. Marjoram, a sweet herb, with a fresh flavor resembling sage is used for flavoring lamb roasts and sausages such as liverwurst and bologna. The herb, thyme, is a member of the mint family and adds a gourmet's touch to beef, veal and pork dishes. Try it in soup, too.

June Weddings Bring Spring Showers

Spring! Bridal luncheons and suppers! What friendlier way to start than with steaming pitchers of bouillon and chicken soup with rice, served in cups with gay spring garnishes? Then, baked cheese sandwiches, molded fruit salad—and fun!

This is the month for it! Through a flurry of parties, friends and daughters of friends whirl gayly toward the happiest day of their lives!

When you're the hostess for a bridal shower, What to Serve? A choice of soups, poured steaming from pitchers into cups, makes a cozy informal beginning for the party. Decorate each serving with a blithe springtime garnish. Pass around some nibble food and relax with your guests while baked cheese sandwiches reach a tangy perfection in the oven. With the sandwiches serve a salad made the night before — lemon gelatin spiked with fresh strawberries, fresh mint and pineapple rings or chunks.

Cups Of Soup With Springtime Garnish

Choose any of the quick-fix condensed soups; prepare according to directions, and garnish as suggested below . . .

Chicken with Rice, with green pepper rings, chopped chives or parsley.

Bouillon, with lime or lemon slices.

Chicken Noodle, with chopped watercress.

Vegetable Beef, with 2 or 3 thin onion rings.

Baked Cheese Sandwiches

To serve 8, make 8 sandwiches with ready-sliced cheese. Cut into triangular halves, after removing crusts. Arrange in a pretty pattern in a greased, 8-inch square casserole. Over sandwiches pour a mixture of 3 beaten eggs, 3 cups of milk, ¼ teaspoon pepper. Let stand about 30 minutes. Sprinkle with paprika and bake in a 350 degrees F. oven for 50 to 60 minutes, or until brown and puffed.

Cornbread Supreme

Add finely diced cooked ham to cornbread batter before baking. It's truely tasty and m. . .m . . ., so good.

THE LITTLE WOMAN

"This is that awful part I was telling you about!"

Liquid Miracle! No washday powder ever made can give you the concentrated washing power of **new** blue instant liquid **Wisk**

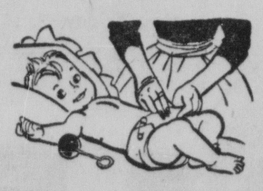
The instant Wisk hits water, it bursts into millions of wet, live, liquid suds, *liquid suds* with concentrated washing power that get out dirt and stains dry, lazy, powder suds can't even budge.

You will pour Wisk into your washer. It will get your family wash so clean and white that you will never use a powder detergent again!

LIQUID MIRACLE! WISK washes clothes whiter than any powder ever made! Without bluing or bleach, it gets white things up to three shades whiter with the first wash!

LIQUID MIRACLE! WISK removes more stains than any powder! Wet stain with water. Spread WISK directly on stain. Put in machine with rest of wash. WISK gets *everything* clean.

LIQUID MIRACLE! WISK is safer, much safer, than any powder ever made! WISK is safe as only a liquid can be. Safe for delicate fabrics, colors. Safe for hands. *And no sneezes!*



New, blue WISK is different from anything you ever tried. In the first place, it is a liquid you pour into your washer. It goes to work instantly. No waiting for powders to dissolve.

But, more important, new WISK is concentrated. It does three times as much wash as the same amount of powder. And does it better, too. For it gives you a concentrated washing power unequaled by any powder. Besides, new WISK is safe for hands, safe for fabrics — safe as only a liquid can be.

MAKES ANY WASHER TURN OUT A CLEANER AND A WHITER FAMILY WASH

Never again need you find a gravy spot left in a just-washed napkin, or a lipstick stain in a hand towel, or a grease spot in a suit of coveralls. For concentrated liquid WISK penetrates deep into cloth fibers in a way no powder can. Safely, but thoroughly, it pulls out stubborn stains, removes hidden dirt, gets everything clean.

And wait till you see what WISK does for shirt collars and cuffs! Without bluing or bleach, it gets white things up to three shades whiter with the first wash. In fact, WISK gets all your family wash so clean it even smells clean.

FIRST REALLY ALL-PURPOSE DETERGENT!

You will use WISK for just about every cleaning job in your home! It makes quick work of dishes: Soaks them clean. Concentrated WISK wipes grease off a stove or kitchen wall. It makes old, discolored linoleum look new. It gets yellowed kitchen cabinets white and shiny again.

WISK does the toughest jobs quicker, easier, more safely than products designed for these tasks. Now you can throw away those harsh and dangerous chemicals!

NO MORE MESSY, SNEEZY POWDERS!

And what a blessing WISK is! It does away with "washday hay fever"... with clumsy, soggy boxes . . . with messy powders that spill. And because WISK does so many jobs so well, you don't have to clutter your shelves with all those boxes and bottles you used to need.

WISK IS UNCONDITIONALLY GUARANTEED!

We've promised a good deal for WISK and we mean it. In fact, we guarantee it! If you don't agree that WISK is the *best* detergent you've ever used — not just as good, but the BEST! — we at Lever Brothers will return the purchase price to you . . . *plus postage!*

WINS GAS RANGE—Tony Yetsco, manager of Cumberland's Wolf Furniture store, is shown presenting a Tappan Deluxe Greenbrier gas range to Mrs. W. Ardell Haines, Woodlawn, LaVale, as one of her awards for winning the recent Mrs. Maryland contest sponsored by the Cumberland and Allegheny Gas Company. Mrs. Haines also was awarded an all-expense paid trip to Ormond Beach, Fla., where she participated in the national Mrs. America contest.

A nibble snack spread is made by blending canned apple sauce with a favorite cheese spread—1 cup of the sauce to a jar of the cheese is about right proportion. This is guaranteed to win favor with the family juniors as an after-school spread for bread, with Dad as a bedtime cracker snack, and with friends any time at all as a cocktail spread accompanying liquid refreshments.

Coffee Shares Honors

A traditional American hot roll, Philadelphia Sticky Buns star at a late breakfast or leisurely brunch. Their flavor is enhanced by the taste of full-bodied, just-brewed coffee. Be sure there's a good supply of the brew on hand—one Sticky Bun always calls for another.

No matter where you live, you've probably heard of Philadelphia Sticky Buns. Always teamed with hot coffee, they deserve to be a coast-to-coast favorite. Fragrant with cinnamon and brown sugar, these buns are rich in plump raisins, crunchy with pecans. And the "sticky" part? That's a golden glaze of corn syrup, giving the hot bread a delightful texture.

Philadelphia Sticky Buns look and taste as if they demanded hours spent in the kitchen. But the fact is that they don't—they're based on a hot roll ready-mix. You needn't tell your family and friends the secret—they'll be too busy asking for "seconds" to care, anyhow.

Though the buns are good at any hour of the day, they seem especially delectable at a late Sunday breakfast or long, lazy brunch. Of course, Sticky Buns aren't complete with generous cups of piping coffee. When you nibble at a bun, take a long sip of the hot brew—you'll agree that they're a perfect team.

Philadelphia Sticky Buns

1 pkg. hot roll mix
2 tablespoons softened butter or margarine
¼ cup brown sugar
1½ teaspoons cinnamon
¼ cup chopped pecans
⅓ cup seedless raisins
36 whole pecan meats
½ cup light corn syrup (about)

Prepare hot roll mix as directed on package. Let rise in warm place until double in bulk. Turn out on floured board and knead lightly until smooth and elastic. Roll out in oblong about ¼-inch thick. Spread with softened butter. Sprinkle with brown sugar and cinnamon, mixed. Scatter chopped pecans and raisins over surface. Roll up like jelly roll. Cut crosswise in 2-inch slices. Grease large muffin pans. Drop 3 whole pecans in each cup: add corn syrup to a depth of about ¼-inch. Place bun slices in cups, cut side up. Cover and let rise until double in bulk. Bake in moderate oven, 350°F. about 35 minutes or until golden brown. Turn out of pan at once. Makes 1 dozen large buns.

No Bake Cereal Crust Pie Ideal Hot Weather Dessert

Chocolate Peppermint Pie with Pre-sweetened Corn Flake Marshmallow Creme Crust will bring compliments to the cook. It is hard to believe that a dessert so elegant looking—so good tasting—is so simple to prepare. It takes just a few minutes to make a cereal flake crust. The melted marshmallow creme and butter are mixed with the pre-sweetened corn flakes, pressed into the pie pan, and chilled. It is as simple as that!

A cereal flake crust can be the basis for many other interesting combinations. The crunchy texture of the crust makes a pleasing contrast to the ice cream filling.

Here are some other delectable combinations:

Strawberry ice cream filling topped with fresh or frozen, sweetened strawberries.

Cherry Nougat ice cream topped with sweetened, frozen cherries.

Peppermint Stick ice cream topped with hot fudge sauce.

Vanilla ice cream with fresh or frozen sweetened raspberries or peaches.

If a supply of the basic ingredients is kept on hand this dessert can be prepared at short notice when unexpected guests arrive.

The ice cream pie can be served without freezing.

Nutrition-conscious homemakers are always on the alert for ways to improve the nutritive quality of the foods they serve. Breakfast cereals, when used as ingredients, add valuable protein, the B-complex vitamins, minerals, and food energy.

This refreshing Chocolate Peppermint Pie with Corn Flake Crust requires no baking.

CHOCOLATE PEPPERMINT PIE WITH PRE-SWEETENED CORN FLAKE MARSHMALLOW CRUST

- 2 tablespoons butter or margarine
- 1¼ cups marshmallow creme
- ¼ teaspoon salt
- 3 cups pre-sweetened corn flakes
- 1 pint chocolate ice cream
- 1 pint peppermint stick or mint ice cream
- ½ cup chopped peppermint stick candy

Combine butter or margarine, marshmallow creme, and salt in large pan. Place over low heat. Stir constantly until mixture is smooth and hot. Add pre-sweetened corn flakes; stir carefully until all cereal flakes are coated. Press mixture gently over sides and bottom of buttered 9-inch pie pan. Chill. Fill with a layer of chocolate ice cream, top with a layer of peppermint stick or mint ice cream. Smooth top. Place in freezer to become firm. Garnish top with chopped peppermint stick candy. Yield: 8 servings.

Cooking Meat Outdoors

There's no need to be tied to the kitchen range in this beautiful weather — now's the time to cook outdoors! When planning the menu for an outdoor meal, remember that nothing tastes as wonderful as meat cooked over the open fire.

The choice of meats to grill outdoors is wide. There are frankfurters, hamburger patties, ham slices, lamb chops, minute steaks, bacon, and any of the broilable beef steaks. All of these are tender, fast cooking meats.

There are some meats, however, that aren't as suitable for outdoor cooking; they are the less-tender cuts which require long, slow cooking with moist heat. Pork chops and steaks, beef chuck, and round steaks have the best flavor and tenderness when cooked over low heat on the range.

The Bride Cooks Pork

A bride's first cooking lesson could very well be the preparation of pork. To enjoy the best flavor and goodness of pork, the new homemaker should know a few simple pork cookery rules.

First, pork must be thoroughly cooked before serving. Whether braising, roasting, or stewing, in order to guarantee complete doneness, prepare pork with long, slow cooking. The high, quick temperatures of frying or broiling dry this meat, so cuts such as chops, steaks, and tenderloin slices should be braised. Brown the meat in a little hot fat, then cook it in a small amount of liquid in a covered pan.

One-half of the meat produced in the world is beef and veal.

Freezing Beef

When stopping by the meat counter these days, you'll find a beautiful array of cuts of high quality beef. This is the time of year when the heavy beef is marketed in large quantites and is sold at such attractive prices.

If you own a home freezer, or rent a locker, you can buy several of these economical cuts at once—four or five luscious pot roasts, some steaks, a couple of rib roasts, several packages of freshly ground beef — and freeze them for use later.

Beef put in the freezer today can be used anytime within the next 6 or 8 months and still have the same wonderful fresh meat flavor. (Use ground beef within 3 or 4 months.) To keep the good condition of the meat while frozen, wrap the meat carefully with a regular freezer paper, pressing the paper as close to the meat as possible to exclude the air. Seal the package tightly and then label with the cut and the amount of beef, and the date. Freeze the meat immediately and keep it stored at 0° F.

Braised Beef With Yorkshire Pudding Ideal For Family And Festive Meals

Braised beef with Yorkshire pudding, fresh asparagus, and salad of greens, radishes, cucumbers and tomato. Plentifully available beef round steak is the basic ingredient of the entree.

Gourmet treatment is given round steak in braised beef with Yorkshire pudding. Two pounds of the plentifully available and attractively priced round steak are tenderized, cut into "fingers," then cooked in an herb and mushroom-flecked wine sauce until tender. The savory combination is spooned over well-browned squares of crusty Yorkshire pudding for serving.

The easily prepared beef and vegetable mixture lends itself equally well to service at a guest buffet supper or as the feature of dinner planned "just for the family."

For either the guest supper or family dinner, accompany the braised beef and Yorkshire pudding with lemon buttered fresh asparagus, and salad greens tossed with radish and cucumber slices, tomato wedges, and oil and vinegar dressing. For dessert, serve cubed fresh pineapple with strawberry halves and rhubarb sauce, accompanied by coconut cookies.

If you like, prepare the braised beef early in the morning and reheat and pour into chafing dish for festive service. Prepare the Yorkshire pudding just before serving, for the crusty bread is best when piping hot.

BRAISED BEEF WITH YORKSHIRE PUDDING

- 2 pounds beef round steak, 1 inch thick
- ½ cup flour
- ¼ cup bacon drippings or other fat
- 1 can (1¼ cups) condensed consomme or 1¼ cup bouillon
- ½ cup Burgundy or other dry red wine
- 1 large onion, chopped
- 1 bay leaf
- ⅛ teaspoon each, thyme and marjoram
- 1 teaspoon salt
- ⅛ teaspoon pepper
- 1 4-ounce can mushroom stems and pieces, drained
- 2 tablespoons chopped parsley
- 1 recipe Yorkshire pudding

Trim excess fat from meat. Sprinkle half of flour over one side of meat and pound it with a meat hammer, or edge of heavy plate until flour is taken up by meat. Turn and repeat with remaining flour. Cut meat into strips ½ inch wide and 2 inches long. Brown thoroughly in hot fat; add consomme, wine, onion, bay leaf, herbs, and seasoning. Cover and simmer 1 hour, or until meat is tender. Stir frequently, adding a little water if gravy becomes too thick during cooking. About 5 minutes before end of cooking time, stir in mushrooms and parsley. Serve with Yorkshire pudding. 6 servings.

YORKSHIRE PUDDING

- 1 cup sifted all-purpose flour
- ¼ teaspoon salt
- 3 eggs, slightly beaten
- 1 cup milk
- ¼ cup drippings or other

Sift flour with salt. Combine eggs and milk and add flour, heating until smooth. Heat drippings and pour into hot rectangular baking pan (11½ by 7⅜ by 2 inches). Pour in pudding batter. Bake immediately in preheated 425° F. oven 35 to 40 minutes. Cut into squares and serve at once topped with braised beef.

Barbecued Corned Beef Hashburgers

Looking for a minute-mastered main dish? Barbecued Corned Beef Hashburgers are tops for this class. Slice a can of corned beef hash and place rounds in a greased baking dish. Brown in a hot oven (400° F.) for 10 minutes, turn and brown the under sides. Combine ¼ cup catsup, 1 teaspoon prepared mustard and one teaspoon vinegar and spread over tops of hash during the last baking period. Cut sandwich buns in half and toast both sids. Place a slice of barbecued hash in each bun.

POTATO CHIPS ★ PRETZELS

Braised Beef With Yorkshire Pudding Ideal For Family And Festive Meals

Braised beef with Yorkshire pudding, fresh asparagus, and salad of greens, radishes, cucumbers and tomato. Plentifully available beef round steak is the basic ingredient of the entree.

Gourmet treatment is given round steak in braised beef with Yorkshire pudding. Two pounds of the plentifully available and attractively priced round steak are tenderized, cut into "fingers," then cooked in an herb and mushroom-flecked wine sauce until tender. The savory combination is spooned over well-browned squares of crusty Yorkshire pudding for serving.

The easily prepared beef and vegetable mixture lends itself equally well to service at a guest buffet supper or as the feature of dinner planned "just for the family."

For either the guest supper or family dinner, accompany the braised beef and Yorkshire pudding with lemon buttered fresh asparagus, and salad greens tossed with radish and cucumber slices, tomato wedges, and oil and vinegar dressing. For dessert, serve cubed fresh pineapple with strawberry halves and rhubarb sauce, accompanied by coconut cookies.

If you like, prepare the braised beef early in the morning and reheat and pour into chafing dish for festive service. Prepare the Yorkshire pudding just before serving, for the crusty bread is best when piping hot.

BRAISED BEEF WITH YORKSHIRE PUDDING

- 2 pounds beef round steak, 1 inch thick
- ½ cup flour
- ¼ cup bacon drippings or other fat
- 1 can (1¼ cups) condensed consomme or 1¼ cup bouillon
- ½ cup Burgundy or other dry red wine
- 1 large onion, chopped
- 1 bay leaf
- ⅛ teaspoon each, thyme and marjoram
- 1 teaspoon salt
- ⅛ teaspoon pepper
- 1 4-ounce can mushroom stems and pieces, drained
- 2 tablespoons chopped parsley
- 1 recipe Yorkshire pudding

Trim excess fat from meat. Sprinkle half of flour over one side of meat and pound it with a meat hammer, or edge of heavy plate until flour is taken up by meat. Turn and repeat with remaining flour. Cut meat into strips ½ inch wide and 2 inches long. Brown thoroughly in hot fat; add consomme, wine, onion, bay leaf, herbs, and seasoning. Cover and simmer 1 hour, or until meat is tender. Stir frequently, adding a little water if gravy becomes too thick during cooking. About 5 minutes before end of cooking time, stir in mushrooms and parsley. Serve with Yorkshire pudding. 6 servings.

YORKSHIRE PUDDING

- 1 cup sifted all-purpose flour
- ¼ teaspoon salt
- 3 eggs, slightly beaten
- 1 cup milk
- ¼ cup drippings or other

Sift flour with salt. Combine eggs and milk and add flour, heating until smooth. Heat drippings and pour into hot rectangular baking pan (11½ by 7⅜ by 2 inches). Pour in pudding batter. Bake immediately in preheated 425° F. oven 35 to 40 minutes. Cut into squares and serve at once topped with braised beef.

Barbecued Corned Beef Hashburgers

Looking for a minute-mastered main dish? Barbecued Corned Beef Hashburgers are tops for this class. Slice a can of corned beef hash and place rounds in a greased baking dish. Brown in a hot oven (400° F.) for 10 minutes, turn and brown the under sides. Combine ¼ cup catsup, 1 teaspoon prepared mustard and one teaspoon vinegar and spread over tops of hash during the last baking period. Cut sandwich buns in half and toast both sids. Place a slice of barbecued hash in each bun.

Cereal Flake Hamburgers Always A Picnic Favorite

Picnics are fun—if the preparation is quick and easy, the food filling and tasty. This picnic can be assembled on short notice, especially if a supply of Jumbo Cereal Flake Hamburgers are in the freezer.

Speedy Picnic Menu

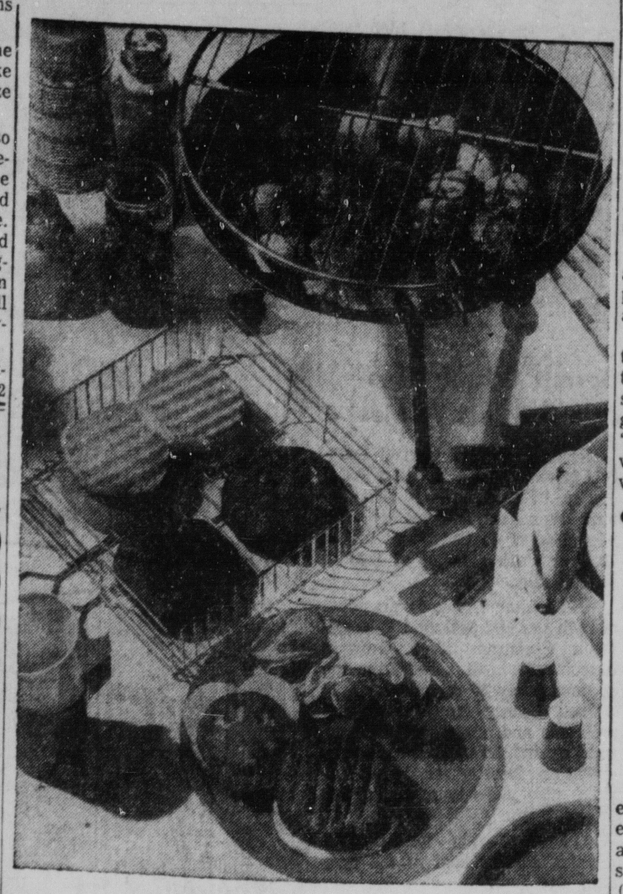
Jumbo Cereal Flake Hamburgers
Olives, pickles, mustard, chili sauce, sliced onions, and tomatoes
Toasted Buns Potato Chips
Fresh Fruit Cup Cakes or Cookies
Milk, Coffee, or Soft Drinks

Hamburgers made with cereal flakes retain their juiciness and shape during cooking. Cereal flakes are an ideal meat extender. Not only do they add flavor and texture, but valuable B-vitamins and minerals.

Hungry teen-agers will enjoy the jumbo size of these burgers. Make them somewhat smaller in size for the small fry's picnic.

Cereal Flake Hamburgers are so easy to make—no crumbs to prepare. The picnic burgers may be frozen after shaping and carried to the picnic in a frozen state. They will defrost slowly if carried in a padded thermal bag or refrigerated picnic cooler. If frozen when you leave home, they will remain in safe condition for several hours.

Here is a trick to aid in separating the defrosted burgers—slip 2 squares of waxed paper between each hamburger.



Jumbo Cereal Flake Hamburgers

2 cups corn flakes, slightly crushed
1½ pounds ground beef
¼ cup chopped onion
2 teaspoons salt
¼ teaspoon pepper
⅔ cup milk, water, or tomato juice
2 tablespoons fat

Mix ingredients together thoroughly. Gently shape and flatten 8 patties. Heat 2 tablespoons fat in skillet or on griddle. Cook patties to the doneness desired, 3 to 8 minutes over medium heat turning once. If preferred, broil until done on a rack 6 to 8 inches from a bed of glowing coals, turning once. Yield 8 burgers.

Corn Pudding

1 small green pepper (or 1 tablespoon dried)
1 small sweet red pepper (or 1 tablespoon dried)
½ medium onion, finely chopped (or 1 teaspoon onion flakes)
2 tablespoons butter
2 tablespoons flour
1 teaspoon salt
¼ teaspoon paprika
½ teaspoon mustard
Few grains cayenne
½ cup milk
1 1-lb. can cream-style corn
1 egg, beaten
¾ cup dried bread crumbs
2 tablespoons butter

Cook peppers and onion in butter until onions is soft but not brown, stirring constantly. Add flour mixed with seasonings and stir until well blended. Pour in milk, stirring constantly. Bring to the boiling point. Add corn and egg. Cook bread crumbs in the 2 tablespoons butter until golden brown. Add two-thirds of this to the original mixture and turn into a baking dish. Cover with rest of crumbs and bake in 375-degree oven 20 minutes. Serves 4.

Ham Topping

To add a note of elegance to hot or cold ham, prepare this savory sauce. Mash 1 ripe banana till smooth. Blend in ⅓ cup mayonnaise, ½ teaspoon salt, ½ teaspoon prepared mustard, 1½ teaspoons horseradish and 1 teaspoon finely chopped parsley.

Three Ways To Serve Economical Ground Beef

A pound of ground beef in the refrigerator means the makings of any one of many different main dishes for any kind of meal. Ground beef, the most versatile meat you can buy, can be served at luncheons, suppers, buffets, snacks, and even formal dinners.

This meat is always economical and currently, with supplies of beef plentiful, it's selling at prices more attractive than ever.

Next time you're debating about the menu for a party dinner, select this elegant ground beef steak with savory mushroom sauce. The ground meat is shaped into a large "steak" patty, richly seasoned with onion and celery, and cooked with the sauce. Here is the recipe:

Ground Beef Steak Supreme

1 pound ground beef
¼ cup fine bread crumbs
1 egg, beaten
1 teaspoon salt
⅛ teaspoon pepper
3 tablespoons minced onion
¼ cup chopped celery
1 can mushroom soup
½ cup water

Combine ground beef, crumbs, egg, salt, pepper, onion, and celery. Shape into an oblong patty about one inch thick. Brown in a skillet in hot fat. Carefully turn (use two spatulas) and brown other side. Dilute mushroom soup with water, blending until smooth. Pour over meat and cook on top of range over low heat 25 minutes. 4 servings.

When doubling the recipe, shape the meat mixture into two "steaks," brown them separately in the skillet and then transfer to a long baking dish. Pour the sauce over the meat and bake in a 325° F. oven 25 minutes.

Change the procedure, change the seasonings, and another version of ground beef is ready. This is an easy supper dish, tastily seasoned with diced celery, chili sauce, and basil. Serve this sauce-like mixture over noodles, rice, macaroni or halved baked potatoes.

Easy Ground Beef Supper

1 cup coarsely chopped onions
2 tablespoons fat
1 pound ground beef
¾ cup diced celery
¼ cup chopped celery leaves
¼ cup chili sauce
¾ cup water
½ teaspoon basil
1 teaspoon salt
⅛ teaspoon pepper

Cook onions in hot fat until soft; add ground beef and brown. Add remaining ingredients, cover, and simmer 30 minutes. Thicken with a flour and water paste, if necessary, and serve over noodles or rice. 4 servings.

For snacks or a family supper, nothing tops hamburgers in popularity. Here is a recipe for some unusual hamburgers: their surprise is a bean sprout-soy sauce topping. Buttered, toasted buns make a crunchy contrast to the meat.

Chinese Hamburgers

1 pound ground beef
1 teaspoon salt
⅛ teaspoon pepper
½ teaspoon Worcestershire sauce
½ teaspoon dry mustard
4 tablespoons water
1 can bean sprouts
Soy sauce
4 hamburger buns

Combine first six ingredients, shape into patties and pan-fry. Drain bean sprouts and heat in 2 tablespoons butter or margarine in a skillet, adding soy sauce to suit taste (about 2 teaspoons). Place 'burgers on buttered, toasted bun halves, spoon some of the juices left in the pan over the meat, top with bean sprout mixture and bun halves. 4 servings.

A pound of ground beef makes any one of these savory meat dishes. The surprise topping for the hamburgers is bean sprouts with soy sauce.

2 tablespoons fat

Mix ingredients together thoroughly. Gently shape and flatten 8 patties. Heat 2 tablespoons fat in skillet or on griddle. Cook patties to the doneness desired, 3 to 8 minutes over medium heat turning once. If preferred, broil until done on a rack 6 to 8 inches from a bed of glowing coals, turning once. Yield 8 burgers.

Corn Pudding

1 small green pepper (or 1 tablespoon dried)
1 small sweet red pepper (or 1 tablespoon dried)
½ medium onion, finely chopped (or 1 teaspoon onion flakes)
2 tablespoons butter
2 tablespoons flour
1 teaspoon salt
¼ teaspoon paprika
½ teaspoon mustard
Few grains cayenne
½ cup milk
1 1-lb. can cream-style corn
1 egg, beaten
¾ cup dried bread crumbs
2 tablespoons butter

Cook peppers and onion in butter until onions is soft but not brown, stirring constantly. Add flour mixed with seasonings and stir until well blended. Pour in milk, stirring constantly. Bring to the boiling point. Add corn and egg. Cook bread crumbs in the 2 tablespoons butter until golden brown. Add two-thirds of this to the original mixture and turn into a baking dish. Cover with rest of crumbs and bake in 375-degree oven 20 minutes. Serves 4.

Ham Topping

To add a note of elegance to hot or cold ham, prepare this savory sauce. Mash 1 ripe banana till smooth. Blend in ⅓ cup mayonnaise, ½ teaspoon salt, ½ teaspoon prepared mustard, 1½ teaspoons horseradish and 1 teaspoon finely chopped parsley.

Change the procedure, change the seasonings, and another version of ground beef is ready. This is an easy supper dish, tastily seasoned with diced celery, chili sauce, and basil. Serve this sauce-like mixture over noodles, rice, macaroni or halved baked potatoes.

Easy Ground Beef Supper

1 cup coarsely chopped onions
2 tablespoons fat
1 pound ground beef
¾ cup diced celery
¼ cup chopped celery leaves
¼ cup chili sauce
¾ cup water
½ teaspoon basil
1 teaspoon salt
⅛ teaspoon pepper

Cook onions in hot fat until soft; add ground beef and brown. Add remaining ingredients, cover, and simmer 30 minutes. Thicken with a flour and water paste, if necessary, and serve over noodles or rice. 4 servings.

For snacks or a family supper, nothing tops hamburgers in popularity. Here is a recipe for some unusual hamburgers: their surprise is a bean sprout-soy sauce topping. Buttered, toasted buns make a crunchy contrast to the meat.

Chinese Hamburgers

1 pound ground beef
1 teaspoon salt
⅛ teaspoon pepper
½ teaspoon Worcestershire sauce
½ teaspoon dry mustard
4 tablespoons water
1 can bean sprouts
Soy sauce
4 hamburger buns

Combine first six ingredients, shape into patties and pan-fry. Drain bean sprouts and heat in 2 tablespoons butter or margarine in a skillet, adding soy sauce to suit taste (about 2 teaspoons). Place burgers on buttered, toasted bun halves, spoon some of the juices left in the pan over the meat, top with bean sprout mixture and bun halves. 4 servings.

A pound of ground beef makes any one of these savory meat dishes. The surprise topping for the hamburgers is bean sprouts with soy sauce.

County Names 12 Teachers To Jobs Here

Twelve local and area elementary school teachers, 10 of whom are members of today's graduating class at Frostburg State Teachers College, have been appointed to teaching positions in schools of Allegany County.

Ralph R. Webster, superintendent of county schools, announced yesterday that the new applicants "just about balance" the vacancies resulting from retirements and resignations.

Those who will be teaching in county elementary schools this fall and are graduates this year from Frostburg include:

Miss Patricia Ann Dixon and Mrs. Lorraine Scarlett, graduates of Allegany High School; Miss Betty Lou McLaughlin, Fort Hill High School; Mrs. Robertine A. Boyle and Miss Rosemary Lancaster, Girls Central.

Miss Latna Lee Cutter, Mrs. Roma C. Preman and Miss Catherine Maureen Manley, all graduates of Beall High School; Robert W. Miller, Central High School, and Miss Helen V. Shoemaker, Friendsville High School.

The other two elementary teachers are Miss Judith Ann Johnson, Allegany High School, who was graduated this year from Madison College, Harrisonburg, Va., and Miss Ann Riggleman, Allegany High School and Frostburg State Teachers College in 1955. Last year she taught at Langley Park Elementary School at Hyattsville.

Farm Training Class Starts At Fort Hill

For the first time in several years an on-the-farm training program for veterans of the Korean War has been activated here, according to James H. House, supervisor of the program.

James Taylor of Keyser will instruct the 10 veterans enrolled from 8 until 11 p. m. every Wednesday and the first and third Mondays each month until the course is completed. A veteran is entitled to one-and-one-half days training for each day he was in the service. Most are entitled to about three years of training.

Gephart Holds Commencement

Commencement exercises were held Tuesday for the 47 sixth grade students of Gephart School.

Rev. Carl Johnson, minister of the First Christian Church and father of one of the graduates, delivered the address. James Heavner, sxth grade student, spoke on behalf of the graduates. Donna Bradfield spoke as a representative of next year's sixth grade.

Mrs. Mary Lewis, president of the PTA, presented certificates to the group. She was asssted by Mrs. Theresa Haslbeck and Mr. Harry Thomas, sixth grade teachers.

Comments were made by Elizabeth Flake, principal.

Choral numbers presented included "The Lord's Prayer," "Chimes of Spring," "Father Most Holy" and "Farewell Song." Accompanist was Miss Mary Robb, music instructor at Gephart.

Luther League Dinner Tonight At St. Luke's

The Mountain District Lutheran League banquet will be held tonight at 6 o'clock at St. Luke's Lutheran Church.

The principal address will be delivered by M. L. Minnick Jr., president of the Luther League of America. He is a graduate of Roanoke College, Salem, Va., and is now studying in the Lutheran Theology Seminary in Columbia, S. C.

Miss Barbara Mann, preesident of the district league here, will present the speaker.

Discarded Record Players Wanted

Police and Fire Commissioner William V. Keegan yesterday reported a good response to a plea for discarded radios, needed for a worthy cause.

He said old record players will also be appreciated, and will be picked up by members of the police and fire departments.

Over half a dozen radios came in yesterday, he added.

Cabins Available For Vacationers

Cabins are available at state forests in New Germany and at Herrington Manor in Garrett County, District Forester William H. Johnson said yesterday. The cabins, about nine in number, will be opened for vacationers at 2 p. m. on Saturday.

The cabins may be rented by contacting M. E. Martin Jr. at Herrington Manor or E. H. Upole at New Germany. Many of them are booked later for vacations until Labor Day.

First Christian Will Worship Early Sunday

For this Sunday only, the congregation of First Christian Church will meet for morning worship at 9:30 o'clock and the Sunday School session will be held starting at 10:40 a. m.

This reversal of services is caused by the desire to have Bethany conferees at the morning worship service and still give them an early start. The evening service will be held at the usual hour, 8 o'clock.

AFL Meeting Set

The Allegany Trades Council will meet Tuesday at 7:30 p. m. in the Allegany Labor Temple.

Father And Son Held By Police

A 37-year-old Eckhart man and his 17-year-old son are being held by police for investigation of a series of thefts in Allegany County recently.

Sgt. William F. Baker, criminal investigator for the State Police, said the father was picked up early in the week and is being held in Allegany County Jail. The son, arrested Wednesday, is in City Jail.

Both probably will be questioned in the State's Attorney's office today.

Garrett County Yule Tree Growers To Meet

The newly-formed Garrett County Christmas Tree Growers Association will conduct its first annual summer meeting on the plantation of C. C. "Dick" Helbig at Deer Park starting at 1:30 p. m. Saturday.

M. C. Stewart, who is president of both the National and Pennsylvania Christmas Tree Growers Associations, will meet with the approximately 30 members of the Garrett County group to discuss problems and progress of this expanding industry. Phillip Berthy, extension forester of West Virginia, also plans to participate in the program.

In case of rain Saturday the meeting will be held at the Oakland Fire Hall.

Equity Suit Filed

A bill of complaint was filed in Allegany County Circuit Court yesterday titled Thomas Lancaster vs. Doris Eileen Lancaster.

Swimming,

(Continued from Page 36)

game, scoring etc., before they ventured to the public alleys.

Mrs. Resser, who gave considerable extra time toward organizing the program, believes it proved beneficial to the girls and adds a new phase to the field of physical education and physical training for girls. The swim program, especially, is beneficial, she said, because of the number of girls who otherwise could not learn to swim, and would not know what to do if faced with the problem of possible drowning.

Bowling, she believes, provides a wholesome outlet for energy and a recreational activity that teaches the importance of individual ability and perfection as well as team play. It is also a most healthful exercise and health builder, she believes. She hopes to make the courses part of her regular physical education program.

Floyd Patterson Is 2-1 Choice In Bout With Jackson

Heavies Meet In 12-Rounder At New York

Former Olympic Champ Gets Firs' Big League Test

By JACK HAND

NEW YORK, June 7 (AP) — Floyd Patterson, 21-year-old former Olympic champion, is a 2-1 favorite to pass his most important test tomorrow night by taming Tommy (Hurricane) Jackson in a 12-round heavyweight elimination bout at Madison Square Garden.

The winner of this match, to be beamed across the nation on radio and television (NBC), 9 p.m. (EST), probably will advance to a September match with Archie Moore, the light heavyweight king, for the heavyweight title recently vacated by Rocky Marciano.

Jackson Rated No. 2

Although boxing purists quake at the Hurricane's flapping unorthodox tactics and belittle his ability, "The Animal" is rated No. 2 in the division in the latest Ring ratings. Patterson, virtually untested against big league opposition, is listed fourth in the class.

Jackson has gained support among some boxing men on his stamina and inexhaustible energy and also because he is pitted against a man who has gone 10 rounds only once (and that a 10th round knockout victory). The Hurricane has beaten Ezzard Charles, the ex-champ, twice and earned a decision over Bob Baker, highly ranked contender in one of his two bouts this year.

In fact, the Hurricane's 32-bout record has only four flaws. He lost twice to Jimmy Slade and he was stopped by Nino Valdes, the giant Cuban. His other defeat was by Bert Whitehurst in his days as a prelim boy. His complete record is 27-4-1 with 13 knockouts.

Lost Once To Maxim

Patterson has lost only once in 30 starts, dropping a disputed decision to Joey Maxim, former light heavy champ, in an eight-rounder two years ago. Cus D'Amato, his manager, has tenderly charted his course around all important road blocks and nursed him into the heavyweight tounament without ever exposing his chin to a top-ranked fighter.

Patterson has a string of 16 straight, 11 in a row by knockouts. At the age of 21 he has been compared to a young Joe Louis in ring potential. He will weigh about 181 for the Jackson match, giving away about 13 pounds to the Hurricane, who also will have a nine-inch reach advantage.

Zuverink Rescues Wight In Eighth

BALTIMORE, June 7 (AP)—Pitcher Bill Wight, with another capable relief job by George Zuverink, stopped the Cleveland Indians with five hits today while the Baltimore Orioles took a 5-2 victory.

The defeat dropped the Indians 4½ games behind the American League leading New York Yankees as they go into a three-game series starting tomorrow.

It was only the second time in eight games this season the Orioles have beaten Cleveland.

Wight parceled out the five hits and after he walked the leadoff batter in the eighth Zuverink made his 23rd relief appearance in 47 games to finish unscathed. The The victory was the third for Wight who has been beaten five times.

Errors by second baseman Bob Avila and left fielder Al Smith coupled with singles by George Kell and Gus Triandos provided the Orioles with two runs in the first inning.

Cleveland tied the score in the second when Jim Busby tripled to score Vic Wertz, who had singled, and Busby continued home on shortstop Willie Miranda's bad relay throw.

The Orioles got another pair in the third on a walk, double by Bob Nieman and singles by Bob Hale and Triandos.

They added one off Bob Feller, who had relieved McLish in the fifth, as Tito Francona moved around on a single, stolen base, passed ball and sacrifice fly in the eighth.

NEW YORK, June 7—(INS)—If you were asked to name ten outstanding fighters of the last 35 years for election to the Boxing Hall of Fame, which would you choose?

Without bothering to wade through the records of thousands of boxers in the ring record book, we simply voted for those who came most quickly to mind.

See if you agree with our choices: Tony Canzoneri, Mike Gibbons, Jack Delaney, Tommy Loughran, Barney Ross, Jim Braddock, Johnny Dundee, Marcel Cerdan, Jack Britton, and Peter Herman.

You may ask what about Rocky Marciano, Sugar Ray Robinson and Willie Pep? They are not yet eligible because they haven't been inactive for two years. But you may be sure all three will make it with ease when eligible.

Well, what about Jim Corbett, Jim Jeffries, Bob Fitzsimmons, Stanley Ketchel, Joe Gans, Terry McGovern, Sam Langford, Abe Attell and Joe Walcott, (the Barbadoes Demon, not Jersey Joe)?

They already are in the Hall of Fame. So, too, are Jack Dempsey, Gene Tunney, Joe Louis, Henry Armstrong, Mickey Walker, Harry Greb and Benny Leonard.

Canzoneri always was our ideal fighter. He had everything. Beautiful boxer, great puncher, smart, durable, colorful and dead game. He was a picture in action.

The ancients tell us that Jim Corbett was the greatest boxer the ring has known. He may have been for all we know to the contrary.

But the best boxers we have ever seen, regardless of punch, were Packy McFarland, Mike Gibbons, Tommy Loughran, Ray Robinson, Willie Pep and Gene Tunney.

Loughran was one of the most remarkable fighters we've known. Here was a fellow who stood 5' 11" and weighed 170 to 175 pounds, and yet he was able to beat a fellow like Ray Impellitiere who outweighed him almost 100 pounds.

Although he had no punch his wonderful cleverness enabled him to beat Mike Tigue for the light heavyweight title and to defend it successfully against Jimmy Slattery, Leo Lomski, Pete Latzo, Mickey Walker and Jim Braddock.

And when he voluntarily gave up his title, he was able to beat some of the biggest and toughest heavies, including Max Baer, Johnny Risko, Paolino Uzcudun and Arturo Godoy.

You probably can think of many other fighters as good, if not better, than the 10 we've named, but we feel that our selections are at least worthy of the Hall of Fame.

Althea Gibson Opens Drive For 10th Title

MANCHESTER, England, June 7 (AP)—Althea Gibson, the current sensation of the women's tennis set, brushed aside Australia's Mrs. Thelma Long today in her drive for her 10th straight tournament title.

The lean, 28-year old New Yorker gave a dazzling performance in defeating the experienced Australian champion 6-2, 6-3 to enter the semi-finals of the Northern England Lawn Tennis Championships.

Her opponent in the round of four will be Shirley Fry, second ranking U.S. star from Akron, Ohio. Miss Fry came from behind a 3-1 deficit in the third set to down England's Shirley Bloomer 6-2, 4-6, 6-4.

The Fraternal Order of Eagles ran their winning streak to five games by defeating the V.F.W. yesterday by the score of 7-2 at Fort Hill Field and advanced to within a half game of first place in the Rocking Chair Softball League.

Outdoor Club clung to its slim lead by handing Celanese a 10-3 licking at Campobello. No details were furnished by the winners.

At Stitcher Field, the B.P.O. Elks took the measure of the Knights of Columbus, 8-4, as the latter suffered their 7th straight defeat.

Jim Gaffney made it 4-0 for the season in hurling the Eagles to victory. Charley Crabtree hit a two-run homer for the Vets in the 6th. "Dil" Fradiska smacked a triple and single in two official trips for the Eagles. Jack Martin, Vets' left fielder, turned in the fielding gem with a nice catch on Fred Comer's long fly. Crabtree, Vets' centerfielder, and Fred Comer, first sacker, and Billy Dean, centerfielder of the Eagles, also starred afield.

Grafton "Windy" Wallis, who pitched one game last season against the K. of C. and won it, duplicated the performance yesterday as the Elks topped the Knights.

"Tag" Reel sparked the Elks' attack with three singles, Bob Pence pounded a home run and double and Bob Price rapped two singles. For the K. of C., Jack Steiner smashed a three-run homer and single, "Buddy" Young obtained three singles and Gene Scaletta collected two hits. Jimmy Collins of the Knights and "Doc" Gorman and Lou Baker of the Elks were outstanding in the field. Scores:

Chicago Knocks Pirates Out Of First Place, 5-2

Miksis Pounds Ball, Bob Rush Is Victor

CHICAGO, June 7 (AP) — The Chicago Cubs, led by Eddie Miksis' homer, triple and two singles, knocked the Pittsburgh Pirates out of first place in the National League with a 5-2 victory in the rubber game of a three-game series today.

Cincinnati's Redlegs took over the top spot with an 8-5 victory over Philadelphia and the Bucs dropped to third behind the Redlegs and the idle St Louis Cardinals. Chicago's victory enabled the Cubs to climb out of the loop cellar as the Phils dropped into the No. 8 spot.

The Pirates, whose Elroy Face failed in a try for his fifth victory against one defeat, couldn't master big Bob Rush without National League homer leader, Dale Long, who missed starting his first game this season.

Walt Moryn also homered in the 11-hit attack on four Buc hurlers.

Long, who has 16 homers, hobbled to the plate on a sore left leg as a pinch-hitter in the seventh but ended a Buc threat by lofting to leftfield. Long injured the leg in a slide at third yesterday.

The Pirates took a 1-0 lead in the first inning on Bill Virdon's triple and Lee Walls' double, but Rush then bore down and held them hitless until the seventh.

Floyd Patterson Is 2-1 Choice In Bout With Jackson

Heavies Meet In 12-Rounder At New York

Former Olympic Champ Gets Firs' Big League Test

By JACK HAND

NEW YORK, June 7 (AP) — Floyd Patterson, 21-year-old former Olympic champion, is a 2-1 favorite to pass his most important test tomorrow night by taming Tommy (Hurricane) Jackson in a 12-round heavyweight elimination bout at Madison Square Garden.

The winner of this match, to be beamed across the nation on radio and television (NBC), 9 p.m. (EST), probably will advance to a September match with Archie Moore, the light heavyweight king, for the heavyweight title recently vacated by Rocky Marciano.

Jackson Rated No. 2

Although boxing purists quake at the Hurricane's flapping unorthodox tactics and belittle his ability, "The Animal" is rated No. 2 in the division in the latest Ring ratings. Patterson, virtually untested against big league opposition, is listed fourth in the class.

Jackson has gained support among some boxing men on his stamina and inexhaustible energy and also because he is pitted against a man who has gone 10 rounds only once (and that a 10th round knockout victory). The Hurricane has beaten Ezzard Charles, the ex-champ, twice and earned a decision over Bob Baker, highly ranked contender in one of his two bouts this year.

In fact, the Hurricane's 32-bout record has only four flaws. He lost twice to Jimmy Slade and he was stopped by Nino Valdes, the giant Cuban. His other defeat was by Bert Whitehurst in his days as a prelim boy. His complete record is 27-4-1 with 13 knockouts.

Lost Once To Maxim

Patterson has lost only once in 30 starts, dropping a disputed decision to Joey Maxim, former light heavy champ, in an eight-rounder two years ago. Cus D'Amato, his manager, has tenderly charted his course around all important road blocks and nursed him into the heavyweight tounament without ever exposing his chin to a top-ranked fighter.

Patterson has a string of 16 straight, 11 in a row by knockouts. At the age of 21 he has been compared to a young Joe Louis in ring potential. He will weigh about 181 for the Jackson match, giving away about 13 pounds to the Hurricane, who also will have a nine-inch reach advantage.

Althea Gibson Opens Drive For 10th Title

MANCHESTER, England, June 7 (AP)—Althea Gibson, the current sensation of the women's tennis set, brushed aside Australia's Mrs. Thelma Long today in her drive for her 10th straight tournament title.

The lean, 28-year old New Yorker gave a dazzling performance in defeating the experienced Australian champion 6-2, 6-3 to enter the semi-finals of the Northern England Lawn Tennis Championships.

Her opponent in the round of four will be Shirley Fry, second ranking U.S. star from Akron, Ohio. Miss Fry came from behind a 3-1 deficit in the third set to down England's Shirley Bloomer 6-2, 4-6, 6-4.

Eagles Extend Winning Streak To Five Games

The Fraternal Order of Eagles ran their winning streak to five games by defeating the V.F.W. yesterday by the score of 7-2 at Fort Hill Field and advanced to within a half game of first place in the Rocking Chair Softball League.

Outdoor Club clung to its slim lead by handing Celanese a 10-3 licking at Campobello. No details were furnished by the winners.

At Stitcher Field, the B.P.O. Elks took the measure of the Knights of Columbus, 8-4, as the latter suffered their 7th straight defeat.

Jim Gaffney made it 4-0 for the season in hurling the Eagles to victory. Charley Crabtree hit a two-run homer for the Vets in the 6th. "Dil" Fradiska smacked a triple and single in two official trips for the Eagles. Jack Martin, Vets' left fielder, turned in the fielding gem with a nice catch on Fred Comer's long fly. Crabtree, Vets' centerfielder, and Fred Comer, first sacker, and Billy Dean, centerfielder of the Eagles, also starred afield.

Grafton "Windy" Wallis, who pitched one game last season against the K. of C. and won it, duplicated the performance yesterday as the Elks topped the Knights.

"Tag" Reel sparked the Elks' attack with three singles, Bob Pence pounded a home run and double and Bob Price rapped two singles. For the K. of C., Jack Steiner smashed a three-run homer and single, "Buddy" Young obtained three singles and Gene Scaletta collected two hits. Jimmy Collins of the Knights and "Doc" Gorman and Lou Baker of the Elks were outstanding in the field.

Chicago Knocks Pirates Out Of First Place, 5-2

Miksis Pounds Ball, Bob Rush Is Victor

CHICAGO, June 7 (AP) — The Chicago Cubs, led by Eddie Miksis' homer, triple and two singles, knocked the Pittsburgh Pirates out of first place in the National League with a 5-2 victory in the rubber game of a three-game series today.

Cincinnati's Redlegs took over the top spot with an 8-5 victory over Philadelphia and the Bucs dropped to third behind the Redlegs and the idle St Louis Cardinals. Chicago's victory enabled the Cubs to climb out of the loop cellar as the Phils dropped into the No. 8 spot.

The Pirates, whose Elroy Face failed in a try for his fifth victory against one defeat, couldn't master big Bob Rush without National League homer leader, Dale Long, who missed starting his first game this season.

Walt Moryn also homered in the 11-hit attack on four Buc hurlers.

Long, who has 16 homers, hobbled to the plate on a sore left leg as a pinch-hitter in the seventh but ended a Buc threat by lofting to leftfield. Long injured the leg in a slide at third yesterday.

The Pirates took a 1-0 lead in the first inning on Bill Virdon's triple and Lee Walls' double, but Rush then bore down and held them hitless until the seventh.

Eugene "Jake" Hopkins Leaves Allegany High School

Veteran Coach To Join Pupil Personnel Dept.

Served As Physical Ed Teacher In Two Schools 28 Years

Eugene Joseph "Jake" Hopkins, 51, prominent figure in local high school athletic coaching circles for the past 28 years, has been transferred from Allegany High School to the pupil personnel department of the Allegany County Board of Education and will assume his new duties in the Washington Street building at the beginning of the fall term of school, Ralph R. Webster, county superintendent of schools, announced yesterday.

Hopkins will replace Robert Jones, who is now a member of the faculty at Frostburg State Teachers College.

A native of Cordova, Md., and a graduate of Washington College, Chestertown, Md., Hopkins made his debut in Allegany county as physical education teacher and coach at Green Street Junior High School in 1928. When that school was destroyed by fire in 1932, "Jake" moved to the Campobello building. Since 1932 he has served as Allegany High School physical ed instructor and has coached junior varsity basketball and track.

Hopkins is credited with laying the foundation for many of Allegany's classy basketball teams since the days when he took over the reins at Greene Street. He is held in high esteem by the coaches of the area and the many boys whom he taught over the past 28 years.

Superintendent Webster, formerly principal at Allegany High School, said that he recognized the fine work that Hopkins had done with youngsters when he was at the Campobello school and felt that the appointment of the veteran physical education teacher to the pupil personnel department would be a popular one. Homer Higgins is supervisor of the department.

Hopkins resides at 802 Bedford Street. He is married and has an 11-year-old daughter. Mrs. Hopkins was Alice Dennison.

Robert Uhl Hurls No-Hit Contest For Barrelville

Robert Uhl, 11-year-old right hander, pitched a no-run, no-hit game in the Pen-Mar Little League yesterday as Barrelville defeated the first place Cresaptown Eagles by the score of 2-0.

Uhl faced only 19 batsmen in the six inning contest and struck out an even dozen. Only two Eagles got on base, one on a base on balls and the other on an error.

Gary Aldridge scored both Barrelville tallies. In the first inning he singled, stole second and third and came home on an error. He scored the second run in the fifth on a walk and two errors.

Cresaptown D.A.V., sponsored by Cumberland Disabled American Veterans Club, crashed the win column for the first time, snapping a six-game losing streak to defeat the LaVale Maroons, 7-4. Ronnie Bird went the route for the winners.

John Hall paced the D.A.V. at the plate with two doubles. Athey hit a homer, Zaks and Horn rapped triples and Martz had a triple and single for the Maroons. The scores:

Pocock Is Honored For Rowing Service

POUGHKEEPSIE, N. Y., June 7 (AP)—George Pocock, famed racing shell builder and rigger for the last five U. S. Olympic crews, today was named winner of the second annual award for meritorious service to rowing.

The Seattle, Wash., veteran topped a poll of more than 200 sports writers and rowing figures. The poll was conducted by the Poughkeepsie Junior Chamber of Commerce. Pocock will reive a medal at a civic dinner here June 13. Russell (Rusty) Callow, Navy coach whose 1952 crew won the Olympic title at Helsinki, received the 1955 award.

Buhl Scores 5th Triumph Over Brooks

Milwaukee Braves Beat Erskine, 4-1

MILWAUKEE, June 7 (AP) — The Milwaukee Braves, held to a total of 10 hits in their last three games, collected 10 hits off three Brooklyn pitchers today for a 4-1 victory over the Dodgers.

Righthander Bob Buhl limited the Dodgers to four hits in recording his fifth victory of the campaign and third in a row over the world champions. The loser was Carl Erskine—the third time he has lost to Buhl.

Brooklyn had taken three straight from the Braves, who had lost six out of their last seven games on the current home stand.

Erskine, who was knocked out of the box in the Braves' three-run sixth inning, hasn't won a game since he notched his no-hitter against the Giants May 12. This marked his third loss to Buhl this season. Ken Lehman and Ed Roebuck finished up for Brooklyn.

Both teams went scoreless for the first three innings. In the top of the fourth, the Dodgers got a run when Charley Neal walked, stole second and scored on Junior Gilliam's single to right. Del Crandall gave the Braves a tie in the fifth with his ninth home run, a drive over the left field fence.

The Braves shot into the lead in the sixth when Henry Aaron and Wes Covington singled and Aaron came home on Joe Adcock's single to center. Crandall grounded to Erskine who threw to Campanella to retire Covington at the plate. Then Buhl helped his own cause along with a double that drove in Adcock and Crandall and put the Braves in front 4-1.

Red Sox Win Over Detroit In Tenth, 6-5

Double By Lepcio Decides Contest

BOSTON, June 7 (AP)—Ted Lepcio smashed a double to left with one out in the tenth inning today to climax Boston's uphill struggle for a 6-5 victory over Detroit.

Lepcio's drive, over Charlie Maxwell's reach near the scoreboard, drove in Mickey Vernon from second to settle the issue.

It was the third run batted in during the game for Lepcio — playing second in the absence of the ailing Billy Goodman. Ted got his first home run of the season in the second inning and knocked in another tally in the sixth on a grounder which Detroit shortstop Harvey Kuenn threw past first base.

Frank Sullivan went the route with a six-hitter for his fourth triumph against three defeats but until late in the game it looked like he would be a victim of poorly, timed hitting.

The Sox slammed 18 safeties against three Tiger hurlers but stranded 17 runners—one short of the major league record—and saw three men thrown out at third and another at home.

Detroit not only lost the game—the defeat going to lefty Al Aber—but may have lost the hard-hitting Kuenn for a while. Harvey, batting .359 going into the game, hobbled off after straining a ligament in his right foot as he rounded first legging out a double in the seventh inning.

Harvey had walloped his third homer of the year to lead off the first inning and sent home another on a sacrifice fly.

Henry Thompson's Condition Is Good

ST. LOUIS, June 7 (AP)—Third baseman Henry Thompson of the New York Giants "rested comfortably last night and his condition is good," a hospital spokesman said today.

The 30-year-old ball player suffered a severe concussion when hit on the head in the fourth inning of the Giants' game with the St. Louis Cardinals.

The lefthanded hitting Negro veteran went down after a pitch by Tom Poholsky struck his plastic helmet above his right ear.

The spokesman said he did not know when Thompson would be discharged, but indicated it might be later today.

Eugene "Jake" Hopkins Leaves Allegany High School

Veteran Coach To Join Pupil Personnel Dept.

Served As Physical Ed Teacher In Two Schools 28 Years

Eugene Joseph "Jake" Hopkins, 51, prominent figure in local high school athletic coaching circles for the past 28 years, has been transferred from Allegany High School to the pupil personnel department of the Allegany County Board of Education and will assume his new duties in the Washington Street building at the beginning of the fall term of school, Ralph R. Webster, county superintendent of schools, announced yesterday.

Hopkins will replace Robert Jones, who is now a member of the faculty at Frostburg State Teachers College.

A native of Cordova, Md., and a graduate of Washington College, Chestertown, Md., Hopkins made his debut in Allegany county as physical education teacher and coach at Green Street Junior High School in 1928. When that school was destroyed by fire in 1932, "Jake" moved to the Campobello building. Since 1932 he has served as Allegany High School physical ed instructor and has coached junior varsity basketball and track.

Hopkins is credited with laying the foundation for many of Allegany's classy basketball teams since the days when he took over the reins at Greene Street. He is held in high esteem by the coaches of the area and the many boys whom he taught over the past 28 years.

Superintendent Webster, formerly principal at Allegany High School, said that he recognized the fine work that Hopkins had done with youngsters when he was at the Campobello school and felt that the appointment of the veteran physical education teacher to the pupil personnel department would be a popular one. Homer Higgins is supervisor of the department.

Hopkins resides at 802 Bedford Street. He is married and has an 11-year-old daughter, Mrs. Hopkins was Alice Dennison.

Robert Uhl Hurls No-Hit Contest For Barrelville

Robert Uhl, 11-year-old right hander, pitched a no-run, no-hit game in the Pen-Mar Little League yesterday as Barrelville defeated the first place Cresaptown Eagles by the score of 2-0.

Uhl faced only 19 batsmen in the six inning contest and struck out an even dozen. Only two Eagles got on base, one on a base on balls and the other on an error.

Gary Aldridge scored both Barrelville tallies. In the first inning he singled, stole second and third and came home on an error. He scored the second run in the fifth on a walk and two errors.

Cresaptown D.A.V., sponsored by Cumberland Disabled American Veterans Club, crashed the win column for the first time, snapping a six-game losing streak to defeat the LaVale Maroons, 7-4. Ronnie Bird went the route for the winners.

John Hall paced the D.A.V. at the plate with two doubles. Athey hit a homer, Zaks and Horn rapped triples and Martz had a triple and single for the Maroons. The scores:

Pocock Is Honored For Rowing Service

POUGHKEEPSIE, N. Y., June 7 (AP)—George Pocock, famed racing shell builder and rigger for the last five U. S. Olympic crews, today was named winner of the second annual award for meritorious service to rowing.

The Seattle, Wash., veteran topped a poll of more than 200 sports writers and rowing figures. The poll was conducted by the Poughkeepsie Junior Chamber of Commerce. Pocock will reive a medal at a civic dinner here June 13. Russell (Rusty) Callow, Navy coach whose 1952 crew won the Olympic title at Helsinki, received the 1955 award.

Buhl Scores 5th Triumph Over Brooks

Milwaukee Braves Beat Erskine, 4-1

MILWAUKEE, June 7 (AP) — The Milwaukee Braves, held to a total of 10 hits in their last three games, collected 10 hits off three Brooklyn pitchers today for a 4-1 victory over the Dodgers.

Righthander Bob Buhl limited the Dodgers to four hits in recording his fifth victory of the campaign and third in a row over the world champions. The loser was Carl Erskine—the third time he has lost to Buhl.

Brooklyn had taken three straight from the Braves, who had lost six out of their last seven games on the current home stand.

Erskine, who was knocked out of the box in the Braves' three-run sixth inning, hasn't won a game since he notched his no-hitter against the Giants May 12. This marked his third loss to Buhl this season. Ken Lehman and Ed Roebuck finished up for Brooklyn.

Both teams went scoreless for the first three innings. In the top of the fourth, the Dodgers got a run when Charley Neal walked, stole second and scored on Junior Gilliam's single to right. Del Crandall gave the Braves a tie in the fifth with his ninth home run, a drive over the left field fence.

The Braves shot into the lead in the sixth when Henry Aaron and Wes Covington singled and Aaron came home on Joe Adcock's single to center. Crandall grounded to Erskine who threw to Campanella to retire Covington at the plate. Then Buhl helped his own cause along with a double that drove in Adcock and Crandall and put the Braves in front 4-1.

Red Sox Win Over Detroit In Tenth, 6-5

Double By Lepcio Decides Contest

BOSTON, June 7 (AP)—Ted Lepcio smashed a double to left with one out in the tenth inning today to climax Boston's uphill struggle for a 6-5 victory over Detroit.

Lepcio's drive, over Charlie Maxwell's reach near the scoreboard, drove in Mickey Vernon from second to settle the issue.

It was the third run batted in during the game for Lepcio — playing second in the absence of the ailing Billy Goodman. Ted got his first home run of the season in the second inning and knocked in another tally in the sixth on a grounder which Detroit shortstop Harvey Kuenn threw past first base.

Frank Sullivan went the route with a six-hitter for his fourth triumph against three defeats but until late in the game it looked like he would be a victim of poorly, timed hitting.

The Sox slammed 18 safeties against three Tiger hurlers but stranded 17 runners—one short of the major league record—and saw three men thrown out at third and another at home.

Detroit not only lost the game—the defeat going to lefty Al Aber—but may have lost the hard-hitting Kuenn for a while. Harvey, batting .359 going into the game, hobbled off after straining a ligament in his right foot as he rounded first legging out a double in the seventh inning.

Harvey had walloped his third homer of the year to lead off the first inning and sent home another on a sacrifice fly.

THIRD FLIGHT — Robert Robinette defeated Vernon Wade, 5 and 3. William A. Douglas defeated Ave Feigus, 2 and 1.

FOURTH FLIGHT — Dr. A. C. Eskin defeated Richard Kendall, 3 and 2.

Sunday is the deadline set for the completion of all first round matches.

Henry Thompson's Condition Is Good

ST. LOUIS, June 7 (AP)—Third baseman Henry Thompson of the New York Giants "rested comfortably last night and his condition is good," a hospital spokesman said today.

The 30-year-old ball player suffered a severe concussion when hit on the head in the fourth inning of the Giants' game with the St. Louis Cardinals.

The lefthanded hitting Negro veteran went down after a pitch by Tom Poholsky struck his plastic helmet above his right ear.

The spokesman said he did not know when Thompson would be discharged, but indicated it might be later today.

Cincinnati Takes Over National League Leadership

Redlegs Grab Seesaw Battle From Phillies

Ohioans Capture Lead First Time In Twelve Years

CINCINNATI, June 7 (AP) — The slugging Cincinnati Redlegs took first place in the National League pennant race today by walloping Philadelphia 8-5, as Pittsburgh was losing to Chicago.

It was a seesaw contest, with the Redlegs again staging rallies in the late innings to come from behind and cop their fourth straight victory over the Phils.

The loss, combined with Chicago's defeat of Pittsburgh, dropped the Phils into the National League cellar.

A home run by Smoky Burgess, to start off the eighth inning, put Cincinnati in front for the first time today. A single by Roy McMillan, a triple by Johnny Temple and a double by Gus Bell accounted for two more runs.

It is the first time in 12 years that Cincinnati has been on top of the National League this far in the season.

It looked bad when Hal Jeffcoat, making his first start of the year, was banged for three runs in the first inning. A single by Richie Ashburn, a triple by Marv Blaylock, a sacrifice fly, two walks and an error gave the Phils their markers.

Cincinnati tied it in the second, however, on Wally Post's double, Ray Jablonski's single, a walk, a hit batsman, a single and a sacrifice fly.

Boyd Wants Shot At Ray Robinson

CHICAGO, June 7 (AP)—The manager of Bobby Boyd, Chicago's No. 2 ranked middleweight contender, today offered a $100,000 guarantee for a title shot at champion Sugar Ray Robinson.

Boyd last night scored a 10th round TKO over Milo Savage for his ninth straight victory in a nationally-televised bout at the Chicago Stadium.

Bernard Glickman, Boyd's manager and owner of a metal awning concern, said:

"We'll give Robinson $100,000 for a fight right here in Chicago. I don't think Sugar will be willing to take it. But that's exactly how much we'll put up. Really, I don't think Sugar Ray wants to fight my boy.

"Some promoter out in Los Angeles has offered Ray something like $150,000 to fight Art Aragon, but he'll never be able to pay it. I can."

Amazing Archie Moore Played Cat And Mouse With Yolande Pompey

By WHITNEY MARTIN

NEW YORK, June 7 (AP)—Yolande Pompey started his pro career with three bouts against a fighter with the innocuous name of Gentle Daniel. Last Tuesday he met the lion, a fellow with the equally innocent handle of Archie Moore.

You can discount the earlier rounds of the light heavyweight championship battle in London which had Pompey leading Moore on the scorecards. The slick old codger knew what he was doing.

He knew he could take out his youthful rival whenever he felt so inclined. He was just playing the old cat and mouse game until he decided enough was enough. Then those massive arms and rocky fists went into action, and it was all over.

Archie Is Amazing

Amazing is the only word that can describe this suave, 39-year-old warrior.

He has the ring wisdom of age and the reflexes and endurance of youth, and he is the one man who faced Rocky Marciano, took his lumps, and was able to come back to the form that was his before he underwent the ordeal.

Sure, Marciano knocked him out, but Marciano is Marciano, a walloping battler who won by virtue of his structural steel body and chin and sheer determination. Before Archie lost interest in what was going on he had put the champion down, and hurt him sorely, with as clean a left hook as you could hope to see.

Almost as remarkable as his performance in the fact that he can go through a weight-making ordeal which would leave a younger man dis-rag limp. He had weighed 189½ for his fight immediately preceding the Pompey encounter. In 36 days he took off 15 pounds.

So now Moore has done his part toward building a big fight for the heavyweight championship next fall. It's up to Floyd Patterson and Hurricane Jackson to do their bit when they meet Friday night in a 12-rounder at Madison Square Garden.

Must Be Decisive

A really convincing victory for either would arouse an interest which declined with the retirement of Marciano. A close bout Friday wouldn't help much. It will have to be decisive.

We believe it will be, and that Patterson will be the winner, but whichever man wins he will have his job cut out for him when he tackles Moore.

Too much of a job, probably. Moore, fighting then at the weight of his own choosing, will be a stronger man than he was against Pompey.

Friday night's fight has other interesting angles in addition to the elimination factor.

All Jackson has been able to do recently is win, despite a style which can be termed that only by poetic license. And he's fought some pretty rugged citizens.

Patterson has style, but his opposition to date has been such as to leave a question as to just how good he is.

Taking a long-distance view of the heavyweight situation, if the winner Friday night is defeated by Moore, Marciano is sure to stay retired. He already has taken care of Archie. If Moore should lose, the pressure would be on Rocky to unretire himself.

Cincinnati Takes Over National League Leadership

Redlegs Grab Seesaw Battle From Phillies

Ohioans Capture Lead First Time In Twelve Years

CINCINNATI, June 7 (AP) — The slugging Cincinnati Redlegs took first place in the National League pennant race today by walloping Philadelphia 8-5, as Pittsburgh was losing to Chicago.

It was a seesaw contest, with the Redlegs again staging rallies in the late innings to come from behind and cop their fourth straight victory over the Phils.

The loss, combined with Chicago's defeat of Pittsburgh, dropped the Phils into the National League cellar.

A home run by Smoky Burgess, to start off the eighth inning, put Cincinnati in front for the first time today. A single by Roy McMillan, a triple by Johnny Temple and a double by Gus Bell accounted for two more runs.

It is the first time in 12 years that Cincinnati has been on top of the National League this far in the season.

It looked bad when Hal Jeffcoat, making his first start of the year, was banged for three runs in the first inning. A single by Richie Ashburn, a triple by Marv Blaylock, a sacrifice fly, two walks and an error gave the Phils their markers.

Cincinnati tied it in the second, however, on Wally Post's double, Ray Jablonski's single, a walk, a hit batsman, a single and a sacrifice fly.

Roger Manges, pitching ace of last year's Dapper Dan Little League, made his debut in the Hot Stove Baseball League yesterday and twirled Manager Lonnie Jackson's Rotary Club tossers to a 5-1 victory over the Kiwanis Club, 1955 pennant winner, at Penn Avenue Field.

Manges twirled five innings, fanned nine and gave way to Bobby Sites in the sixth. The Rotary pair limited the Kiwanians to four singles.

Sites started Rotary on the road to victory with a homer in the first inning and also had two singles. Mickey Scaletta collected three hits and Manges had two. Gary Henry went the route for Rotary and yielded 11 safeties.

Free Park; Team Wanted

KNOXVILLE, Tenn. (AP) — The City Council has offered rent-free use of Municipal Stadium as an "initial inducement" for a minor league baseball team to come here.

The $600,000 Municipal Stadium, opened two years ago, has been empty since Knoxville pulled out of the Class B Tri-State League at the end of the 1954 season.

Boyd Wants Shot At Ray Robinson

CHICAGO, June 7 (AP)—The manager of Bobby Boyd, Chicago's No. 2 ranked middleweight contender, today offered a $100,000 guarantee for a title shot at champion Sugar Ray Robinson.

Boyd last night scored a 10th round TKO over Milo Savage for his ninth straight victory in a nationally-televised bout at the Chicago Stadium.

Bernard Glickman, Boyd's manager and owner of a metal awning concern, said:

"We'll give Robinson $100,000 for a fight right here in Chicago. I don't think Sugar will be willing to take it. But that's exactly how much we'll put up. Really, I don't think Sugar Ray wants to fight my boy.

"Some promoter out in Los Angeles has offered Ray something like $150,000 to fight Art Aragon, but he'll never be able to pay it. I can."

Amazing Archie Moore Played Cat And Mouse With Yolande Pompey

By WHITNEY MARTIN

NEW YORK, June 7 (AP)—Yolande Pompey started his pro career with three bouts against a fighter with the innocuous name of Gentle Daniel. Last Tuesday he met the lion, a fellow with the equally innocent handle of Archie Moore.

You can discount the earlier rounds of the light heavyweight championship battle in London which had Pompey leading Moore on the scorecards. The slick old codger knew what he was doing.

He knew he could take out his youthful rival whenever he felt so inclined. He was just playing the old cat and mouse game until he decided enough was enough. Then those massive arms and rocky fists went into action, and it was all over.

Archie Is Amazing

Amazing is the only word that can describe this suave, 39-year-old warrior.

He has the ring wisdom of age and the reflexes and endurance of youth, and he is the one man who faced Rocky Marciano, took his lumps, and was able to come back to the form that was his before he underwent the ordeal.

Sure, Marciano knocked him out, but Marciano is Marciano, a walloping battler who won by virtue of his structural steel body and chin and sheer determination. Before Archie lost interest in what was going on he had put the champion down, and hurt him sorely, with as clean a left hook as you could hope to see.

Almost as remarkable as his performance in the fact that he can go through a weight-making ordeal which would leave a younger man dis-rag limp. He had weighed 189½ for his fight immediately preceding the Pompey encounter. In 36 days he took off 15 pounds.

So now Moore has done his part toward building a big fight for the heavyweight championship next fall. It's up to Floyd Patterson and Hurricane Jackson to do their bit when they meet Friday night in a 12-rounder at Madison Square Garden.

Must Be Decisive

A really convincing victory for either would arouse an interest which declined with the retirement of Marciano. A close bout Friday wouldn't help much. It will have to be decisive.

We believe it will be, and that Patterson will be the winner, but whichever man wins he will have his job cut out for him when he tackles Moore.

Too much of a job, probably. Moore, fighting then at the weight of his own choosing, will be a stronger man than he was against Pompey.

Friday night's fight has other interesting angles in addition to the elimination factor.

All Jackson has been able to do recently is win, despite a style which can be termed that only by poetic license. And he's fought some pretty rugged citizens.

Patterson has style, but his opposition to date has been such as to leave a question as to just how good he is.

Taking a long-distance view of the heavyweight situation, if the winner Friday night is defeated by Moore, Marciano is sure to stay retired. He already has taken care of Archie. If Moore should lose, the pressure would be on Rocky to unretire himself.

Fox, Philley Triples Sink Senators, 7-5

Chisox Break Tie With Two In Ninth

WASHINGTON, June 7 (AP) — Nellie Fox and Dave Philley slammed ninth inning triples off Pedro Ramos and both scored on sacrifice flies to give the Chicago White Sox a 7-5 triumph over Washington today.

With the score tied at 5-5, Fox opened the ninth inning with a triple off the rightfield fence and scored on Minnie Minoso's fly to Karl Olson in right. That pattern was duplicated when Philley tripled to center and came across after Larry Doby flied to Olson.

The White Sox clipped Dean Stone for five quick hits in the first inning to vault into a 3-0 lead as Fox, Philley, Doby, Walt Dropo and Luis Aparicio supplied singles.

One of the Senators' runs also was scored on a combination of a triple and sacrifice fly. In the sixth, Roy Sievers socked a three bagger and scored on Carlos Paula's fly.

Wesleyan Plans New Field House

BUCKHANNON, W. Va., June 7 (AP) — A long range, five million dollar program for West Virginia Wesleyan College, designed to span the next nine years, was announced here today.

Dr. William J. Scarbrough, Wesleyan president, told the annual meeting of the West Virginia Methodist Conference that half of the five million dollar fund would go to Wesleyan's endowment and the other half toward a building program.

Proposed new buildings included a student center, gymnasium and field house, chemical building, memorial chapel, women's dormitory and miscellaneous renovations.

The fund raising - building program is designed to end in 1965, Wesleyan's diamond jubilee year.

Also announced today were new members elected to the board of trustees. They were E. Ray Jones of Oakland, Md., chairman, and Dean A. A. Schoolcraft and J. A. Ling, Wesleyan vice president, both of Buckhannon.

Ted Williams Gives Views On Mantle Shift

May Hurt Mickey Psychologically

BOSTON, June 7 (AP)—Ted Williams, an authority on baseball shifts, today said New York's Mickey Mantle may be hurt psychologically but not otherwise by Lou Boudreau's new defense.

Williams—the Boston Red Sox slugger who first faced a shift in 1946 when Boudreau managed Cleveland—commented on Kansas City's recent maneuvers against Mantle.

Boudreau has had his club radically shifted against the switch-hitting Mantle when he is at bat as a left hander. The defense is over-shifted to the right with virtually no leftfielder and one man on the edge of the grass on the left side of the infield.

"It may hurt Mantle psychologically," Williams said, "but that's the only way. You can't stop a good hitter like him."

While Ted didn't think there was much the defense could do with Mantle individually, he repeated his idea that defense is making progress in the modern game.

"I believe the big change in the game is and will be the improvement of defense by shifting against power hitters who pull to one field consistently.

"The shifts won't be as radical as the one against Mantle. But there'll be more maneuvering of infielders and outfielders to try to block the paths where a batter normally hits."

Extensive Gas Line Additions Are Announced

MOOREFIELD—To provide for the increased requirements of its customers, Atlantic Seaboard Corporation will carry on an extensive construction program this summer, according to John W. Kelly, vice president.

One phase of the construction calls for the looping three sections of a 26-inch pipeline which extends approximately 285 miles from near Clendenin, W. Va., to Granite, Md.

Another phase involves the laying of a 24-inch pipeline from Hardy County to Green County, Va., to link the 26-inch line with another 20-inch transmission line operated by Atlantic Seaboard. The 20-inch pipeline, 421 miles in length, extends from Boldman, Ky., to the Maryland-Pennsylvania line.

Workmen have commenced clearing right-o-way, grading and ditching in the vicinity of Seneca Compressor Station in Pendleton County, and in the vicinity of Blickers Compressor Station in Greene County.

Atlantic Seaboard, a member of the Columbia Gas System, supplies gas at wholesale to customers along the eastern seaboard.

Kelly commented that the loop construction and the 24-inch line will increase capacity and improve the operating flexibility of Atlantic Seaboard's transmission system and will provide greater assurance of continuous service. The contractor is the Williams-Austin Company of Pittsburgh.

The 26-inch loop line will be laid in Braxton, Randolph and Pendleton counties.

The new 24-inch line will run in a southeasterly direction from Lost River Compressor Station in Hardy County to Blickers Compressor Station in Greene County. In Virginia it will run through Shenandoah, Page, Rockingham and Greene counties.

Leo J. Payne of Elkins, superintendent, will be in charge of both projects.

Atlantic Seaboard started loop construction along its 26-inch line in 1954, when construction consisted of approximately 95 miles of 26-inch loop line. In 1955 approximately 70 miles of loop was laid.

QUESTIONS

1—What player won the 1905 American League batting crown with the lowest average in the loop's history?

2—In what year did the Miracle Braves roar from last place on July 4 to the pennant?

3—Has any team finished in seventh place and then won the pennant the next season?

HOOHEE?

HE fought Jake Kilrain in the last bare-knuckle fight in the United States. It took place July 8, 1889. He defended his heavyweight crown in 75 rounds. He's one of best known of all fighters.

ANSWERS

1—It was Elmer Flick of Cleeland with .306 average. (Hoohee: John L. Sullivan).

2—In 1914.

3—The Boston Red Sox finished seventh with war-time players in 1945 and after the boys came marching home in 1946, they won the flag. The Yankees did it also, jumping from seventh in 1925 to first the next season.

Mike Souchak Sets Pace In Round Robin

NEW ROCHELLE, N. Y., June 7 (AP)—Mike Souchak and Bob Rosburg, two big but sometime erratic belters, and steady-shooting Gene Littler took aim at sitting targets today and made themselves the big point scorers in the first round of the 15th Round Robin Golf Tournament.

After the first 18 holes of the man-against-man tussle involving 16 top golf pros from three nations, Souchak came up with the best score, a five-under-par 67 over the hilly Wykagyl course. But he had only a one point edge over Rosburg and Littler, who fired a 68 and 69, respectively.

Souchak, the former Duke university football player who represents a resort course at Grossinger, N. Y., picked up 15 points shooting against Freddie Haas, Bill Maxwell and former National Open champion Lloyd Mangrum.

In other foursomes, Rosburg and Littler each came up with plus 14 point totals, fattening their records mainly at the expense of three-time British Open champion Henry Cotton and Fred Hawkins of El Paso, Tex.

Under the round robin scoring system, a player gets one point for each stroke by which he beats another member of his foursome or loses a point for each stroke by which he is beaten. Groupings are changed with each round, so that every one of the 16 faces all the others.

In other scoring today Peter Thomson of Australia had 37-36—73, plus 6; Sam Snead of White Sulphur Springs, W. Va., had 36-36—72, plus 2, and Doug Ford, Mahopac, N. Y., shot 38-36—74, plus 2.

Far Reaching FSTC Plans Explained By President

FROSTBURG—R. Bowen Hardesty, president of State Teachers College, has revealed far-reaching plans for the future of the college.

For a period of a year, the faculty and administration worked in discussing objectives for the second half of the Twentieth Century. Only recently were they put into print. For initial study they were sent throughout the state to superintendents, supervisors, principals, guidance counselors, presidents of county PTA councils, presidents of local organizations in the community and to presidents of student organizations.

The response by way of replys has been most gratifying, Hardesty said, and additional ideas are being incorporated into the second writing of the objectives by an editing committee of the faculty.

Faculty meetings in keeping with decisions of the faculty involved will be held once a month during 1956-57. To these sessions have been invited the county superintendent of schools who will exchange ideas with the college, relating to kinds of teachers needed. The faculty will also explain the details of courses of study included in the curriculum.

Hardesty has also pointed out that a new catalog, including pictures with data about the college, is in the process of being edited and will go to press within the next week.

Also revived this year has been the yearbook which was discontinued in 1946. This publication, called "The Nemacolin," was distributed this week. All photography, editing and art work was done by a staff of 53 members of the college.

Concerning plans for practice teaching, Hardesty pointed out that Grace S. Kopp, supervisor of elementary practice teaching, and John M. Dunn, supervisor of junior high practice teaching, will render additional service during the coming year, other than supervising the students teaching local schools. Both of the members of the department will begin going out in September into Maryland classrooms to follow up graduates and give any additional help they may desire.

In further revealing plans of the college, Hardesty said that on the planning board at the present time is a dining hall to take care of 400 students. The structure will also serve as a building to provide living quarters for all organizations of students, both day and resident. The building will also house a book store, locker room for day students and a snack bar. Also on the planning board is a new laboratory school to be located off Midlothian Road. This will house a kindergarten through the sixth grade, and perhaps the eighth grade. Under construction now are two resident halls to be completed early this fall.

In addition to planning for the future in curriculum and buildings, standards at the present must be maintained, said Hardesty. Seven hundred students are expected to enroll in September, coming from Allegany, Garrett and Washington counties with more students than ever before from the Baltimore - Washington area and the Eastern Shore. Student averages have been raised to a 1.0 minimum, higher to be eligible for participation in various sports, officers of organizations, serving in activities which take students off campus, for admission to junior college, and for specializing in teacher education and graduation. However, Hardesty pointed out, the college expects every student to work up to his or her maximum ability and attain the highest grades possible.

In an effort to provide activities for the students in their off time from classes and study, the gymnasium will be open Friday evenings and Saturday afternoons and evenings for students on campus. The recreation room in Compton Hall will observe the same hours. The library will be open Saturday mornings and also on Sundays from 2 to 4 p. m. The dormitories will contain facilities designed by the students for activities over the weekends.

In closing, Hardesty revealed that major changes are taking place in the faculty to provide smaller classes and more personal guidance. Seven new faculty members have been or will soon be hired. Criteria for selection of new faculty members has been the ability to use methods of teaching in college which are used by the students when they go to classrooms of Maryland to teach. Dr. Laura B. Harney, now on the faculty in library work, will become an instructor in freshman English in September. C. Waldon Skinner, biology and physical education teacher, will become full-time physical education instructor and continue to coach basketball and baseball.

Miss Lillian Wellner, girls' athletic instructor, will take on additional responsibilities of coaching tennis. William C. Van Newkirk will be fully in charge of testing and will teach psychology. John M. Dunn will be in charge of the developmental guidance program for the college.

Robert W. Jones will assist Dunn to some extent in supervising practice teaching and Robert T. Novack, instructor in psychology and geography, will become a full-time geography instructor.

Fox, Philley Triples Sink Senators, 7-5

Chisox Break Tie With Two In Ninth

WASHINGTON, June 7 (AP) — Nellie Fox and Dave Philley slammed ninth inning triples off Pedro Ramos and both scored on sacrifice flies to give the Chicago White Sox a 7-5 triumph over Washington today.

With the score tied at 5-5, Fox opened the ninth inning with a triple off the rightfield fence and scored on Minnie Minoso's fly to Karl Olson in right. That pattern was duplicated when Philley tripled to center and came across after Larry Doby flied to Olson.

The White Sox clipped Dean Stone for five quick hits in the first inning to vault into a 3-0 lead as Fox, Philley, Doby, Walt Dropo and Luis Aparicio supplied singles.

One of the Senators' runs also was scored on a combination of a triple and sacrifice fly. In the sixth, Roy Sievers socked a three bagger and scored on Carlos Paula's fly.

Wesleyan Plans New Field House

BUCKHANNON, W. Va., June 7 (AP) — A long range, five million dollar program for West Virginia Wesleyan College, designed to span the next nine years, was announced here today.

Dr. William J. Scarbrough, Wesleyan president, told the annual meeting of the West Virginia Methodist Conference that half of the five million dollar fund would go to Wesleyan's endowment and the other half toward a building program.

Proposed new buildings included a student center, gymnasium and field house, chemical building, memorial chapel, women's dormitory and miscellaneous renovations.

The fund raising - building program is designed to end in 1965, Wesleyan's diamond jubilee year.

Also announced today were new members elected to the board of trustees. They were E. Ray Jones of Oakland, Md., chairman, and Dean A. A. Schoolcraft and J. A. Ling, Wesleyan vice president, both of Buckhannon.

Ted Williams Gives Views On Mantle Shift

May Hurt Mickey Psychologically

BOSTON, June 7 (AP)—Ted Williams, an authority on baseball shifts, today said New York's Mickey Mantle may be hurt psychologically but not otherwise by Lou Boudreau's new defense.

Williams—the Boston Red Sox slugger who first faced a shift in 1946 when Boudreau managed Cleveland—commented on Kansas City's recent maneuvers against Mantle.

Boudreau has had his club radically shifted against the switch-hitting Mantle when he is at bat as a left hander. The defense is over-shifted to the right with virtually no leftfielder and one man on the edge of the grass on the left side of the infield.

"It may hurt Mantle psychologically," Williams said, "but that's the only way. You can't stop a good hitter like him."

While Ted didn't think there was much the defense could do with Mantle individually, he repeated his idea that defense is making progress in the modern game.

"I believe the big change in the game is and will be the improvement of defense by shifting against power hitters who pull to one field consistently.

"The shifts won't be as radical as the one against Mantle. But there'll be more maneuvering of infielders and outfielders to try to block the paths where a batter normally hits."

Extensive Gas Line Additions Are Announced

MOOREFIELD—To provide for the increased requirements of its customers, Atlantic Seaboard Corporation will carry on an extensive construction program this summer, according to John W. Kelly, vice president.

One phase of the construction calls for the looping three sections of a 26-inch pipeline which extends approximately 285 miles from near Clendenin, W. Va., to Granite, Md.

Another phase involves the laying of a 24-inch pipeline from Hardy County to Green County, Va., to link the 26-inch line with another 20-inch transmission line operated by Atlantic Seaboard. The 20-inch pipeline, 421 miles in length, extends from Boldman, Ky., to the Maryland-Pennsylvania line.

Workmen have commenced clearing right-o-way, grading and ditching in the vicinity of Seneca Compressor Station in Pendleton County, and in the vicinity of Blickers Compressor Station in Greene County.

Atlantic Seaboard, a member of the Columbia Gas System, supplies gas at wholesale to customers along the eastern seaboard.

Kelly commented that the loop construction and the 24-inch line will increase capacity and improve the operating flexibility of Atlantic Seaboard's transmission system and will provide greater assurance of continuous service. The contractor is the Williams-Austin Company of Pittsburgh.

The 26-inch loop line will be laid in Braxton, Randolph and Pendleton counties.

The new 24-inch line will run in a southeasterly direction from Lost River Compressor Station in Hardy County to Blickers Compressor Station in Greene County. In Virginia it will run through Shenandoah, Page, Rockingham and Greene counties.

Leo J. Payne of Elkins, superintendent, will be in charge of both projects.

Atlantic Seaboard started loop construction along its 26-inch line in 1954, when construction consisted of approximately 95 miles of 26-inch loop line. In 1955 approximately 70 miles of loop was laid.

QUESTIONS

1—What player won the 1905 American League batting crown with the lowest average in the loop's history?

2—In what year did the Miracle Braves roar from last place on July 4 to the pennant?

3—Has any team finished in seventh place and then won the pennant the next season?

HOOHEE?

HE fought Jake Kilrain in the last bare-knuckle fight in the United States. It took place July 8, 1889. He defended his heavyweight crown in 75 rounds. He's one of best known of all fighters.

ANSWERS

1—It was Elmer Flick of Cleveland with .306 average. (Hoohee: John L. Sullivan).

2—In 1914.

3—The Boston Red Sox finished seventh with war-time players in 1945 and after the boys came marching home in 1946, they won the flag. The Yankees did it also, jumping from seventh in 1925 to first the next season.

Mike Souchak Sets Pace In Round Robin

NEW ROCHELLE, N. Y., June 7 (AP)—Mike Souchak and Bob Rosburg, two big but sometime erratic belters, and steady-shooting Gene Littler took aim at sitting targets today and made themselves the big point scorers in the first round of the 15th Round Robin Golf Tournament.

After the first 18 holes of the man-against-man tussle involving 16 top golf pros from three nations, Souchak came up with the best score, a five-under-par 67 over the hilly Wykagyl course. But he had only a one point edge over Rosburg and Littler, who fired a 68 and 69, respectively.

Souchak, the former Duke university football player who represents a resort course at Grossinger, N. Y., picked up 15 points shooting against Freddie Haas, Bill Maxwell and former National Open champion Lloyd Mangrum.

In other foursomes, Rosburg and Littler each came up with plus 14 point totals, fattening their records mainly at the expense of three-time British Open champion Henry Cotton and Fred Hawkins of El Paso, Tex.

Under the round robin scoring system, a player gets one point for each stroke by which he beats another member of his foursome or loses a point for each stroke by which he is beaten. Groupings are changed with each round, so that every one of the 16 faces all the others.

In other scoring today Peter Thomson of Australia had 37-36—73, plus 6; Sam Snead of White Sulphur Springs, W. Va., had 36-36—72, plus 2, and Doug Ford, Mahopac, N. Y., shot 38-36—74, plus 2.

Far Reaching FSTC Plans Explained By President

FROSTBURG—R. Bowen Hardesty, president of State Teachers College, has revealed far-reaching plans for the future of the college.

For a period of a year, the faculty and administration worked in discussing objectives for the second half of the Twentieth Century. Only recently were they put into print. For initial study they were sent throughout the state to superintendents, supervisors, principals, guidance counselors, presidents of county PTA councils, presidents of local organizations in the community and to presidents of student organizations.

The response by way of replys has been most gratifying, Hardesty said, and additional ideas are being incorporated into the second writing of the objectives by an editing committee of the faculty.

Faculty meetings in keeping with decisions of the faculty involved will be held once a month during 1956-57. To these sessions have been invited the county superintendent of schools who will exchange ideas with the college, relating to kinds of teachers needed. The faculty will also explain the details of courses of study included in the curriculum.

Hardesty has also pointed out that a new catalog, including pictures with data about the college, is in the process of being edited and will go to press within the next week.

Also revived this year has been the yearbook which was discontinued in 1946. This publication, called "The Nemacolin," was distributed this week. All photography, editing and art work was done by a staff of 53 members of the college.

Concerning plans for practice teaching, Hardesty pointed out that Grace S. Kopp, supervisor of elementary practice teaching, and John M. Dunn, supervisor of junior high practice teaching, will render additional service during the coming year, other than supervising the students teaching local schools. Both of the members of the department will begin going out in September into Maryland classrooms to follow up graduates and give any additional help they may desire.

In further revealing plans of the college, Hardesty said that on the planning board at the present time is a dining hall to take care of 400 students. The structure will also serve as a building to provide living quarters for all organizations of students, both day and resident. The building will also house a book store, locker room for day students and a snack bar. Also on the planning board is a new laboratory school to be located off Midlothian Road. This will house a kindergarten through the sixth grade, and perhaps the eighth grade. Under construction now are two resident halls to be completed early this fall.

In addition to planning for the future in curriculum and buildings, standards at the present must be maintained, said Hardesty. Seven hundred students are expected to enroll in September, coming from Allegany, Garrett and Washington counties with more students than ever before from the Baltimore - Washington area and the Eastern Shore. Student averages have been raised to a 1.0 minimum, higher to be eligible for participation in various sports, officers of organizations, serving in activities which take students off campus, for admission to junior college, and for specializing in teacher education and graduation. However, Hardesty pointed out, the college expects every student to work up to his or her maximum ability and attain the highest grades possible.

In an effort to provide activities for the students in their off time from classes and study, the gymnasium will be open Friday evenings and Saturday afternoons and evenings for students on campus. The recreation room in Compton Hall will observe the same hours. The library will be open Saturday mornings and also on Sundays from 2 to 4 p. m. The dormitories will contain facilities designed by the students for activities over the weekends.

In closing, Hardesty revealed that major changes are taking place in the faculty to provide smaller classes and more personal guidance. Seven new faculty members have been or will soon be hired. Criteria for selection of new faculty members has been the ability to use methods of teaching in college which are used by the students when they go to classrooms of Maryland to teach. Dr. Laura B. Harney, now on the faculty in library work, will become an instructor in freshman English in September. C. Waldon Skinner, biology and physical education teacher, will become full-time physical education instructor and continue to coach basketball and baseball.

Miss Lillian Wellner, girls' athletic instructor, will take on additional responsibilities of coaching tennis. William C. Van Newkirk will be fully in charge of testing and will teach psychology. John M. Dunn will be in charge of the developmental guidance program for the college.

Robert W. Jones will assist Dunn to some extent in supervising practice teaching and Robert T. Novack, instructor in psychology and geography, will become a full-time geography instructor.

Turley Hurls Four-Hitter Against A's

Berra, Bauer Clout Homers In 9-1 Win

NEW YORK, June 7 (AP) — Bob Turley held the Kansas City A's to four hits today while homers by Yogi Berra and Hank Bauer boosted the New York Yankees to a 9-1 victory.

Berra's 16th homer of the season off Alex Kellner in the second and Bauer's 13th off reliefer Bobby Shantz were the big blows. Yogi also had two singles in the Yanks' 14-hit attack, while Mickey Mantle boosted his average to .403 with a double and single in four trips. The league batting leader also reached base after striking out in the eighth when catcher Tim Thompson let the ball bounce away. Mantle batted right handed all day and Kansas City did not overshift its defenses for him at anytime.

It was Turley's second complete game in eight starts, making his season record 3-2.

Berra's homer in the second opened the scoring off Kellner, who was chased in the fourth when Mantle's double, Berra's single, a walk and Andy Carey's single produced two more runs. The Yanks also had scored in the third on Jerry Coleman's single, a sacrifice and Gil McDougald's single.

Bauer's homer came with two out in the fifth. A walk to Mantle and successive singles by Berra and Bill Skowron added another run.

Kansas City got its run in the eighth on a walk to Slaughter, Harry Simpson's single and an error by Gil McDougald on Johnny Groth's grounder.

Don Black's Home Is Declared Unfit For His Daughters

CLEVELAND, June 7 (AP) — The two daughters of former pitching star Don Black and his wife were sent to girls schools today until the couple re-establishes a home for them.

Judge Albert A. Woldman said Black, who pitched a no-hit game for the Cleveland Indians in 1947, and his wife, Joyce, would regain custody of the teenage children when a fit home was ready.

The Blacks, both 38, previously had been convicted of child neglect.

"You have the full sympathy of this court," Woldman said. "I am sorry to see a man who once was a hero in our community reduced to this state through drinking. We want to help you and when you have reestablished your home we will do all in our power to return your daughters to you."

Black told the court he was working in Akron as an automobile salesman.

A year after Black pitched his shutout, he collapsed at home plate when a blood vessel burst in his brain.

The cornerstone of the original Captiol building in Washington, D. C., was laid on Sept. 18, 1793, by President George Washington.

Neji Is Winner Of Steeplechase Race At Belmont

ELMONT, N. Y., June 7 (AP) — Mrs. Ogden Phipps' Neji, top weight at 165 pounds, came off the pace to win the 41st running of the $17,600 Meadow Brook Steeplechase Handicap at Belmont Park today.

With Frank (Dooley) Adams in the irons, the 6-year-old son of Hunters Moon 4th-Accra, scored by three and a half lengths in the fast time of 4:39 4/5, four fifths off the track record for the gruelling two and a half mile grind over 16 fences. Neji, third most of the way, rushed up to take the lead leaving the 15th fence and opened up a winning lead.

Newtondale Stable's Carthage, one of the lightweight's at 136 pounds, took the place by six lengths over Lawrence M. Troiano's King Commander, who tired under 164 pounds. King Commanders, steeplechase horse of 1954, had to use the services of a horse ambulance to get off the track.

Neji was the top 'chase horse in training last year.

Neji earned $12,160 for Mrs. Phipps, Long Island sportswoman.

Solid choice with the crowd of 19,518, Neji returned the across mutuels of $4.00, $2.70, $2.10. Carthage paid $7.20 and $2.80 and King Commander was $2.30 to show.

Spartans To Expand

EAST LANSING, Mich. (AP)—Four major athletic expansion projects are in the mill at Michigan State University. The big item is enlargement of the football stadium, Macklin Field. The addition will bring its capacity to 77,000. Other items are an 18-hole golf course, and new intramural buildings for men and women.

If all of the pretzels produced annually in the United States were poured into one bag, it would weigh 125 million pounds.

Fitz Boys Managing

WILLIAMSPORT, Pa. (AP) — Fred Fitzsimmons and John Fitzpatrick, National League coaches in 1955, are Eastern League managers in 1956. Fitzsimmons, who was with the Giants, is managing the Yankees' farm team at Binghamton, N. Y., while Fitzpatrick, former Pittsburgh coach, is handling the reins for the Williamsport Grays.

Southern Circuit's Attendance Is Off

Earl Mann of the Atlanta Crackers in the Southern Association, like every other baseball executive, is studying the minor league picture. The Southern league is off 20 per cent in attendance, but some of the other minors are far below last year . . . and last year was no bonanza season.

"It cannot be charged off to lack of interest in baseball," Mann said. "Every time a game is televised out of Atlanta it is seen by 300,000 to 400,000 people. That same night we average only 1,300 in the park.

"I see that the American Association is drawing smaller crowds than we are. It's something we've got to meet to stay in business.

"We hope for an upturn when warmer weather comes in," Mann said. "If things do not pick up sharply, we definitely will not be televised. Baseball is too good a show to be given away free."

Ancient Egyptians held the lion as an idol, naming two of their gods after him.

Turley Hurls Four-Hitter Against A's

Berra, Bauer Clout Homers In 9-1 Win

NEW YORK, June 7 (AP) — Bob Turley held the Kansas City A's to four hits today while homers by Yogi Berra and Hank Bauer boosted the New York Yankees to a 9-1 victory.

Berra's 16th homer of the season off Alex Kellner in the second and Bauer's 13th off reliefer Bobby Shantz were the big blows. Yogi also had two singles in the Yanks' 14-hit attack, while Mickey Mantle boosted his average to .403 with a double and single in four trips. The league batting leader also reached base after striking out in the eighth when catcher Tim Thompson let the ball bounce away. Mantle batted right handed all day and Kansas City did not overshift its defenses for him at anytime.

It was Turley's second complete game in eight starts, making his season record 3-2.

Berra's homer in the second opened the scoring off Kellner, who was chased in the fourth when Mantle's double, Berra's single, a walk and Andy Carey's single produced two more runs. The Yanks also had scored in the third on Jerry Coleman's single, a sacrifice and Gil McDougald's single.

Bauer's homer came with two out in the fifth. A walk to Mantle and successive singles by Berra and Bill Skowron added another run.

Kansas City got its run in the eighth on a walk to Slaughter, Harry Simpson's single and an error by Gil McDougald on Johnny Groth's grounder.

Don Black's Home Is Declared Unfit For His Daughters

CLEVELAND, June 7 (AP) — The two daughters of former pitching star Don Black and his wife were sent to girls schools today until the couple re-establishes a home for them.

Judge Albert A. Woldman said Black, who pitched a no-hit game for the Cleveland Indians in 1947, and his wife, Joyce, would regain custody of the teenage children when a fit home was ready.

The Blacks, both 38, previously had been convicted of child neglect.

"You have the full sympathy of this court," Woldman said. "I am sorry to see a man who once was a hero in our community reduced to this state through drinking. We want to help you and when you have reestablished your home we will do all in our power to return your daughters to you."

Black told the court he was working in Akron as an automobile salesman.

A year after Black pitched his shutout, he collapsed at home plate when a blood vessel burst in his brain.

The cornerstone of the original Captiol building in Washington, D. C., was laid on Sept. 18, 1793, by President George Washington.

Neji Is Winner Of Steeplechase Race At Belmont

ELMONT, N. Y., June 7 (AP) — Mrs. Ogden Phipps' Neji, top weight at 165 pounds, came off the pace to win the 41st running of the $17,600 Meadow Brook Steeplechase Handicap at Belmont Park today.

With Frank (Dooley) Adams in the irons, the 6-year-old son of Hunters Moon 4th-Accra, scored by three and a half lengths in the fast time of 4:39 4/5, four fifths off the track record for the gruelling two and a half mile grind over 16 fences. Neji, third most of the way, rushed up to take the lead leaving the 15th fence and opened up a winning lead.

Newtondale Stable's Carthage, one of the lightweight's at 136 pounds, took the place by six lengths over Lawrence M. Troiano's King Commander, who tired under 164 pounds. King Commanders, steeplechase horse of 1954, had to use the services of a horse ambulance to get off the track.

Neji was the top 'chase horse in training last year.

Neji earned $12,160 for Mrs. Phipps, Long Island sportswoman.

Solid choice with the crowd of 19,518, Neji returned the across mutuels of $4.00, $2.70, $2.10. Carthage paid $7.20 and $2.80 and King Commander was $2.30 to show.

Spartans To Expand

EAST LANSING, Mich. (AP)—Four major athletic expansion projects are in the mill at Michigan State University. The big item is enlargement of the football stadium, Macklin Field. The addition will bring its capacity to 77,000. Other items are an 18-hole golf course, and new intramural buildings for men and women.

If all of the pretzels produced annually in the United States were poured into one bag, it would weigh 125 million pounds.

Fitz Boys Managing

WILLIAMSPORT, Pa. (AP) — Fred Fitzsimmons and John Fitzpatrick, National League coaches in 1955, are Eastern League managers in 1956. Fitzsimmons, who was with the Giants, is managing the Yankees' farm team at Binghamton, N. Y., while Fitzpatrick, former Pittsburgh coach, is handling the reins for the Williamsport Grays.

Southern Circuit's Attendance Is Off

Earl Mann of the Atlanta Crackers in the Southern Association, like every other baseball executive, is studying the minor league picture. The Southern league is off 20 per cent in attendance, but some of the other minors are far below last year . . . and last year was no bonanza season.

"It cannot be charged off to lack of interest in baseball," Mann said. "Every time a game is televised out of Atlanta it is seen by 300,000 to 400,000 people. That same night we average only 1,300 in the park.

"I see that the American Association is drawing smaller crowds than we are. It's something we've got to meet to stay in business.

"We hope for an upturn when warmer weather comes in," Mann said. "If things do not pick up sharply, we definitely will not be televised. Baseball is too good a show to be given away free."

Ancient Egyptians held the lion as an idol, naming two of their gods after him.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, June 7 (INS)—It's been a long time between movies for Betty Garrett (Mrs. Larry Parks). But on July 9 she'll be back in her old dressing room on the Columbia lot for the femme lead in "Missing Witness," The Cosmopolitan magazine story by John and Ward Hawkins.

Betty, who has alway appeared in musicals—in fact, her biggest hit was "My Sister Eileene" at this same studio—takes on a very different role in this thriller. It's about a child who sees hoodlums attempt to murder his mother, the wife of a policeman.

Most of her time recently, Betty has spent appearing with Larry in plays around the country—or if she hasn't been in the show, she's traveled with her husband.

The Paul Gregory - Charles Laughton combination for a time threatened to break into bits and pieces over a contract squabble. There was a battle royal, but peace now reigns. I do know that Charles will direct "Goggle," a play by Bentz Pragerman, on Broadway this fall for Gregory.

Charles has other plans, too. He plays Falstaff for the young Waco, Texas, genius Paul Baker, who was written up in Life this last week. Laughton is just back from Waco where he helped Coach Burgess Meredyth who is playing in "Hamlet" for Baker.

That planned trip to the Berlin festival for George Nader was called off today by Ed Muhl, head of U-I, but George gets a much better trip. He'll go to Tokyo with Audie Murphy for "Joe Butterfly," co-starring with Audie.

Just today, Producer Aaron Rosenberg and Director Jesse Hibbs returned from Tokyo where they made arrangements to put "Joe Butterfly" on the wing the second week in July.

The dedication of the new wing of St. John's Hospital by Cardinal James Francis McIntyre was like a dream come true to those of us who ten years ago started to help raise the necessary money.

Irene Dunne, Mrs. John Farrow (Maureen O'Sullivan), Carolina Lokrantz, Mrs. Frank Powell (President of St. John's Guild), Mrs. Jack Bolton, Willard Keith and so many others were at the ceremonies. Sister Mary David made a speech thanking all the people who contributed. Harry Warner, a generous donor, made the trip to the hospital although he was limping following a recent operation. Missing was Kay Kayser, who started the original drive.

George Murphy did our industry proud with his M. C.-ing.

Jo Van Fleet, Academy Award winner, is giving up pictures for a year after she finishes "The King and Four Queens" with Clark Gable. I though this idea was in her mind when she stopped in to see me on her way to location at St. George, Utah.

Now she says, "I haven't been on the stage in over three years; not since 'Trip to Bountiful' with Lillian Gish. I have been away from my home and my husband, William Bales, too long while I've been making pictures. I promised him and my seven-year-old son that I'll stay home in New York for a year. I'll do a stage play because I never want to be idle."

Snapshots of Hollywood collected at random:

I keep hearing that Sammy Fain and his wife are trying it apart. He wrote the Academy Award wining song "Love Is a Many Splendored Thing" with Paul Francis Webster.

The beautiful star sapphire and diamond ring worn on Diana Lynn's engagement finger was put there by Mortimer Hall. Dashing to rehearsal for the "Climax" TV show, Diana verified her engagement to Ruth Roman's ex.

Bill Morrow, Bing Crosby's favorite writer, told me he and his Mary have stayed in Palm Springs although the temperature was 105. He said Bing will be down from Pebble Beach to attend his youngest son Lindsay's graduation from Loyola.

That's all today. See you tomorrow.

Employed Men Who Drew Benefits Fined

BALTIMORE, June 7 (AP)—Criminal Judge E. Paul Mason has ordered five Baltimore men to pay a total of $1,131 in fines and restitution for drawing jobless pay benefits while actually employed.

Four others who had repaid funds to the State were released upon payment of costs, and in a tenth case the accused worker was acquitted.

Penalties were enforced by the judge against Julian Shaird, $105 fine and $105 restitution; Harvey Blackwell, $115 fine and $115 restitution; Samuel Williams, $200 fine and $291 restitution; Willie Byrd, $87 fine and $87 restitution, and Harry Taylor, $13 fine and $13 restitution. All are Negroes.

Plenty Of Complaints

UNITED NATIONS, June 7 (AP)—Under U.N. rules, all petitions and complaints from individuals in non-self-governing territories must be examined.

A committee studied 33,026 missives from the French Cameroons and found 506 warranted further consideration.

They include 364 claims of property damage and 60 complaints of killing, wounding, imprisonment or disappearance of relatives in rioting a year ago.

Judge At Reunion

Chief Judge George Henderson is at Princeton University attending the annual reunion of his 1909 graduating class.

Centre Street Holds Graduation

Twenty students of the sixth grade at Centre Street School were graduated at commencement exercises Monday at the school.

Members of the class were Ellen Blake, Gary Canfield, David Cope, Donna Housel, Carole Hoyman, Ralph Jackson, Nancy Kennedy, Eleanor Kerr, Patsy Kight, Donald Livengood, William McKenzie, Catherine Moyer, Dorothy Moyer, Charles Riggs, Sherry Riggs, Lois Robinette, Jack Ruhl, Sheila Sirbaugh, Oma Shook and Carole Smith.

The program included advice for junior high by members of the faculty and remarks by Miss Eleanor Tennant, principal, who also presented diplomas to the group.

Also featured were instrumental duet selections by Richard Biggs and James Bowman, and Louis Hartung and Gary Keller; a violin duet by Eleanor Kerr and Alice Miller, and a violin quartet composed of Jeri Lee Shrock, Jane Bowman, Susan McKenty and Joseph Phillips.

Withdrawal Seen

KUALA LUMPUR, Malaya, June 7 (AP) — Official sources report a large part of the British and Commonwealth troops fighting Communist guerrillas in Malaya will be withdrawn when their campaign is won. About 25,000 men are involved. Britain and Malaya will have a mutual defense and aid agreement.

Midland Man Injured

William Foutz 23, Midland, was admitted to Sacred Heart Hospital yesterday with injuries sustained while at work in Keyser. Attaches said the man suffered a shoulder injury while installing aluminum awnings.

Chicago Board Of Trade

CHICAGO, June 7 (AP)—Most grains declined in irregular trading on the Board of Trade today.

Influenced mainly by weakness in soybean oils, March wheat fell a cent a bushel at one time and soybean futures dropped as much as 3 cents during the day's session.

Other factors affecting wheat were scattered selling by commission houses, the expanded harvest in Oklahoma and news that Yugoslavia has arranged to get wheat from Russia.

Closing futures:

Wheat: Jly 2.06½-⅝; Sep 2.08¾-⅞; Dec 2.12¼-⅜; Mar 2.13⅜-½.

Corn: Jly 1.52⅝-½; Sep 1.51¾-⅞; Dec 1.38⅞-39; Mar 1.42½-⅝.

Oats: Jly 65¼; Sep 66⅝; Dec 69⅝; Mar 71A.

Rye: Jly 1.23¼; Sep 1.23¼; Dec 1.25; Mar 1.28¾.

Soybeans: Jly 3.11¼-¾; Sep 2.73¾-73¼; Nov 2.54¾; Jan 2.38¼-58; Mar 2.61-60¾.

Lard: Jly 11.77; Sep 12.17; Oct 12.27; Nov 12.05; Dec 13.02.

A-Asked.

Cash grain: Wheat none; corn sample grade yellow 1.52¼; no soybeans; oats No. 1 extra heavy white 71-72.

Soybean oil 14¼; soybean meal 60.50.

Barley nominal: Malting choice 1.30-43; feed 1.00-10.

4-H Conservation Camp Will Be Held July 16-21

Conservation in wildlife, forest and soil will be demonstrated when approximately 100 young men attend the annual 4-H conservation camp at the Western Maryland 4-H Club Center in Garrett County July 16-21.

Purpose of the camp is to recognize outstanding 4-H Club work in conservation and to develop greater interest in this phase of the Club program, according to W. Sherard Wilson, state 4-H Club agent.

Transportation from the various Maryland counties will be by bus. The buses will follow much the same routes as last year, according to Wilson, and should accommodate all delegates from the Eastern Shore, southern Maryland, and south of Frederick in central Maryland. Pick-up points will be announced at a later date.

County agricultural agents and their assistants are responsible for forwarding to the state office by July 10 the names of their county delegates. For eligibility as a delegate, each 4-H'er must have passed his 14th birthday and have a genuine interest in conservation of Maryland's natural resources.

Wage Boosts Voted

WILLIAMSPORT, Md., June 7 (AP)—City officials have voted themselves wage increases, upping the mayor's salary from $25 to $300 a year and boosting the pay of councilmen from $5 to $150 a year.

Sacred Music Degrees

NEW YORK, June 7 (AP)—Eight students of the Hebrew Union School of Sacred Music have been awarded master of arts degrees in sacred music. They are the first to receive such degrees in the United States.

Police Locate Car

City Police have located the automobile reported stolen Wednesday from a parking place on North Liberty Street. Sgt. James Brown located the vehicle parked on Union Street late last night.

ORDER OF PUBLICATION

LAW OFFICE OF EDWARD J. RYAN

Thomas L. Oglebay, 604 Hill Street, Cumberland, Maryland, vs. Gilda V. Oglebay, 62 Bellevue Road, East Braintree, Mass.

No. 24505 Equity, in the Circuit Court for Allegany County, Maryland.

The object of this suit is to obtain a divorce A VINCULO MATRIMONII of the Plaintiff from the Defendant.

The bill states that the parties hereto were married on the 25th day of April, 1953 in Lawrence, Massachusetts and that no children were born of the said marriage; and that the defendant, without just cause or reason, deserted and abandoned the plaintiff and has declared her intention to live with him no longer, and that such desertion and abandonment has been continuous and uninterrupted for more than eighteen months and is deliberate and final and without any reasonable hope of reconciliation; and that the plaintiff was granted a decree of partial divorce from the defendant on the 4th day of May, 1955 by the Circuit Court for Allegany County in No. 24,001 Equity; and that the plaintiff is a resident of Allegany County and that the defendant is a non-resident, her last known address being 62 Bellevue Road, East Braintree, Mass.

IT IS THEREUPON, This 7th day of June, 1956, by the Circuit Court for Allegany County, Maryland, in equity, ordered that the plaintiff by causing a copy of this order to be published in some newspaper once in each of four (4) successive weeks, before the 9th day of July, 1956, giving notice to the absent defendant of the object and purpose of this suit and warning her to be and appear in this Court, in person or by solicitor, on or before the 25th day of July, 1956, to show cause, if any she has, why a decree should not be passed as prayed.

4-H Conservation Camp Will Be Held July 16-21

Conservation in wildlife, forest and soil will be demonstrated when approximately 100 young men attend the annual 4-H conservation camp at the Western Maryland 4-H Club Center in Garrett County July 16-21.

Purpose of the camp is to recognize outstanding 4-H Club work in conservation and to develop greater interest in this phase of the Club program, according to W. Sherard Wilson, state 4-H Club agent.

Transportation from the various Maryland counties will be by bus. The buses will follow much the same routes as last year, according to Wilson, and should accommodate all delegates from the Eastern Shore, southern Maryland, and south of Frederick in central Maryland. Pick-up points will be announced at a later date.

County agricultural agents and their assistants are responsible for forwarding to the state office by July 10 the names of their county delegates. For eligibility as a delegate, each 4-H'er must have passed his 14th birthday and have a genuine interest in conservation of Maryland's natural resources.

ORDER OF PUBLICATION

LAW OFFICE OF EDWARD J. RYAN

Thomas L. Oglebay, 604 Hill Street, Cumberland, Maryland, vs. Gilda V. Oglebay, 62 Bellevue Road, East Braintree, Mass.

No. 24505 Equity, in the Circuit Court for Allegany County, Maryland.

The object of this suit is to obtain a divorce A VINCULO MATRIMONII of the Plaintiff from the Defendant.

The bill states that the parties hereto were married on the 25th day of April, 1953 in Lawrence, Massachusetts and that no children were born of the said marriage; and that the defendant, without just cause or reason, deserted and abandoned the plaintiff and has declared her intention to live with him no longer, and that such desertion and abandonment has been continuous and uninterrupted for more than eighteen months and is deliberate and final and without any reasonable hope of reconciliation; and that the plaintiff was granted a decree of partial divorce from the defendant on the 4th day of May, 1955 by the Circuit Court for Allegany County in No. 24,001 Equity; and that the plaintiff is a resident of Allegany County and that the defendant is a non-resident, her last known address being 62 Bellevue Road, East Braintree, Mass.

IT IS THEREUPON, This 7th day of June, 1956, by the Circuit Court for Allegany County, Maryland, in equity, ordered that the plaintiff by causing a copy of this order to be published in some newspaper once in each of four (4) successive weeks, before the 9th day of July, 1956, giving notice to the absent defendant of the object and purpose of this suit and warning her to be and appear in this Court, in person or by solicitor, on or before the 25th day of July, 1956, to show cause, if any she has, why a decree should not be passed as prayed.

Bell With Music

"I wrote the book in angry haste—and I chose far better than average Allied Military Government officer. Joppolo, as its protagonist, and a worse than average regular Army officer, Marvin, as its antagonist, because I was just back from the fronts and I was all hot and bothered." John Hersey wrote in the foreward for his Pulitzer Prize-winning novel "A Bell For Adano," which CBS-TV turned into a 90-minute musical the other night.

A great deal of "hot and bothered" quality and much of the anger and the haste are still quite evident in "A Bell For Adano," but these are not so much its weakness as its strength. The anger and the haste have made it a taut, unabashedly sentimental, but unmistakably honest story.

"I beg of you to know this man Joppolo well," said Hersey also in his forward. "We have need of him. He is our future in the world. Neither the eloquence of Churchill, nor the humaneness of Roosevelt, no Charter, no Four Freedoms or 14 points, no dreamer's diagram so symetrical and so faultless on paper, no plans, no hope, no treaty—none of these things can guarantee anything. Only men can guarantee, only the behaviour of men under pressure, only our Joppolos."

That's the theme of the story—the impact of American culture at its best and at its worst on a little Italian town—and to a lesser extent the impact of the Italians on their American conquerors. The best is represented by Major Joppolo, a military government officer, who believes his mission is not only to feed and restore normalcy to his little Italian town but also to minister to its spiritual needs. Their chief need at the moment is to get a bell to replace the one that had been taken to melt into guns.

The bad American, a Major General Marvin who is delayed by a water cart in his way through town, orders all carts kept out of town even though the populace might die of thirst. In the end Adano gets its carts back and its bell and Joppolo, though banished, is the real victor.

The CBS production, which was beautifully directed by Paul Nickell, opened with some stunning live shots of the town streets and houses and squares and finally its people. Nickell kept his camera roving through the market places and the houses and City Hall in a way that gave the production great spaciousness. Barry Sullivan was every inch a Major Joppolo—a mixture of Yankee idealism and practicality. I was less happy about Anna Maria Alberghetti as his Italian girl friend. Miss Alberghetti is decorative all right but not much else, though, come to think of it, it isn't much of a part.

Actually, I found Mr. Hersey's Americans a good deal more convincing than his Italians, who were a little too fundamentally childlike. The Italians are that way, all right, but they have a little more depth than that.

Arthur Schwartz, the producer, and Howard Dietz contributed five new songs. They were good songs, especially, "A Bell For Adano" and a very cute and Dietzy song called "Fish," but I don't know that they added much to the story.

Altogether, though, I think this was the happiest of the Schwartz 90-minute productions to come along so far. Chief credit, of course, should go to Mr. Hersey. His angry and hasty little book has stood up very well.

WIFE PRESERVERS

If you get a stain on the carpet, act at once to eliminate it, before it is "set." Wash the spot at once with a soap jelly or mild suds, then blot it with paper towels, napkins or facial tissues. Next use a clean, slightly damp cloth or sponge and brush lightly over the spot, avoiding wetting and hard rubbing. Work from the outer edge to the center of the stain to prevent spreading.

Contract Bridge

By B. Jay Becker

QUIZ

Your right hand opponent opens the bidding with One Notrump. Your left hand opponent responds Three Notrump. Which card do you lead with each of the following hands?

Q1. ♠QJ752 ♥AJ95 ♦J6 ♣98
Q2. ♠Q3 ♥987 ♦J53 ♣J8642
Q3. ♠85 ♥6 ♦KJ943 ♣A9652
Q4. ♠A963 ♥QJ93 ♦542 ♣K4
Q5. ♠92 ♥98 ♦9632 ♣AKQ102

Q1. Five of spades. Establishment of a long suit is characteristic of defense against notrump. It is rare, if the opponents are bidding correctly, for the defenders to dash off with five high card winners. The defenders, when they are successful, will usually be found to have taken their five or more tricks from a combination of the high card winners they start with and the low card winners they establish into tricks. Thus, the main hope in the hand given is that partner has either the king or ace of spades. If he has, then there is a good chance declarer will make only one spade trick, which will leave four for the defenders if they can come on lead before the declarer runs nine tricks. In most hands, the fourth best card of the long suit is led.

Q2. Nine of hearts. In trying to build up low card winners, the opening leader should not restrict his choice of leads to his own longest suit. The partnership effort will be better served in many cases if the opening leader tries to build up his partner's hand, rather than his own. The club lead is not recommended because the suit has a poor chance of being established, and there is furthermore no entry to cash the tricks if the suit does get set up. The best hope is to find partner with a long heart suit and enough entries to beat three notrump.

Q3. Four of diamonds. In choosing which five card suit to lead we lean to the one which is easier to promote. If partner has either the ace or queen of diamonds there is a good chance the suit will produce four winners for us. The club suit requires from partner specialized holdings which are much more remote.

Q4. Queen of hearts. The rule of fourth best is abandoned whenever the opening leader has three high cards in sequence. In such case he leads the highest card of the sequence. The holding of Q-J-9-3 is treated as though it were Q-J-10-3. Note the distinction between this hand and the one given in Q1, where the nine and ten of spades are absent.

Q5. Ace of clubs. This is in line with an old convention which requires partner to play his highest card of the suit led when the opening lead against notrump is an ace. In many hands the information given in response to the ace lead simplifies the defense.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Actually, I found Mr. Hersey's Americans a good deal more convincing than his Italians, who were a little too fundamentally childlike. The Italians are that way, all right, but they have a little more depth than that.

Arthur Schwartz, the producer, and Howard Dietz contributed five new songs. They were good songs, especially, "A Bell For Adano" and a very cute and Dietzy song called "Fish," but I don't know that they added much to the story.

Altogether, though, I think this was the happiest of the Schwartz 90-minute productions to come along so far. Chief credit, of course, should go to Mr. Hersey. His angry and hasty little book has stood up very well.

WIFE PRESERVERS

If you get a stain on the carpet, act at once to eliminate it, before it is "set." Wash the spot at once with a soap jelly or mild suds, then blot it with paper towels, napkins or facial tissues. Next use a clean, slightly damp cloth or sponge and brush lightly over the spot, avoiding wetting and hard rubbing. Work from the outer edge to the center of the stain to prevent spreading.

Contract Bridge

By B. Jay Becker

QUIZ

Your right hand opponent opens the bidding with One Notrump. Your left hand opponent responds Three Notrump. Which card do you lead with each of the following hands?

Q1. ♠QJ752 ♥AJ95 ♦J6 ♣98
Q2. ♠Q3 ♥987 ♦J53 ♣J8642
Q3. ♠85 ♥6 ♦KJ943 ♣A9652
Q4. ♠A963 ♥QJ93 ♦542 ♣K4
Q5. ♠92 ♥98 ♦9632 ♣AKQ102

Q1. Five of spades. Establishment of a long suit is characteristic of defense against notrump. It is rare, if the opponents are bidding correctly, for the defenders to dash off with five high card winners. The defenders, when they are successful, will usually be found to have taken their five or more tricks from a combination of the high card winners they start with and the low card winners they establish into tricks. Thus, the main hope in the hand given is that partner has either the king or ace of spades. If he has, then there is a good chance declarer will make only one spade trick, which will leave four for the defenders if they can come on lead before the declarer runs nine tricks. In most hands, the fourth best card of the long suit is led.

Q2. Nine of hearts. In trying to build up low card winners, the opening leader should not restrict his choice of leads to his own longest suit. The partnership effort will be better served in many cases if the opening leader tries to build up his partner's hand, rather than his own. The club lead is not recommended because the suit has a poor chance of being established, and there is furthermore no entry to cash the tricks if the suit does get set up. The best hope is to find partner with a long heart suit and enough entries to beat three notrump.

Q3. Four of diamonds. In choosing which five card suit to lead we lean to the one which is easier to promote. If partner has either the ace or queen of diamonds there is a good chance the suit will produce four winners for us. The club suit requires from partner specialized holdings which are much more remote.

Q4. Queen of hearts. The rule of fourth best is abandoned whenever the opening leader has three high cards in sequence. In such case he leads the highest card of the sequence. The holding of Q-J-9-3 is treated as though it were Q-J-10-3. Note the distinction between this hand and the one given in Q1, where the nine and ten of spades are absent.

Q5. Ace of clubs. This is in line with an old convention which requires partner to play his highest card of the suit led when the opening lead against notrump is an ace. In many hands the information given in response to the ace lead simplifies the defense.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Card of Thanks

We desire to express our sincere thanks and appreciation to all our friends and neighbors who were so kind to us during our recent bereavement, the death of our husband and father, Mr. Odilo Baumann. We wish to thank all who in so many ways rendered assistance.
THE BAUMANN FAMILY

We wish to thank our neighbors and friends for their kindnesses at the death of our mother, Mrs. Pearl Richardson. We especially wish to thank the Rev. Joseph Young and the Methodist choir, those who sent flowers, donated cars or helped in any way.
HER CHILDREN

We desire to extend our sincere thanks and appreciation to all our friends and neighbors who were so kind to us during the illness and following the death of Mrs. Susan A. Winebrenner. We especially wish to thank Rev. Randall Parsons, those who sent flowers, donated cars and helped in any way.
Wm. M. Winebrenner Sr., and family

In Memoriam

In memory of our dear father, William Hamilton, who passed away 5 years ago June 6, 1951.
In our hearts we'd like to stray,
Along the road of yesterday.
To hear you laugh and see you smile,
To talk with you a little while.
We cannot bring the old days back,
Your hand we cannot touch,
But God his given us sweet memories
Of a dear Dad we loved so much.
Sadly missed by daughters:
Mrs. Erma Robinette, Mrs. Virginia Shearer Gray, Mrs. Mildred Blacker, Mrs. Edna Lewis, Mrs. Jean Mason

Card of Thanks

We desire to express our sincere thanks and appreciation to all our friends and neighbors who were so kind to us during our recent bereavement, the death of our husband and father, Mr. Odilo Baumann. We wish to thank all who in so many ways rendered assistance.
THE BAUMANN FAMILY

We wish to thank our neighbors and friends for their kindnesses at the death of our mother, Mrs. Pearl Richardson. We especially wish to thank the Rev. Joseph Young and the Methodist choir, those who sent flowers, donated cars or helped in any way.
HER CHILDREN

We desire to extend our sincere thanks and appreciation to all our friends and neighbors who were so kind to us during the illness and following the death of Mrs. Susan A. Winebrenner. We especially wish to thank Rev. Randall Parsons, those who sent flowers, donated cars and helped in any way.
Wm. M. Winebrenner Sr.,
and family

In Memoriam

In memory of our dear father, William Hamilton, who passed away 5 years ago June 6, 1951.
In our hearts we'd like to stray,
Along the road of yesterday.
To hear you laugh and see you smile,
To talk with you a little while.
We cannot bring the old days back,
Your hand we cannot touch,
But God his given us sweet memories
Of a dear Dad we loved so much.

NEW YORK, June 7 (AP)—A creeping advance took the stock market up another notch today to a new recovery high.

The market reached a low point in a three-week reaction a week ago Monday, and since then it has been going up on relatively light volume.

Motors, steels and oils gave a lift to the early market, but they all were depressed somewhat from their best at the close.

Gains went to around 3 points with the great majority of them in a fractional range. Losses were small.

The Associated Press average of 60 stocks was up $1.30 at $180.00, the best level of the current recovery. The industrial component added $1.60, rails were up $1.40, and utilities gained 30 cents.

There were only 1,115 individual issues traded, second lowest total of the year. Plus signs had a better than two-to-one edge—590 up and 284 down. Seventeen stocks hit new highs for the year and 17 touched new lows.

Houston Oil stamped stock was the day's most active issue unchanged at 4⅜ on 39,800 shares.

General Motors was second up ¾ at 43¼. It was the star of its division. Buying was encouraged by higher sales reports from several of its divisions. Ford, up ⅜ at 53⅜, also noted a sales pickup. Chrysler lost ¼ and Studebaker-Packard was down ⅛.

Southern Production was third most active, up ½ at 42, and Standard Oil (NJ) was fourth unchanged at 57⅛.

N. Y. Eggs And Butter

NEW YORK, June 7 (AP)—(USDA): Eggs were steady to firm today. Receipts 15,400. (Wholesale selling prices based on exchange and other volume sales.)

New York spot quotations follow:

Nearby: Whites: Top quality (48-50 lbs) 41-43; mediums 38-39; smalls 33-33½.

Browns: Top quality (48-50 lbs) 43-45; mediums 39-41; smalls 33-34.

Butter steady. Receipts 578,000. Prices unchanged.

Position Of Treasury

WASHINGTON, June 7 (AP)—The cash position of the Treasury, June 4, 1956:

Balance $5,712,968,926.02, deposits fiscal year July 1 $65,132,734,481.36, withdrawals fiscal year $65,876,395,969.86, total debt (X)$276,744,134,075.45, gold assets $21,795,855,941.91.

Market Advances To New High In Recovery Drive

NEW YORK, June 7 (AP)—A creeping advance took the stock market up another notch today to a new recovery high.

The market reached a low point in a three-week reaction a week ago Monday, and since then it has been going up on relatively light volume.

Motors, steels and oils gave a lift to the early market, but they all were depressed somewhat from their best at the close.

Gains went to around 3 points with the great majority of them in a fractional range. Losses were small.

The Associated Press average of 60 stocks was up $1.30 at $180.00, the best level of the current recovery. The industrial component added $1.60, rails were up $1.40, and utilities gained 30 cents.

There were only 1,115 individual issues traded, second lowest total of the year. Plus signs had a better than two-to-one edge—590 up and 284 down. Seventeen stocks hit new highs for the year and 17 touched new lows.

Houston Oil stamped stock was the day's most active issue unchanged at 43⅜ on 39,800 shares.

General Motors was second up ¾ at 43¼. It was the star of its division. Buying was encouraged by higher sales reports from several of its divisions. Ford, up ⅜ at 53⅜, also noted a sales pickup. Chrysler lost ¼ and Studebaker-Packard was down ⅛.

Southern Production was third most active, up ½ at 42, and Standard Oil (NJ) was fourth unchanged at 57⅛.

Albrecht Bids Low On Two Pumping Units

Will Be Built In Ridgeley, Mill Race

The E. J. Albrecht Company, Chicago, has submitted the low bid for the construction of the Ridgeley and Mill Race pumping stations needed for the $18,000,000 Cumberland-Ridgeley flood protection program.

The company, which is currently working on two major flood control contracts here, submitted a bid of $732,735 for the pumping stations.

The only other bid was by the Hazelwood Construction Company, of Cumberland.

Bids on the contract, one of the last to be awarded, were opened Tuesday by the Washington District, Corps of Engineers.

Two Contracts To Go

Two other contracts are expected to be let to complete the flood protection program. They will include Potomac River Channel Section 2 and the B & O-Western Maryland Railway interchange.

Rex E. Dexter, resident engineer for the Corps of Engineers, said the pumping station contract has not yet been awarded.

The Mill Race pumping station will be located near the old Community Ball Park and the Ridgeley station at the rear of Poling's store.

The third, the Viaduct Pumping Station, is included in the $2,077,869 contract for Sections 2 and 3 of the Wills Creek channel improvement, awarded late last year to the Albrecht firm.

The pumping units will be needed to force water over flood walls and levees during floods, when water in the Potomac River and Wills Creek forces flap gates built into the conduits to close.

Works Begins Today

The Hazelwood Construction Company, which recently was awarded the contract for Wills Creek Channel Section 4, expects to begin active construction on the $2,854,253 contract today.

The firm is setting up field offices in Riverside Park and has placed a field shack for the Corps of Engineers inspectors directly below the watch box at the Western Maryland Railway crossing at Baltimore Street.

The first work on the contract will be to drop the level of the water in the creek at the old Industrial Dam and to start a coffer dam near the intake locks of the old C&O Canal near the mouth of Wills Creek.

During the course of the contract, the firm will not only shape and pave the creek bed but will provide temporary traffic and railroad bridges at Baltimore Street to maintain traffic while it is building permanent new traffic and railroad spans.

Although hampered by bad weather, the Albrecht firm has excavated a great deal of the creek bed covered by Sections 2 and 3—which extend from the completed portion to below the Market Street Bridge, and is now drilling and blasting rock from the bed of the creek behind an earth coffer dam.

Work is being accelerated as the weather improves.

Meanwhile, the Albrecht firm has been pushing work on Potomac River Channel 1, an $817,480 contract awarded in March, 1955.

Still On West Side

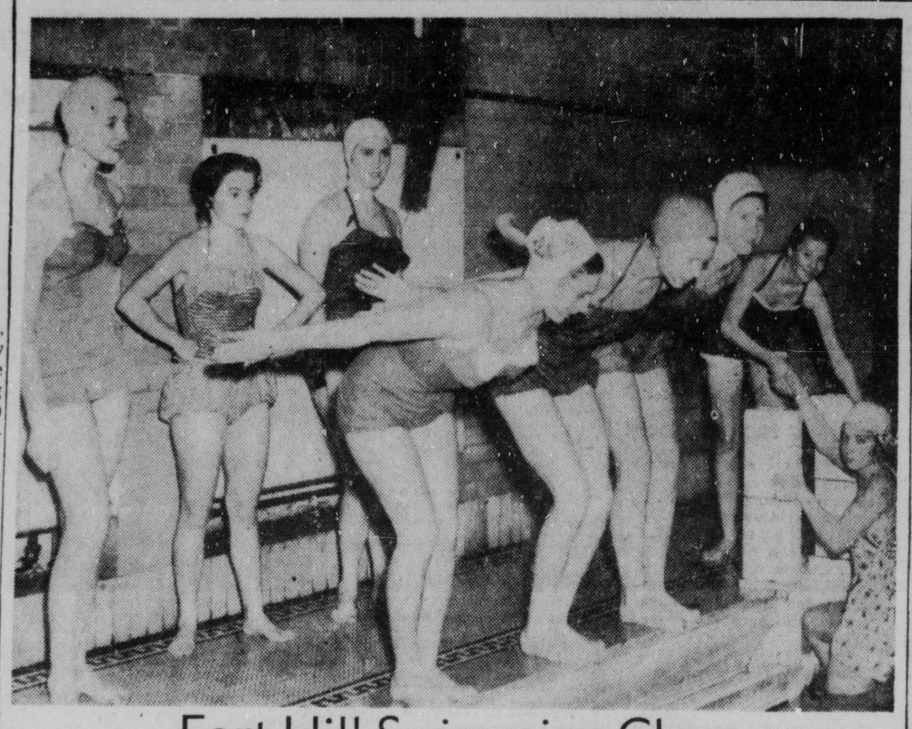
Dexter said flood levees called for in the contract will be completed on both sides of the river in from four to six weeks, except for topsoil and seeding.

City officials said yesterday they have received a number of complaints from West Side citizens on the cessation of flood work in West Cumberland, saying equipment was moved from the West Side to Ridgeley.

The Corps of Engineers recently was asked by the Mayor of Ridgeley to come over to that side of the river, pointing out the contractor had all his equipment on the West Side.

Dexter said the contractor has not left West Cumberland, and that part of the equipment is still on the West Side.

Ridgeley has insisted that work be kept even on both sides of the river so neither side would be penalized more than the other in case of floods.



Fort Hill Swimming Class

These girls are members of one of the Fort Hill High School swimming classes, tried this year as a means of teaching girls to swim, along with the department's health-building program. Seen at Central YMCA pool are, back row, Donna Koontz, Judy Fleischhauer and Janice Lewis; front row, Shirley Auvil, Treva Silber, Emma J. Simpson and Marilyn Zollner. On the steps is Jane Baker. Mrs. Lenore E. Resser is the class instructor.

Swimming, Bowling Made Part Of Physical Ed Plan

Fort Hill High School, during the scholastic year now closing, added two activities to the girls' physical education department, which proved popular and worthwhile, according to Mrs. Lenore E. Resser, girls' physical education instructor.

In addition to the usual gymnastics and indoor and outdoor play periods, designed to promote better health, physical dexterity, clean living and team work, the department sponsored classes in swimming and lifesaving and classes in bowling.

Mrs. Resser said the two programs were made possible through the cooperation of Central YMCA for swimming, and Thomas Lloyd for bowling.

Girls were permitted to enroll for the swim course for eight weeks, with two periods set aside each week for the activity. Bowling was conducted on a six-week schedule, one period each week.

Mrs. Resser said through the cooperation of the school principal, Victor D. Heisey, arrangements first were made to have the students leave their homerooms during their regular homeroom period, plus a gymnasium period and the lunch period. Thus, by careful timing and planning, the idea of leaving the school for these outside activities did not interfere with the regular scholastic programs of the participants. The plan worked out quite well, she commented.

In the swimming course at the YMCA pool, girls were taught self-rescue movements with emphasis on various floats, sculling, treading water etc. Strokes, particularly the crawl were analyzed, with special attention to timing, breathing, shoulder positions, body roll and kicking.

At the end of each course, most of the girls were swimming with a well-coordinated crawl stroke, had improved in form and speed and even those who began as non-swimmers were able to swim at least 40 feet after completing the unit.

In bowling, designed to promote interest in this indoor competitive body-builder, four teams were organized. They were designated as the "Gutter Girls," "Yankees," "Sparkplugs" and "Rootie Tooties."

At the end of the session prizes were awarded by Mrs. Resser with the winning team comprised of Carol Metzger, Donna Koontz, Sandra White, Sandra Twigg and Helen Bowles.

Individual awards went to Carol Metzger for high game, Shirley Auvil for high set and Donna Koontz for high average.

The bowling course started out with preliminary class room work at school, where the girls were taught the fundamentals of the

36 Mt. Royal Pupils Receive Certificates

Thirty-six sixth grade pupils were graduated at ceremonies earlier this week at Mt. Royal School. More than 200 persons attended the graduation exercises which were held in the school auditorium.

Eric Gibbs, employed at Allegany Ballistics Laboratory, Pinto, gave the principal address and the certificates of graduation were presented by Dr. William Fridinger.

Mrs. Margaret Carroll opened the program with the processional, "March of the Priests."

Following the pledge of allegiance to the flag the invocation was given by Dr. Fridinger. The class sang the Crusaders Hymn and Vickie Eacles led the scripture reading.

An instrumental trio, composed of three sixth grade pupils, James Hoelzer, Jeffrey Humbertson and David Twigg, played a selection and Martha Sine, another sixth grader, sang a solo.

The class history was presented by Sandy Abramson and Mary Lou Fridinger and a group of the sixth graders gave views of their expectations when they enter junior high school.

Sandy Abramson then presented a piano solo, "The Mischievous Elf," followed by choral readings by the class. Among the readings were "The Twins" by Henry Leigh; "The Crocodile," by unknown author; "Stars" by Sara Teasdale; "Trees" by Joyce Kilmer; and "Barter" by Sara Teasdale.

After Gibbs' address Vickie Eacles gave a piano solo, "Etude," and cerificates for attendance were awarded by a member of the faculty, Arthur Lloyd.

Dr. Fridinger then presented the certificates of graduation and the class sang its graduation song. The recessional was played by Mrs. Carroll.

Officer In Hospital

City Police Officer Warren G. Brehm, 451 North Waverly Terrace, underwent surgery yesterday in Memorial Hospital where attendants said his condition was "good."

First Baptists Begin Bible School Today

The First Baptist Church will commence its Daily Vacation Bible School with Preparation Day today from 10 a.m. to 12 noon.

The school will be in session June 11 through 22 from 9 a.m. to 12 noon each Monday through Friday. Commencement will be held Sunday, June 24th, at 7:30 p.m. Children aged 3 through 16 are eligible to attend.

The Nursery Department for boys and girls, aged three, will use the textbook "Learning of God's Love and Care," which will be taught by Mrs. Walter Young, Mrs. Gordon Miller, Miss Helen Hixenbaugh, Mrs. S. C. Morris, and Miss Joanne Porter.

The Beginner Department, which is composed of children aged four and five, will be studying, "The Little Children's World" with Mrs. Carl Godwin, Miss Jackie Day, Miss Patricia Lewis and Mrs. Henry Downton as teachers.

The Primaries will study "Learning to Be Like Jesus." Mrs. Harry Lucas, Mrs. Eugene Sewell, Mrs. Herman Leasure, Mrs. Ray Hamner, Mrs. Richard Kirsch and Mrs. Howard Graham will teach.

The Junior Department will use the book "Adventuring with God for Others." The boys will be taught by Bob Hall assisted by Oliver Parry. The nine and 10-year old girls will be taught by Mrs. James Athey, Mrs. Gilbert Markwood and Mrs. Earl Gross. The 11 and 12-year group will be taught by Mrs. John Creegan, Mrs. Elsie Hanekamp and Mrs. Harry Weaver. Mrs. Robert Young will have charge of the girls handwork.

"Into All the World" will be the subject the Intermediates will be studying. Robert Young and Robert Godwin will teach the boys. The girls will be under the direction of Mrs. H. R. Matlick for Bible study, Mrs. William Miller for character stories, and Mrs. Robert Himmler for handwork. Mrs. Eugene Weber will also assist in the department.

Rev. Archie C. Prevatte, pastor of the church, is principal of the school and also will have charge of recreation periods for the various departments. Mrs. Robert Moreland is the pianist with Miss Nancy Long as music director. Mrs. Robert Bobo is chairman of the refreshments committee, and Mrs. Henry Humphreys has charge of publicity. Mrs. Archie C. Prevatte will serve as secretary of the school.

Gas Hearing Is Delayed

CHARLESTON, W. Va., June 7 (AP)—There will be another delay of a month in the protracted hearing on the Cumberland and Allegheny Gas Co.'s request for approval of a $765,000-a-year rate increase in West Virginia.

The Public Service Commission today continued the proceeding until July 10 to give the utility time to prepare rebuttal testimony.

Cross-examination of PSC staff witnesses and witnesses for protestants was completed about noon today. The hearing, in session intermittently since last August, had resumed Monday.

The rate increase, affecting 16,000 customers in nine central and eastern counties, has been in effect since last December, subject to refunds to customers if the PSC finally allows a smaller boost.

DuPont Turns Down Bid To Serve On SRC

Governor Says He Has Someone Else In Mind

ANNAPOLIS, June 7 (AP)—Frank V. DuPont of Cambridge has turned down Gov. McKeldin's request to serve as a member of the State Roads Commission.

The governor learned of this after returning from a two-week trip to Europe today.

He had hoped to complete a drastic shakeup of the State's biggest agency which he started just before he left for overseas.

At that time, McKeldin named Robert O. Bonnell, Baltimore banker, to replace Russell H. McCain as chairman of the commission, and John J. McMullen, Cumberland publisher, to replace Bramwell Kelly on the three-member agency.

He said he hoped to name DuPont to the post now held by Edgar Bennett.

The governor said he is "very disappointed" that DuPont had turned down the appointment, but that he has someone else in mind and probably will announce the appointment within a few days.

But DuPont said in a letter that he still hopes to give Bonnell some assistance in the highway job, although "certain commitments" preclude him from accepting the appointment.

Beth Jacob Will Honor Graduates

The Sunday School graduating class will be honored at services this evening by Beth Jacob Congregation at which time the graduates will be awarded diplomas and a gift.

Participating will be Jeffrey Getz, Frederick Hirsch and James Kauffman who will represent the graduates at the ceremonies which will be officiated by Rabbi Gabriel Maza.

Assisting at the services will be Moe Sacks, cantor, and the choir under the direction of Mrs. Harvey Dezen. Leon Druth, president of the congregation, will present the diplomas to the graduates and Mrs. Dezen, president of the Women's League of the congregation, will give each graduate a gift.

Honors for attendance and excellence in study will be presented at Sunday morning services. This will be the final day of the current religious school season. Children of each class will be given certificates and pins.

Participating in this program will be Mrs. Helen Kauffman and Rabbi Maza. Rabbi Daniel Lowy of B'er Chayim Temple, will be a guest at the service. Mrs. Kauffman is superintendent of the religious school.

Following the exercises the children will be given a luncheon party by the Sunday School mothers and Rabbi Maza.

K Of C To Hold Major Degree

Cumberland Council 586, Knights of Columbus, will hold a major degree on Sunday at 1:30 p. m. at the council home in honor of Raymond J. "Ike" Law, chairman of the council sick committee.

Approximately 70 candidates from councils in Piedmont, Frostburg, Mt. Savage, Oakland, Hagerstown, Martinsburg, and Baltimore will be participating in the third degree work.

The class will honor Law who has been chairman of the sick committee for many years. His weekly visits to the sick members of the council have been highly commended.

"Ike" also visits local hospitals at least once a week in an effort to comfort the patients and spread a word of good cheer. He also visits the county institutions.

He is also faithful in giving his committee report to the membership at each meeting. Following the degree work, a banquet will be held at SS. Peter and Paul Hall at 4:30 p. m. for the candidates and members.

Second degree work will be held this evening at 8:30 p. m. in the local council home.

State AFL Takes Stand For Merger

Opposes Separation Of District Unions

WASHINGTON, June 7 (AP) — A strong stand was taken today by the Maryland-District of Columbia Federation of Labor in favor of having district unions go along with a proposed merger of the federation with the Maryland Industrial Union Council.

Delegates at the final day of the federation's 50th anniversary convention in the Willard Hotel adopted a resolution to this effect with only one dissenting vote. A floor fight on the issue, which had been anticipated, failed to come off.

The Maryland Industrial Union Council favors the separation of the state and district unions into two councils and then would have the two as separate organizations merge with it.

Opposes Separation

The resolution said the federation was "opposed to the separation of the District unions from the proposed merged organization as being a sharp break with 47 years of historic affiliation of district unions with the state federation."

The group also said it would wait for advice of George Meany, president of the AFL-CIO, to whom the merger problem has been submitted.

A slowdown resolution on the merger, proposed by delegates from the Baltimore Building and Construction Trades Council, was not acted upon but was referred to the incoming executive board.

In action or other resolutions, the delegates:

1. Went on record as "condemning" two new sections of the postal manual as "an effort on the part of the present administration of the Post Office Department to destroy the employe unions in the postal service" and instructed the officers to seek support of Maryland legislators to have the sections repealed.

Ask Single System

The federation contends the two sections would prohibit employes from taking their story to the public and would permit the union from organizing on government time.

2. Went on record as supporting recognition by the government of the federal employe unions as members of the AFL-CIO.

3 Called for a single federal employment security system.

Raymond C. Fogarty was re-elected organizer for the state federation yesterday. Fogarty, of Baltimore, is a member of Fire Fighters Union 734.

High Court Says SRC Lacks Right To Use Of Land

ANNAPOLIS, June 7 (AP) — The Court of Appeals ruled today that a strip of land along some property at Deep Creek Lake was not dedicated to public use and that the State Roads Commission has no right to it.

The decision upheld a Garrett County Circuit Court decision which granted the owners of the lots in the Lake View area an injunction to keep the State Roads Commission from using the land to widen Route 219.

Originally the SRC had instituted proceedings to acquire the 20-foot-wide strip, but later reached the conclusion that it had been dedicated to public use when the lots were first laid out.

In holding that the land was not dedicated to public use, the high court said it was not deciding any questions of title, which might have to be answered later.

RETURNS—Suzanne Oglesby, one of the stars of the 1955 season of the Garrett County Playhouse, returns to Western Maryland this year for the eight-week season which opens at the Arden Boat Club at Deep Creek Lake on July 3. Dark haired Suzanne hails from Tulsa, Okla., and is a student at the University of New Mexico.

Park Roads Are Being Surfaced

Street Commissioner William H. Buchholtz announced yesterday that the Cumberland Contracting Company has begun the rehabilitation of roadways in Constitution Park.

Completed yesterday was Parkview Avenue, at the entrance of the 62-acre park.

The contract, he said, called for the permanent improvement of about a mile of roads within the park.

The paving specifications called for the installation of a leveling course, which will fill holes and serve as a foundation, and a final wearing course of blacktop.

Buchholtz said the paving work will cost about $11,000 and will serve the city and its citizens for many years to come.

He said city officials hope citizens will make good use of the park's facilities, which are being put in top shape for the summer season.

Some of the maintenance work, he said, is about three weeks late, due to the weather, but is being pushed as fast as possible.

Picnic sites, he added, are already in use.

S. A. Citadel Plans Vacation Bible School

The Salvation Army Citadel will hold its annual Daily Vacation Bible School June 11 through 22, according to Capt. and Mrs. Daniel Biggs, commanders.

Classes will be held in five divisions and attendance is expected to average over 75 students daily.

The schedule calls for opening exercises from 9 to 9:20 a. m., followed by Bible study until 10:25 and handwork classes until 11:30 a. m., followed by a 10-minute closing exercises by the entire school.

The Nursery Department will meet on the second floor of the Citadel in charge of Mrs. Hutzell.

Primary Department classes will be taught by Mrs. George Prico and Jackie Langley, and the Junior Department by Capt. Biggs and Mrs. Winona Stimler.

Mrs. Biggs and Shirley Stimler will be instructors for the Intermediate Department and Shirley Capel will be record sergeant.

Del. Driscoll Will Attend Conference

Del. Fred B. Driscoll has been notified that the committee named by the Legislative Council to review and revise Maryland's motor vehicle laws will meet next week.

Del. Edgar P. Silver, Baltimore City, chairman, informed Del. Driscoll the committee will meet June 13 at 2:30 p. m. in the City Hall at Baltimore.

He pointed out it is urgent that all members attend, since the group has been handed a number of pieces of proposed legislation.

Area Firemen Elect Comp New President

Grantsville To Get Next Convention

George Comp of Deer Park was elected new president of the Allegany-Garrett Counties Volunteer Firemen's Association at the group's 44th annual conventon at the Potomac Club in Westernport yesterday afternoon.

Other officers named yesterday John Eichhorn of Lonaconing, vice president; Cromwell Zembower of LaVale, re-elected secretary; Alvin Rankin of Frostburg, re-elected treasurer, and Felix Foote of Lonaconing, chaplain.

They were installed by Nelson W Russler of this city, a past president. Russler also presented a past president's pin to Delberg Valentine of North Branch, who is ending his year as president.

24 Represented

Firemen from 24 of the 31 companies in the association were represented at the annual convention at which Grantsville was awarded the 1957 session. Representatives of LaVale said they would like the 1958 convention because that year will mark that company's 25th anniversary. Barton representatives expressed a desire for the 1959 conventon, which will mark the 40th anniversary of that company.

Mayor Okey Michael of Westernport welcomed the delegates to the convention. Others who had remarks at the convention included Paul Davis of Westernport, general chairman of the Potomac Fire Company No. 2 committee handling arrangements; Comp, present vce-president; Zembower, Rankin and David E. Kirk, past president and member of the executive committee. Rev. Willard Wilson Jr., rector of St. James Episcopal Church, Westernport, gave the invocation.

Endorses Wilson

The association again endorsed William A. Wilson of Midland for a new term as treasurer of the State Firemen's Association. A resolution proposing a $5 increase of dues for each member company to finance a scholarship fund at the University of Maryland was rejected by the association.

A letter from Governor Theodore R. McKeldin pledging his efforts at continued state operation of Miners Hospital in Frostburg was read at the convention. Also read was a letter from Congressman DeWitt S. Hyde pledging his support of a bill to enable volunteer fire companies to get surplus government fire fighting equipment at reasonable prices.

A memorial service for members who have died in the past year was conducted after the convention at St. James Episcopal Church. Rev. G. Stanley Schwind, rector of St. George's Episcopal Church, Mt. Savage, conducted the service and Rev. Wilson played several selections on the organ.

$270 Given As Prizes In Parade

Some $270 in prize money was awarded to outstanding participants in last night's parade in Westernport which climaxed the 44th annual convention of the Allegany-Garrett Counties Volunteer Firemen's Association.

Good Will Fire Company of Lonaconing won a $20 prize for the best drilled fire company in the association. Another $20 went to the Tri-Towns Fire Company No. 1 of Piedmont for the best appearing fire company.

Shaft Volunteer Fire Company was presented a $25 prize as the company with the largest precentage of its members in the line of march. Frostburg Fire Company won a $25 prize as the largest company with band in the parade.

Largest of the non-association prizes was $50 which went to the Frostburg Arion Band as the best band. Bruce High School's band got a $25 second prize. The $40 prize for the best drum and bugle corps was received by Kelly-Mansfield Post No. 52, American Legion, of Piedmont. Farrady Post No. 24, Frostburg, got a $25 second prize. Victory Post No. 155, Westernport, was not eligible for a prize.

The Tri-Towns Fire Company No. 1 Auxiliary received a $20 prize as the best auxiliary in the line of march. Vigilant Hose Company of Keyser received a $20 award as the best drilled fire company outside the association. Judges were James E. Kenny, Mayor Okey Michael of Westernport, Mayor Rodney Baker of Piedmont, James E. Bissett and A. F. Hokamp.

Deaths

Adams, Mrs. Levina, 74, Piedmont.

Bennett, Elwood H., 80, Flintstone.

Fire Association Officers

These officers of the Allegany-Garrett Counties Volunteer Firemen's Association were elected at the group's 44th annual convention yesterday in Westernport. Left to right are Felix Foote, Lonaconing, chaplain; Cromwell C. Zembower, LaVale, secretary; George F. Comp Jr., Deer Park, president; John A. Eichhorn, Lonaconing, vice-president; Alvin H. Rankin, Frostburg, treasurer, and Delbert Valentine, North Branch, immediate past president. The group will convene in Grantsville next year.

Albrecht Bids Low On Two Pumping Units

Will Be Built In Ridgeley, Mill Race

The E. J. Albrecht Company, Chicago, has submitted the low bid for the construction of the Ridgeley and Mill Race pumping stations needed for the $18,000,000 Cumberland-Ridgeley flood protection program.

The company, which is currently working on two major flood control contracts here, submitted a bid of $732,735 for the pumping stations.

The only other bid was by the Hazelwood Construction Company, of Cumberland.

Bids on the contract, one of the last to be awarded, were opened Tuesday by the Washington District, Corps of Engineers.

Two Contracts To Go

Two other contracts are expected to be let to complete the flood protection program. They will include Potomac River Channel Section 2 and the B & O-Western Maryland Railway interchange.

Rex E. Dexter, resident engineer for the Corps of Engineers, said the pumping station contract has not yet been awarded.

The Mill Race pumping station will be located near the old Community Ball Park and the Ridgeley station at the rear of Poling's store.

The third, the Viaduct Pumping Station, is included in the $2,077,869 contract for Sections 2 and 3 of the Wills Creek channel improvement, awarded late last year to the Albrecht firm.

The pumping units will be needed to force water over flood walls and levees during floods, when water in the Potomac River and Wills Creek forces flap gates built into the conduits to close.

Works Begins Today

The Hazelwood Construction Company, which recently was awarded the contract for Wills Creek Channel Section 4, expects to begin active construction on the $2,854,253 contract today.

The firm is setting up field offices in Riverside Park and has placed a field shack for the Corps of Engineers inspectors directly below the watch box at the Western Maryland Railway crossing at Baltimore Street.

The first work on the contract will be to drop the level of the water in the creek at the old Industrial Dam and to start a coffer dam near the intake locks of the old C&O Canal near the mouth of Wills Creek.

During the course of the contract, the firm will not only shape and pave the creek bed but will provide temporary traffic and railroad bridges at Baltimore Street to maintain traffic while it is building permanent new traffic and railroad spans.

Although hampered by bad weather, the Albrecht firm has excavated a great deal of the creek bed covered by Sections 2 and 3—which extend from the completed portion to below the Market Street Bridge, and is now drilling and blasting rock from the bed of the creek behind an earth coffer dam.

Work is being accelerated as the weather improves.

Meanwhile, the Albrecht firm has been pushing work on Potomac River Channel 1, an $817,480 contract awarded in March, 1955.

Still On West Side

Dexter said flood levees called for in the contract will be completed on both sides of the river in from four to six weeks, except for topsoil and seeding.

City officials said yesterday they have received a number of complaints from West Side citizens on the cessation of flood work in West Cumberland, saying equipment was moved from the West Side to Ridgeley.

The Corps of Engineers recently was asked by the Mayor of Ridgeley to come over to that side of the river, pointing out the contractor had all his equipment on the West Side.

Dexter said the contractor has not left West Cumberland, and that part of the equipment is still on the West Side.

Ridgeley has insisted that work be kept even on both sides of the river so neither side would be penalized more than the other in case of floods.

Gas Hearing Is Delayed

CHARLESTON, W. Va., June 7 (AP)—There will be another delay of a month in the protracted hearing on the Cumberland and Allegheny Gas Co.'s request for approval of a $765,000-a-year rate increase in West Virginia.

The Public Service Commission today continued the proceeding until July 10 to give the utility time to prepare rebuttal testimony.

Cross-examination of PSC staff witnesses and witnesses for protestants was completed about noon today. The hearing, in session intermittently since last August, had resumed Monday.

The rate increase, affecting 16,000 customers in nine central and eastern counties, has been in effect since last December, subject to refunds to customers if the PSC finally allows a smaller boost.

Frostburg Man Held

James Smith, 21, Frostburg, is being held on a charge of carrying a concealed weapon. Trial Magistrate J. Milton Dick withheld sentence today pending a mental examination. Smith is being held at Sylvan Retreat.

Fort Hill Swimming Class

These girls are members of one of the Fort Hill High School swimming classes, tried this year as a means of teaching girls to swim, along with the department's health-building program. Seen at Central YMCA pool are, back row, Donna Koontz, Judy Fleischhauer and Janice Lewis; front row, Shirley Auvil, Treva Silber, Emma J. Simpson and Marilyn Zollner. On the steps is Jane Baker. Mrs. Lenore E. Resser is the class instructor.

Swimming, Bowling Made Part Of Physical Ed Plan

Fort Hill High School, during the scholastic year now closing, added two activities to the girls' physical education department, which proved popular and worthwhile, according to Mrs. Lenore E. Resser, girls' physical education instructor.

In addition to the usual gymnastics and indoor and outdoor play periods, designed to promote better health, physical dexterity, clean living and team work, the department sponsored classes in swimming and lifesaving and classes in bowling.

Mrs. Resser said the two programs were made possible through the cooperation of Central YMCA for swimming, and Thomas Lloyd for bowling.

Girls were permitted to enroll for the swim course for eight weeks, with two periods set aside each week for the activity. Bowling was conducted on a six-week schedule, one period each week.

Mrs. Resser said through the cooperation of the school principal, Victor D. Heisey, arrangements first were made to have the students leave their homerooms during their regular homeroom period, plus a gymnasium period and the lunch period. Thus, by careful timing and planning, the idea of leaving the school for these outside activities did not interfere with the regular scholastic programs of the participants. The plan worked out quite well, she commented.

In the swimming course at the YMCA pool, girls were taught self-rescue movements with emphasis on various floats, sculling, treading water etc. Strokes, particularly the crawl were analyzed, with special attention to timing, breathing, shoulder positions, body roll and kicking.

At the end of each course, most of the girls were swimming with a well-coordinated crawl stroke, had improved in form and speed and even those who began as non-swimmers were able to swim at least 40 feet after completing the unit.

In bowling, designed to promote interest in this indoor competitive body-builder, four teams were organized. They were designated as the "Gutter Girls," "Yankees," "Sparkplugs" and "Rootie Tooties."

At the end of the session prizes were awarded by Mrs. Resser with the winning team comprised of Carol Metzger, Donna Koontz, Sandra White, Sandra Twigg and Helen Bowles.

Individual awards went to Carol Metzger for high game, Shirley Auvil for high set and Donna Koontz for high average.

The bowling course started out with preliminary class room work at school, where the girls were taught the fundamentals of the

36 Mt. Royal Pupils Receive Certificates

Thirty-six sixth grade pupils were graduated at ceremonies earlier this week at Mt. Royal School. More than 200 persons attended the graduation exercises which were held in the school auditorium.

Eric Gibbs, employed at Allegany Ballistics Laboratory, Pinto, gave the principal address and the certificates of graduation were presented by Dr. William Fridinger.

Mrs. Margaret Carroll opened the program with the processional, "March of the Priests."

Following the pledge of allegiance to the flag the invocation was given by Dr. Fridinger. The class sang the Crusaders Hymn and Vickie Eacles led the scripture reading.

An instrumental trio, composed of three sixth grade pupils, James Hoelzer, Jeffrey Humbertson and David Twigg, played a selection and Martha Sine, another sixth grader, sang a solo.

The class history was presented by Sandy Abramson and Mary Lou Fridinger and a group of the sixth graders gave views of their expectations when they enter junior high school.

Sandy Abramson then presented a piano solo, "The Mischievous Elf," followed by choral readings by the class. Among the readings were "The Twins" by Henry Leigh; "The Crocodile," by unknown author; "Stars" by Sara Teasdale; "Trees" by Joyce Kilmer; and "Barter" by Sara Teasdale.

After Gibbs' address Vickie Eacles gave a piano solo, "Etude," and cerificates for attendance were awarded by a member of the faculty, Arthur Lloyd.

Dr. Fridinger then presented the certificates of graduation and the class sang its graduation song. The recessional was played by Mrs. Carroll.

Participating in this program will be Mrs. Helen Kauffman and Rabbi Maza. Rabbi Daniel Lowy of B'er Chayim Temple, will be a guest at the service. Mrs. Kauffman is superintendent of the religious school.

Following the exercises the children will be given a luncheon party by the Sunday School mothers and Rabbi Maza.

K Of C To Hold Major Degree

Cumberland Council 586, Knights of Columbus, will hold a major degree on Sunday at 1:30 p. m. at the council home in honor of Raymond J. "Ike" Law, chairman of the council sick committee.

Approximately 70 candidates from councils in Piedmont, Frostburg, Mt. Savage, Oakland, Hagerstown, Martinsburg, and Baltimore will be participating in the third degree work.

The class will honor Law who has been chairman of the sick committee for many years. His weekly visits to the sick members of the council have been highly commended.

"Ike" also visits local hospitals at least once a week in an effort to comfort the patients and spread a word of good cheer. He also visits the county institutions.

He is also faithful in giving his committee report to the membership at each meeting. Following the degree work, a banquet will be held at SS. Peter and Paul Hall at 4:30 p. m. for the candidates and members.

Second degree work will be held this evening at 8:30 p. m. in the local council home.

State AFL Takes Stand For Merger

Opposes Separation Of District Unions

WASHINGTON, June 7 (AP) — A strong stand was taken today by the Maryland-District of Columbia Federation of Labor in favor of having district unions go along with a proposed merger of the federation with the Maryland Industrial Union Council.

Delegates at the final day of the federation's 50th anniversary convention in the Willard Hotel adopted a resolution to this effect with only one dissenting vote. A floor fight on the issue, which had been anticipated, failed to come off.

The Maryland Industrial Union Council favors the separation of the state and district unions into two councils and then would have the two as separate organizations merge with it.

Opposes Separation

The resolution said the federation was "opposed to the separation of the District unions from the proposed merged organization as being a sharp break with 47 years of historic affiliation of district unions with the state federation."

The group also said it would wait for advice of George Meany, president of the AFL-CIO, to whom the merger problem has been submitted.

A slowdown resolution on the merger, proposed by delegates from the Baltimore Building and Construction Trades Council, was not acted upon but was referred to the incoming executive board.

In action or other resolutions, the delegates:

1. Went on record as "condemning" two new sections of the postal manual as "an effort on the part of the present administration of the Post Office Department to destroy the employe unions in the postal service" and instructed the officers to seek support of Maryland legislators to have the sections repealed.

Ask Single System

The federation contends the two sections would prohibit employes from taking their story to the public and would permit the union from organizing on government time.

2. Went on record as supporting recognition by the government of the federal employe unions as members of the AFL-CIO.

3 Called for a single federal employment security system.

Raymond C. Fogarty was re-elected organizer for the state federation yesterday. Fogarty, of Baltimore, is a member of Fire Fighters Union 734.

High Court Says SRC Lacks Right To Use Of Land

ANNAPOLIS, June 7 (AP) — The Court of Appeals ruled today that a strip of land along some property at Deep Creek Lake was not dedicated to public use and that the State Roads Commission has no right to it.

The decision upheld a Garrett County Circuit Court decision which granted the owners of the lots in the Lake View area an injunction to keep the State Roads Commission from using the land to widen Route 219.

Originally the SRC had instituted proceedings to acquire the 20-foot-wide strip, but later reached the conclusion that it had been dedicated to public use when the lots were first laid out.

In holding that the land was not dedicated to public use, the high court said it was not deciding any questions of title, which might have to be answered later.

Mr. and Mrs. Melvin Uhl, 306 Mt. View Drive, a son yesterday.

Sacred Heart Hospital

Mr. and Mrs. Raymond Willis, RD 3, Keyser, a daughter Wednesday.

RETURNS—Suzanne Oglesby, one of the stars of the 1955 season of the Garrett County Playhouse, returns to Western Maryland this year for the eight-week season which opens at the Arden Boat Club at Deep Creek Lake on July 3. Dark haired Suzanne hails from Tulsa, Okla., and is a student at the University of New Mexico.

Park Roads Are Being Surfaced

Street Commissioner William H. Buchholtz announced yesterday that the Cumberland Contracting Company has begun the rehabilitation of roadways in Constitution Park.

Completed yesterday was Parkview Avenue, at the entrance of the 62-acre park.

The contract, he said, called for the permanent improvement of about a mile of roads within the park.

The paving specifications called for the installation of a leveling course, which will fill holes and serve as a foundation, and a final wearing course of blacktop.

Buchholtz said the paving work will cost about $11,000 and will serve the city and its citizens for many years to come.

He said city officials hope citizens will make good use of the park's facilities, which are being put in top shape for the summer season.

Some of the maintenance work, he said, is about three weeks late, due to the weather, but is being pushed as fast as possible.

Picnic sites, he added, are already in use.

S. A. Citadel Plans Vacation Bible School

The Salvation Army Citadel will hold its annual Daily Vacation Bible School June 11 through 22, according to Capt. and Mrs. Daniel Biggs, commanders.

Classes will be held in five divisions and attendance is expected to average over 75 students daily.

The schedule calls for opening exercises from 9 to 9:20 a. m., followed by Bible study until 10:25 and handwork classes until 11:30 a. m., followed by a 10-minute closing exercises by the entire school.

The Nursery Department will meet on the second floor of the Citadel in charge of Mrs. Hutzell.

Primary Department classes will be taught by Mrs. George Prico and Jackie Langley, and the Junior Department by Capt. Biggs and Mrs. Winona Stimler.

Mrs. Biggs and Shirley Stimler will be instructors for the Intermediate Department and Shirley Capel will be record sergeant.

Del. Driscoll Will Attend Conference

Del. Fred B. Driscoll has been notified that the committee named by the Legislative Council to review and revise Maryland's motor vehicle laws will meet next week.

Del. Edgar P. Silver, Baltimore City, chairman, informed Del. Driscoll the committee will meet June 13 at 2:30 p. m. in the City Hall at Baltimore.

He pointed out it is urgent that all members attend, since the group has been handed a number of pieces of proposed legislation.

Area Firemen Elect Comp New President

Grantsville To Get Next Convention

George Comp of Deer Park was elected new president of the Allegany-Garrett Counties Volunteer Firemen's Association at the group's 44th annual conventon at the Potomac Club in Westernport yesterday afternoon.

Other officers named yesterday John Eichhorn of Lonaconing, vice-president; Cromwell Zembower of LaVale, re-elected secretary; Alvin Rankin of Frostburg, re-elected treasurer, and Felix Foote of Lonaconing, chaplain.

They were installed by Nelson W Russler of this city, a past president. Russler also presented a past president's pin to Delberg Valentine of North Branch, who is ending his year as president.

24 Represented

Firemen from 24 of the 31 companies in the association were represented at the annual convention at which Grantsville was awarded the 1957 session. Representatives of LaVale said they would like the 1958 convention because that year will mark that company's 25th anniversary. Barton representatives expressed a desire for the 1959 conventon, which will mark the 40th anniversary of that company.

Mayor Okey Michael of Westernport welcomed the delegates to the convention. Others who had remarks at the convention included Paul Davis of Westernport, general chairman of the Potomac Fire Company No. 2 committee handling arrangements; Comp, present vce-president; Zembower, Rankin and David E. Kirk, past president and member of the executive committee, Rev. Willard Wilson Jr., rector of St. James Episcopal Church, Westernport, gave the invocation.

Endorses Wilson

The association again endorsed William A. Wilson of Midland for a new term as treasurer of the State Firemen's Association. A resolution proposing a $5 increase of dues for each member company to finance a scholarship fund at the University of Maryland was rejected by the association.

A letter from Governor Theodore R. McKeldin pledging his efforts at continued state operation of Miners Hospital in Frostburg was read at the convention. Also read was a letter from Congressman DeWitt S. Hyde pledging his support of a bill to enable volunteer fire companies to get surplus government fire fighting equipment at reasonable prices.

A memorial service for members who have died in the past year was conducted after the convention at St. James Episcopal Church. Rev. G. Stanley Schwind, rector of St. George's Episcopal Church, Mt. Savage, conducted the service and Rev. Wilson played several selections on the organ.

$270 Given As Prizes In Parade

Some $270 in prize money was awarded to outstanding participants in last night's parade in Westernport which climaxed the 44th annual convention of the Allegany-Garrett Counties Volunteer Firemen's Association.

Good Will Fire Company of Lonaconing won a $20 prize for the best drilled fire company in the association. Another $20 went to the Tri-Towns Fire Company No. 1 of Piedmont for the best appearing fire company.

Shaft Volunteer Fire Company was presented a $25 prize as the company with the largest precentage of its members in the line of march. Frostburg Fire Company won a $25 prize as the largest company with band in the parade.

Largest of the non-association prizes was $50 which went to the Frostburg Arion Band as the best band. Bruce High School's band got a $25 second prize. The $40 prize for the best drum and bugle corps was received by Kelly-Mansfield Post No. 52, American Legion, of Piedmont. Farrady Post No. 24, Frostburg, got a $25 second prize. Victory Post No. 155, Westernport, was not eligible for a prize.

The Tri-Towns Fire Company No. 1 Auxiliary received a $20 prize as the best auxiliary in the line of march. Vigilant Hose Company of Keyser received a $20 award as the best drilled fire company outside the association. Judges were James E. Kenny, Mayor Okey Michael of Westernport, Mayor Rodney Baker of Piedmont, James E. Bissett and A. F. Hokamp.
